total would be enormous. "Hot weather was a great revenue maker for the government before the little oiled books came in; but many persons lose their books, and the average is about the same. Some persons actually come back to the stamp window and ask if lost stamp books can be traced, like bank books. Another way in which Uncle Sam gains is through tradesmen sending out letters inclosing stamped addressed envelopes for replies, which in the majority of cases are never used.

"Some business houses collect such envelopes and redeem them, but few take the trouble to do this. Think of the thousands of return postal cards, too, that are never used. Lots of persons are careless of putting stamps on letters or papers, and they fall off. Then the matter is held up for double

postage on the other end of the line. "A great many persons put on too much postage. They slap two two-cent stamps on a letter that would have gone for 2 cents. It is amazing how little information usually well informed persons have about different classes of mail matter. The pay for ft, too, and pay well. The beauty of our postal system is that the government gets the benefit of all mistakes." -New York Press.

The inventor was struck on one arm by the ball, now nearly spent, and knocked senseless, while friends feared to go near, supposing that the other barrel might take a notion to discharge. It was some time before the discharged ball lay motionless near the upturned cannon. The inventor's arm was shattered, making

amputation necessary. This was the first and last trial of the cannon which was to mow down the Yankees. Mr. Gilleland lost hope and interest with his arm, and the cannon was permitted to remain on the hill for many months, but was finally carted into the city, where for years it did most effective duty in celebrating elections and Christmas day. By and by the old death dealer was missed from its place near the old city hall, and no one seemed to know what had become of it. Finally, after diligent search, it was found in a junk shop. From this place It was resurrected, and the city council made an appropriation sufficient to have it mounted and placed near the Confederate monument, immediately opposite the government building.
