BUTLLER & CO.,	The senate has passed the offition lend the St. Louis fair \$4,500,000. The house committee promises to be very liberal to the 1905 fair. Senator Hanna is gravely ill. His sickness is pronounced typhoid fever. The Japanese minister at London says his nation wants no help to fight Russia. An issue of 1905 stamps is proposed, similar to those of other national ex- positions. Japanese residents of Vladivsotok are terror stricken and leaving as hastily as possible. The candidacy of Senator Elkins, of West Virginia, for vice president has been announced. The house has passed the agricul- tural appropriation bill, thus insuring free seed distribution. Dominican rebels fired on an Ameri- can launch, killing the engineer and thus insulting the flag. Senator Hanna's condition is prac- tically unchanged. Charles M. Schwab gives in and the ship trust will be reorganized. The house has passed the diplomatic	the morning papers printed early in the forenoon, after the appearance of the Official Messenger, conveyed the intelli- gence to the population of the capital and dispelled any lingering hopes that war could be averted. All are eager to go to the front. Consular Bill of Appropriations. Washington, Feb. 11.—The senate today passed the diplomatic consular appropriation bill without debate. Overman, of North Carolina, made a speech on Panama explaining why he would vote sgainst the ratification of the canal treaty. Carmack followed. Daniel introduced a bill appropriating \$3,000,000 for an exposition to be held at Jamestown, Va., in 1907. In the house Maynard introduced a duplicate of Daniel's senate bill. Gurrency Undamaged. Baltimore, Feb. 11.—The vanits of the Continental trust company building were opened at noon. Thousands of dollars in currency and bonds were found to be undamaged. The bank will do business despite the 10 holi- days. Assistant United States Treas- ner Dryden, after communicating with Secretary Shaw today opened the contensury making \$12,000.000 avail.	ne-ting Japan and Corea. The object of this action is believed to prevent news of the operations of the Japanese reaching the Russians, which was pos- sible, no matter how closely censored the dispatches sent might be. Follow- ing the breaking off of relations between Russia and Japan and the cutting of the cable is regarded here as significant of the purpose of the Japanese to begin hostilities. Japan Landing Men in Corea. London, Feb. 9.—The Chee Fee cor- respondent of the Daily Mail cables that six Japanese transports are land- ing troops at various ports in Corea, from Masampho and Fusan, on the south of Kusan, and Mokpho and Che- mulpo, on the west. Secul is to be covered by torpedo divisions. The main body of the Japanese fleet, the correspondent concludes, will sail in the direction of Port Arthur. Executive Ability Counted. Washington, Feb. 10.—It is said at the war department that Cameron Forbes, of Boston, who has been tend- ered the position of Philippine commis- dent and a Philippine commis- dent of Philippine commis- dent of Philippine commis-	aside of \$2,250,000 of the reclamation fund for the irrigation project on the north side of the Shoshone river, in the Big Horn basin, of Wyoming, pro- vided that satisfactory rights to land and water can be secured. This pro- ject provides for the construction of a dam and storage reservoir in Shoshone river, and a canal heading in the can- yon above Cody. It will provide water for approximately 90,000 acres on the north side of the river. New Castom-House Must Be Rebuilt. Baltimore, Feb. 10.—As a result of an examination of the new custom house building, it is almost certain that the entire structure must be tor down and rebuilt. Nearly \$350,000 worth of work has been done on the building. The vaults have been found in good condition in several banks where examinations were made. This includes the vault of the National Ex- change bank, in which it is understood there is \$800,000 of government funds To Report Naval Appropriation Bill. Washington, Feb. 10.—Mr. Foss chairman of the naval affairs commit tee, will report the naval appropria- tion bill in the house this week, and	from Bohemia for a vacation, heard of a large ledge of some character up Mosby creek, some five miles east of here. Upon investigation they discov- ered a strong and well defined ledge of cinnabar. They began at once to run a surface crosscut and so far found the ledge to be 50 feet in width and from the pannings show a good prospect of quicksilver, and some native quicksil- ver can be seen in the ore. Wood Is No Cheaper. Pendleton — Notwithstanding that there is a good supply of wood on hand, prices remain the same as they were when the cry went up last fall that there would be a scarcity. The best quality of wood is still selling at \$7 per cord, the price which prevailed early in the season. Wood has been at a higher price this season than for a number of years, although more coal has been used this winter than ever be fore. Coming Events.
