REPUBLICANS ORGANIZE ROOSEVELT LEAGUE.

Hood River republicans organized a Roosevelt league last Saturday, the second of its kind in the state. The stormy weather and matters of business kept many from the meeting in the open house, but it was an enthusiastic gathering of the stalwarts, and over 40 voters signed the membership roll.

John Leland Henderson, who had issued the call for the meeting, was made temporary chairman, with Hon. J. W. Morton, secretary. Mr. Henderson read the constitution of the state league. On motion, the local league was named the Hood River Roosevelt league. When it came to the election of officers, Mr. Henderson was forced to accept the presidency at the unanimous request of the members.

Following is the constitution adopted and the officers elected:

- ARTICLE I.**
The name of this organization shall be the Hood River Roosevelt League.
- ARTICLE II.**
The object of this organization shall be to do effective work looking to the nomination and re-election to the pres-

idency of the United States of our present well-beloved president, Theodore Roosevelt.

The honesty, patriotism and fearlessness of our president has engendered the enemy of some of the most important aggregations of capital of modern times, known as trusts, where they have become what he has denominated "oppressive combinations of capital." His independence, so far as the professional politician is concerned, has created a strong undercurrent of opposition against him ready to break forth should opportunity offer. He is a popular favorite with the people, who see in him a powerful advocate of their rights, and in the present instance, the people have no intention of permitting their choice to be disregarded. In order to be in a position to insist upon their choice, the people in every quarter of the country should unite in an independent movement, demanding that President Roosevelt shall be renominated and re-elected for the term of the presidency next to occur. In order to carry out this idea in Oregon, the Roosevelt League of Oregon has been organized. It is neither partisan nor factional, nor does it seek to take the place of any other organization favorable to the sole object of this organization as herein stated.

- ARTICLE III.**
This league is organized for affiliation as a portion of the Roosevelt League of Oregon, to which, upon the approval of its constitution and application for such affiliation, and the issue of a charter from such state league to this local league, it acknowledges as its superior body and to which it owes and

promises allegiance, and of which state only the members of this local league become, upon the issue of its charter by the state league, regular and full members, as provided in the constitution of the state league.

ARTICLE IV.
The officers of this league shall be chosen as soon as twenty members shall be enrolled hereunder. Such officers shall hold office until the second Tuesday after the first Monday in November next, and thereafter annually as long as this league shall be in existence. In case of failure to hold an annual election in any year, the officers then in office shall hold over until such election. The officers shall be chosen by a majority vote of all the members present, upon notice being sent to each member of the league at least five days before the date of any annual meeting, either by the secretary or ten per cent of the members of the league.

ARTICLE V.
The officers shall consist of a president, ten vice presidents, a secretary, a treasurer and an executive committee of five. The duties of the officers of the local league shall be along similar lines to those of the officers of the state league, but pertain to local matters only.

ARTICLE VI.
There shall be no dues, but the executive committee is authorized to solicit contributions from patriotic citizens to

defray the necessary expenses for postage, stationery, room rent and other necessary incidentals of the work of the local league or in carrying out the work of the state body.

ARTICLE VII.
These articles are subject to amendment at any annual meeting of the local league, subject to the approval of the state league.

Secretary—J. W. Morton.
Treasurer—F. B. Barnes.
Executive Committee—C. E. Markham, A. S. Blowers, William F. Gregory, G. E. Williams and Roswell Shelley.

JOHN LEELAND HENDERSON, President Hood River Roosevelt League.

ROLL OF MEMBERSHIP.
We, the undersigned, being earnestly in favor of the renomination of Theodore Roosevelt and his election to the position of president of the United States at the general election of the year 1904, and being in hearty accord with the objects of the Roosevelt League of the state of Oregon, do hereby subscribe our names as applicants for membership in the local league as herein named.

John L. Henderson, John W. Hinrichs, Geo I. Sleeman, J. C. Beggs, Geo P. Crowell, A. J. Graham, H. H. Sprout, R. E. Harrison, H. Lage, C. Wells, C. A. Gilmore, E. L. Smith, Roswell Shelley, Henry T. Glacier Clubbing Rates.
When renewing your subscription to the Glacier it might be well to remember that we give clubbing rates to some excellent Eastern papers. The Inter Ocean, that sterling republican paper and all-round newspaper, can be secured for 40 cents through clubbing with the Glacier. The Inter Ocean has a page of up-to-date farm and horticultural news. The Twice-a-Week Republic, a democratic paper, can be had for 50 cents added to the price of the Glacier. The Republic is a great newspaper, and like the Inter Ocean, its news columns are reliable and impartial without regard to politics. One issue of the week of the Republic gives a supplement devoted to farm and horticultural news that is well worth the price of the paper.

The Toledo Blade, a thoroughly republican paper, but a weekly made up for the family more than for the politician, can be had through the Glacier for 70 cents a year.
But for a home agricultural journal—a journal made up expressly for the farmer and fruit grower of Oregon and Washington—the Rural Northwest stands at the head and should have the largest circulation of any farm paper on the Pacific coast. H. M. Williamson, the editor and proprietor, is a conscientious student of the work of the farm and orchard. He has made it a life study, and no more reliable farm journal than the Rural Northwest is published anywhere. The paper is published twice a month, and clubbing rates can be furnished by the Glacier at 25 cents a year.

Rector of St. Luke's.
Ashburnham, Ont., April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a sample bottle of your cough remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold disappeared and I was able to preach three times on Easter day. I know that this rapid and effective cure was due to your cough remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. Respectfully yours, E. A. Lang.

Ten-Mill School Tax.
A 10 mill tax for school purposes in the Hood River district was voted at the special meeting Saturday afternoon. The usual lack of interest in public school matters was manifested by the small number of voters that turned out for the meeting. Those present were W. J. Baker, chairman of the board, Directors Dumble and Blowers, Clerk Barnes, Mayor Coon, City Recorder Nickelsen and the Glacier reporter.

The published hour of meeting was 1:30 o'clock, but it was 2 o'clock before Chairman Baker rapped for order. Clerk Barnes explained the financial needs of the district. A motion by Captain Blowers for a 10-mill tax was seconded by Mayor Coon and carried without a dissenting vote. Seven mills are for teachers' salaries and other expenses, and 3 mills to pay interest on bonds and other indebtedness.

The following statement of the school district's finances was furnished the Glacier by Clerk F. B. Barnes:

Water Company at Stevenson.
Stevenson Pioneer.

A meeting of citizens was held Saturday afternoon at Totten's hall, at which the preliminary steps were taken for the organization of the Stevenson Water and Improvement Co. The movement for city water received a great impetus by the arrival of A. H. Sheldon, representing the Puget Sound Pipe company. He gave an estimate of the cost of 4,000 feet of 6-inch and 1,000 feet of 4-inch pipe to be in the neighborhood of \$1,000. Other expenses were estimated to be over \$1,500 more, and so the company was capitalized at \$2,500 in shares of \$10 each. Mr. Sheldon assured us that we were providing for a magnificent service, worthy a town of 2,000 population. The new company has behind it the undivided support of every citizen, and it is thought there will be no trouble in disposing of the stock.

ANCIENT DISEASE.
Smallpox First Described by Arabs In Sixth Century.
The literary as well as the pathologic history of smallpox presents many items of very special interest. All readers of the clouded annals of the "Middle Ages" are acquainted with the fact that Arabian writers were for centuries the recognized apostles of philosophy and physical science—including the sundry departments of medicine and surgery—to the various nations of western Europe. And it is to one of these, Abu Bekker Mohammed ben Zechariah (A. D. 850-932), the earliest and most original of all the great Moslem physicians, that medical science and medical literature are indebted for the first recognition of smallpox as a distinct disease and its first description in written language. This venerable authority is generally known to posterity as Razes, the place of his birth. His original description of this formidable disease has been made familiar to English inquirers through the medium of Dr. Greenhill's translation. In addition to his observations on disease proper the powers of observation of Razes in physiognomy are demonstrated by such

items of information as, "A man with large ears is stupid, but long lived," and in rational therapeutics by his recommendation of the practice of the game of chess as a cure for melancholia. The antiquity of smallpox is, as might well be expected, lost in the mist of ages, but the definite statement has been made by Arab historians that it first appeared in the Abyssinian army of Abrahah at the siege of Mecca in the course of the so-called "Elephant war" of A. D. 599 (or 571). The legend is given as follows by one of their best historians, Tabari: "Thereupon came the birds of the sea in flocks, every one with three stones, in the claws two, and in the beak one; and they threw the stones upon them. Wherever one of these stones struck there arose an evil wound, and pustules all over. At that time the smallpox first appeared and the bitter trees. The stones smitten them wholly. Thereafter God sent a torrent which carried them away and swept them into the sea." Even one of the elephants, having ventured within the sacred inclosures, was struck by a stone and fell a victim to the smallpox. Among the bitter plants which also appeared at that date for the first time, the rue and colchyn are especially mentioned.—American Medicine.

POULTRY POINTERS.
Sulphur for the nests, whitewash for the house and kerosene for the roosts. Common road dust with a little sulphur mixed in it makes a good dust bath.

On the farm a pound of poultry meat can be grown at less cost than a pound of beef.
Pullets hatched in summer will not lay until spring, and it is rarely best to keep them.
An egg from a good layer will be more likely to produce a good layer than an egg from a poor layer.
Sorghum seed makes a good feed for poultry. When the cane is harvested for molasses the seed should all be saved.

The larger and more scarlet in color the comb is the nearer the pullet has approached the period that she is about to lay.
For good winter layers save the pullets that were hatched early, not later than April, and the yearling hens that molt early.
