ARMY-TO PANAMA.

General Staff Gives Orders to Prepare to Go to the Isthmus.

Washington, Dec. 31.—The general staff of the army today ordered troops to prepare for a Panama campaign. Soldiers at Vancouver, Wash., are among those selected, as will be seen by the list, which follows:

First, Fifth and Twenty-fourth batteries of field artillery, Presidio, San Francisco; Eighth battery of field artillery, Vancouver barracks; troops A, B, C and D, Ninth cavalry (colored), Monterey, Cal.; troops I, K, L and M, Ninth cavalry, Presidio; Fifteenth infantry, Monterey; Nineteenth infantry, Vancouver barracks; Tenth infantry, San Francisco; battalions of the Thirtieth infantry at Fort McDowell, Fort Madison and Benicia barracks, Cal.; four companies of Sixteenth infantry of Fort Slocum, N. Y., and eight companies of the same regiment at Fort McPherson, Ga.

Lieutenant Colonel Charles Shaler, who is a member of the general staff of the army, and an expert on fortifications, has been ordered to Panama to inspect the fortifications, and have his report in Washington before General Reyes, of the Colombian army, who is now here, can return.

These orders for preparation were issued today because the general staff has been informed that Colombia can land troops upon the isthmus much more easily than was believed to be the case. General MacArthur will have charge of all matters on the Pacific coast. His return from Hawaii was hurried for this purpose.

ON WAR FOOTING.

Japan is Completing Final Preliminaries—Britain Will Take Loan.

Yokohama, Dec. 31.—The government is completing the final preliminaries for placing the country on a war footing. Imperial ordinances issued authorize the government to make an unlimited issue of treasury bonds to provide war funds, creating a special council of war, and fixing the imperial headquarters.

In the event of war, if a special issue of war bonds is made, it is understood that the bonds can be floated in England, whence it is said assurances have come that the money would be forthcoming.

The ministers and executive chief discussed the situation for three hours yesterday, but nothing regarding their deliberations was made public.

The ordinance passed yesterday by the cabinet council authorizing a guarantee of the principal and interest of an issue of 10,000,000 yen debentures for the purpose of expediting work on the Seoul-Fusan railway, and which provided for all possible military expenses for the protection of the railway and other interests, also authorized the government to utilize 50,000,000 yen, the proceeds of the Chinese war indemnity, which hitherto has been devoted to educational and other purposes, as a war fund. In addition, authorization is given to issue treasury notes, repayable in five years, and to raise loans repayable in two years to an unlimited extent.

ASKS FOR AMERICAN WARSHIP.

Minister Powell Demos the Situation at Santo Domingo Grave.

Washington, Dec. 31.—With three revolutions raging on the island, the forces of Jimenez within four hours of Santo Domingo City, and excitement prevailing, Minister Powell thinks the situation demands the presence of an additional warship, and in a cablegram dated yesterday appeals to the state department for aid. In anticipation of the crisis which appears to have already taken steps to send another warship to Santo Domingo, and at its request Secretary Moody yesterday cabled Rear Admiral Lambertson, commanding the South Atlantic squadron, now at Trinidad, to dispatch one of its vessels to Santo Domingo at full speed to assist the gunboat Newport in protecting Americans and other interests.

Admiral Lambertson late today cabled the navy department from Trinidad that he has sent the Scorpion to reinforce the Newport in Dominican waters.

Soldiers Travel in Boxes.

Victoria, B. C., Dec. 31.—Number 83 company, Royal Garrison artillery, 113 strong, left for Hong Kong on the steamer Empress of India today, being relieved by No. 58 company, which arrived from Halifax tonight. The change is made in the regular schedule of garrison changes and has no bearing on the Far Eastern crisis. The company which came from Halifax came in boxes fitted with hammocks, instructions having been given to test that mode of travel. The men found the arrangements comfortable.

Canal Party Wins Great Victory.

Panama, Dec. 31.—Heavy rains have been falling here for several days, causing severe damage to telegraph lines. No news has been received from Los Santos or Chiriqui provinces. From other provinces confirmation has been received of the overwhelming triumph of the mixed candidates proposed for membership in the constitutional convention by the patriotic committee, which endeavored to choose men favoring the ratification of the canal treaty.

Offers Him Dawson Consults.

Washington, Dec. 31.—Louis A. Dent, register of wills of the District of Columbia, called on President Roosevelt today, and talked over the recent action of the president in displacing him, and naming Corporal Tanner as his successor. The president has tendered to Mr. Dent the position of consul at Dawson City, Yukon.

Japan Trying to Buy Warships.

London, Dec. 30.—Japan is negotiating for the purchase of the Argentine warships Moreno and Rivadavia, now building at Genoa, Italy, but the Japanese legation has not heard of the completion of their purchase.

TO STAY MURDER

Jewish Societies Fear for People in Russia.

THEY WILL APPEAL TO ROOSEVELT

Second Massacre at Kishinev Very Probable—Jan. 7 is the Date Mentioned—Seattle Club to Their Aid.

Washington, Dec. 30.—With the view of enlisting the immediate and active interest of the United States against the reported contemplated massacre of Jews in Russia on January 7, the Russian New Year, Simon Wolf, representing the United Jewish societies, tomorrow will lay before the state department an appeal in behalf of his people representing 30,000 Jews to be threatened.

Following his visit to the state department, Mr. Wolf will be received by President Roosevelt, at which time the whole subject of the status of the Jews in Russia will be discussed.

Seattle Club Makes Appeal.

Seattle, Dec. 30.—The Harmony club of Seattle, composed of 314 of the most prominent Jews in this city, has sent messages of appeal to President Roosevelt, the members of the Washington delegation in congress and William R. Hearst, of New York, asking aid and intervention in behalf of the Jews who are in danger of a massacre in Kishinev, January 7. The text of the telegram to the president which is indorsed by Governor McBride, of Washington, follows:

"The Harmony club, consisting of 314 Jewish citizens of Seattle, appeal to your excellency to intercede in behalf of Jews of Kishinev, threatened with massacre January 7.

"Harmony Club."
"By M. Sumnerfield, chairman."

AGAINST REPEAL OF LAND LAW.

Mondell Argues for Amendment of the Timber and Stone Act.

Washington, Dec. 30.—Representative Mondell, of Wyoming, chairman of the irrigation committee, today appeared before the public lands committee and presented an argument in favor of a modification of the timber and stone act. He stoutly opposed the repeal of this law or its radical modification, for he showed it was the mainstay of the national irrigation act and afforded the great bulk of money that is converted into the reclamation fund. He furthermore asserted there has been no such extensive frauds perpetrated under this law as has been represented by certain department officials and in the newspapers.

Mr. Mondell believes the timber and stone act should be amended so as to permit the government to realize a higher price for its public timber land in Oregon, Washington and California, where this land is worth more than \$2.50 an acre, but he stoutly objects to having the price raised on timber lands in the inter-mountain states.

Chairman Lacey, of the public lands committee, also addressed the commission. He is opposed to the repeal of the timber and stone act but is willing to see the law amended so the government will derive a reasonable price for its timber lands. He thinks a fixed price per acre cannot be agreed upon, owing to the varying value of timber lands in different parts of the West.

TO AID AMERICAN SHIPS.

Strong Effort Will Be Made for Bill Concerning Philippine Trade.

Washington, Dec. 30.—Unless there is some unforeseen opposition, it is believed that the bill for the relief of American ships trading with the Philippines will be passed by the house today. It was introduced by an officer of the Newport News shipbuilding company that Senators Frye, Lodge, Hanna and other powerful leaders intend to push the bill recently introduced by the Maine senator providing for such protection. The bill is radical in its provisions, and inflicts a penalty to forfeiture of any cargo brought to the United States from the archipelago except in American vessels. The bill, if passed, is to go into effect on July 1, 1904.

Gorge in the Alleghany.

Pittsburg, Dec. 30.—The recent cold snap has made dangerous the ice in the Alleghany river. At Rosston the gorge is an immense affair, being packed to the bottom and extending 15 miles up stream. It was formed during a thaw and the ice, breaking into small pieces, has packed all the way to the bottom, offering resistance that can scarcely be overcome. The water is now backing up and spreading over the lowlands, but little ice is floating in either the Alleghany or Monongahela rivers.

Purchase of Tacoma Site Urged.

Washington, Dec. 30.—Representative Cushman today appeared before the general staff of the army and urged a favorable report on the project to purchase the American lake camp site, near Tacoma. He was assured his request would have early consideration. Cushman also urged the interior department to reconsider its ruling that there is no authority of law for erecting new buildings at the Puyallup Indian school. This will be taken under advisement.

Japan Trying to Buy Warships.

London, Dec. 30.—Japan is negotiating for the purchase of the Argentine warships Moreno and Rivadavia, now building at Genoa, Italy, but the Japanese legation has not heard of the completion of their purchase.

LOOT UNDER FIRE.

Daring Robbery of Bank at Kiowa, Indian Territory.

South M'Alister, I. T., Dec. 30.—A gang of five bank robbers looted the bank in Kiowa, a small town 16 miles north of here, at 8 o'clock this morning and escaped after several hundred shots had been exchanged between the robbers and a posse of 50 citizens of Kiowa.

The robbers dynamited the safe and secured \$2,800 in cash, some of which is believed to have been mutilated by the explosion. The bank building was partially wrecked, the damage to the building being about \$1,500.

An entrance to the bank was gained by the use of crowbars through a rear window. While two of the men did the work of blowing up the safe, three stayed outside as guards. The first explosion was a failure, making a loud report but doing little damage. The citizens heard the noise, and arming themselves with revolvers and shotguns, hurried to the bank.

At the command of a leader of the citizens a volley was fired at the robbers, who were visible through the shutters. The fire was returned by the guards secured on the outside.

While the two men on the inside worked, the three men on the outside kept up a steady fire with the posse of citizens. It took three explosions to open the safe. After the last explosion the burglars gathered up their tools and leaving through the front of the bank got away in the dark.

The posse followed the gang for a distance but lost the trail. While some of the citizens believe one robber was injured not one of the citizens was struck. The latter were protected from the fire of the robbers by stock pens in the rear of the bank building.

A posse of United States marshals in pursuit, with little chance of immediate results, as the men had several hours' start.

OUTLOOK OMINOUS.

War Party Gaining Strength in Japan—China Would Be Neutral.

Peking, Dec. 30.—The opinion entertained by the best informed diplomat in Peking, that war between Russia and Japan is probable and almost inevitable, remains unchanged.

Nothing has been received here to corroborate the special dispatches from Tokio which said that the Japanese government was adopting an imperative tone in pressing for speedy reply to this last note. The report is not believed.

Official communications received here from high sources say that the Japanese war party is growing in strength and is bringing all its influence to bear upon the government. The Chinese board of war has ordered the viceroys to furnish full information as to the numbers of foreign trained troops available for active service.

The viceroys of three of the central provinces in response have reported that 90,000 such troops are in readiness. This unquestionably is a remarkable exaggeration, as the great majority of the foreign trained troops exist only on paper.

The dowager empress has issued an edict at the request of Prince Ching, appointing several unknown and probably inexperienced officials as heads of army departments. One such has been appointed director of training, another has been given command of the department of instruction, while a third has been put in charge of the department which has to do with the supply of ammunition.

JAPAN WILL SAFEGUARD CORRA.

Russia Must Modify Her Answer to Once to Avert Such Action.

Tokio, Dec. 30.—An extraordinary meeting of the privy council today approved the issue by the cabinet of an emergency ordinance authorizing the guarantee of the principal and interest of an issue of 10,000,000 yen debentures for the purpose of expediting the work on the Seoul-Fusan railway, which is expected to be finished by the end of the year. The ordinance also provides for all possible military expenses for the protection of the railway and other interests.

Russia Closely Watching China.

New York, Dec. 30.—The Russian government is noting with the closest attention and keenest interest the common energy now being shown by the Chinese in making warlike preparations under the guidance of a large number of Japanese instructors, cables the Herald's St. Petersburg correspondent. This has grown so serious as to come into the first line of Russia's relations, broadening out the situation on new lines. Such a complication would bring into place the Franco-Russian and Anglo-Japanese treaties.
