## JUDICIAL DECISIONS.

The giving of a note secured by deed of trust to a husband and wife jointly to secure payment of a loan a portion of which was advanced by each, is held in *Johnston v. Johnston* (Mo.), 61 L. R. A. 166, not to create an estate by entirety, where, by statute, a man has no control of his wife's property.

A statute giving mortgages to building and loan associations priority over other liens upon the mortgaged property filed subsequent to the recording of the mortgage is held, *Julien vs. Model building, L. & I. Asso. (Wis.)*, 61 L. R. A. 698, not to be void as depriving any one of the equal protection of the laws.

In California, an order of a referee allowing bankrupt's homestead exemption may not be set aside because the bankrupt shortly before bankruptcy, sold the proceeds of the sale of his business, paid off a mortgage upon the homestead but made no payment to the creditors who sold his goods. In *re-Wilson*, 10 Am. B. R. 522.

If a person makes a contract with another for the benefit of a third person, the latter is held, in *Tweeddale vs. Tweeddale* (Wis.), 61 L. R. A. 509, to be entitled to enforce it at law regardless of his relations with the first person, or whether he had any knowledge of the transaction at the time of its occurrence, and regardless of any formal assent thereto on his part prior to the commencement of the action.

A statute making void all sales of intoxicating liquors, and providing for a return of the price paid, is held, in *Brown vs. Wieland* (Iowa), 61 L. R. A. 417, not to apply to sales consummated in another State, although they were made in response to an order procured by a local agent, and were delivered by the carrier to the purchaser in the State where the statute exists. A note to this case reviews all the authorities on conflict of laws as to sales of intoxicating liquors.

A statute permitting the sale at auction of trespassing animals after the posting for ten days by the proper officer of notice that the animals had been impounded, and are detained for a certain amount of damages and costs, without providing any judicial proceeding to ascertain either the damages to be paid or whether or not the animals were in fact running at large within the meaning of the statute, is held, in *Greer vs. Downey* (Ark.), 61 L. R. A. 408, to be void as depriving the owner of his property without due process of law.

A combination to fix prices in restraint of trade is held, in *State ex rel. Crow vs. Armour Packing Company* (Mo.), 61 L. R. A. 464, to be properly shown by acts on the part of several competing dealers in the same line of trade, such as selling at a fixed price, from which rebates are given in goods or weights, giving notice of coming advances in price, which always follow as announced, securing concessions from competitors of the right to sell shop worn goods, gathering evidence of sales under price, and abandoning such conduct as soon as legal proceedings are instituted to punish them.

### UNIQUE WAR RECORD OF A DOG

Once owned by Botha and Followed the Irish Troops in Boer War.  
Unusual interest centered in a case heard in the Dublin court yesterday, in which the leading figure was a bulldog that formerly belonged to General Philip Botha and went through a good portion of the South African war, Ernest Warrington, captain manager for the contractors, was summoned for cruelty to the animal, which has been stationed for some time past with the Royal Irish Rifles at Richmond Barracks.

The bulldog, which now belongs to Color Sergeant Edwards, Royal Irish Rifles, was accommodated with a seat in the witness box, from which point he seemed to take a laudible interest in the proceedings. He was dressed in a dark coat and cap, and wore a pair of general South African medals with clasps. The animal's record is an eventful one. During the Boer war he was captured by the Second Royal Irish Rifles, mounted infantry, from Commandant Philip Botha's farm in the Doornberg, in September, 1900.

From that time until the end of the war he trekked with the rifles mounted from Griqualand in the west to Basutoland in the east, and he still bears the scar of a wound received in action. Later he was with General French's column in Cape Colony. For his service the bulldog won medals with two clasps. Mr. Drury remarked, when the case was called, that this was the most distinguished dog in the country, as he had medals.—London Telegraph.

**List's Reproof of a Czar.**  
Once so the story goes, Emperor Nicholas of Russia asked List to play in his presence. The musician complied, but during the performance the czar started a conversation with an aide-de-camp. List stopped playing at once. The czar asked what was the matter. "When the emperor speaks," said List, "everyone must be silent." The czar smilingly took the hint, and the playing proceeded.

**Not Good to Eat.**  
"This is a new shaving soap I'm using," said the barber; "how do you like it?"  
"Externally," spluttered the victim, as the brush slipped into his mouth.—Philadelphia Press.

**Out of Danger.**  
Miss Antek—I wonder if there really are microbes in kisses?  
Miss Shrapley—That needn't worry you. You're an "immune"—Philadelphia Ledger.

## LOSS OF NATION

### MARCUS ALONZO HANNA PASSES TO ETERNAL REST.

End Came After Two Months of Illness. Filled With Apparent Recoveries Followed by Relapses—Last Moments Were Without Pain—Was Kept Alive by Powerful Scientific Agencies.

Washington, Feb. 16.—Senator Marcus Alonzo Hanna died at 6:40 o'clock last night at the family apartments in the Arlington hotel, after an illness extending over nearly two months, filled with apparent recoveries followed by relapses, and finally drifting into typhoid fever, which in his weakened condition, he was unable to withstand. When the end came all the members of the Senator's family were in the room except Mrs. Hanna, the Senator's wife, and Mrs. Dan Hanna. Mrs. Hanna had left the room only a few minutes before.

The last sinking spell began at exactly 6:30 o'clock. Doctors Carter and Oiler were then in attendance. They did not consent that life was about to end, and all the members of the family were sent for. Mrs. McCormick, one of the Senator's daughters, and Miss Phelps were present when the end came. Mr. and Mrs. Dan Hanna were first to arrive, and they withdrew immediately to the chamber of the Senator's wife to summon her to the bedside. It was while they were absent that the Senator breathed his last.

There were no distressing incidents attending the last moments. It was a sinking spell, which terminated in 10 minutes. Just after his eyes closed in death Mrs. Hanna was able to come into the room. She bore up well under the ordeal, and tonight she is showing calmness and bravery. The courage displayed by Mrs. Hanna is the subject of the greatest surprise. She was in almost constant attendance on her husband, though realizing fully there was no hope for recovery. Nevertheless, she has been reduced as a result of last Monday night's defeat. The Wenchow's officers say an intermittent firing has gone on from the night of the 11th until last night, when the vessel left Port Arthur. They were told that in Wednesday night's sortie two Japanese torpedo boats were sunk and one captured. During the fight there was a panic among the 400 Jap fugitives on board the Wenchow. Shells fell all around them, and the fugitives became frantic with fear. When the vessel sailed, the Japanese were a supply of rice, but the Russians denied them fresh water.

For the last two days Senator Hanna had not been conscious except at intervals, and then only to obey mechanically some instructions given him by the physicians. Fourteen hours before the end was announced life had practically suspended, the flickering spark being kept aglow by the most powerful scientific agencies.

**UNDER GUARD OF JAPANESE.**  
Russian Consul at Chemulpo, Corea, in Safe Hands—Minister at Seoul to Withdraw.

Seoul, Feb. 17.—The Russian Consul at Chemulpo is under guard by Japanese troops. Today all the other Russians in the city have been ordered into one large house, where they will be detained awaiting action of the authorities in regard to their disposal. The Russian Minister at Seoul has been requested by the Japanese Minister through a neutral legation to withdraw, and he has consented to do so.

There are now on British and French cruisers 214 Russians, of whom two commanders, 14 officers and 21 men are wounded. Six wounded men have already died. It is now known that the Russian cruiser *Variag* lost 40 men and one officer, a Comd, killed during the recent engagement with the Japanese. This officer was a midshipman named Ni-roa. The *Variag* lost 64 men wounded. His wounds are not considered serious. Tred sailors, who were the exception of the young officer, fell on the bridge, were locked up in the cabin when the *Variag* went down. Seoul remains quiet. The Japanese have demanded the use of several government buildings in this city to be used as barracks for the troops. The English and Italian cruisers are a number of Russian refugees, just how many is not known. Only the wounded are on the British vessel.

**ICE BREAKS THROUGH.**  
Russia's Transportation Across Lake Baikal Disrupted.

St. Petersburg, Feb. 17.—According to telegrams from Missoula, one of those dreaded storms that terrorize Lake Baikal has broken out, most unfortunately, just at the moment when the rails were being laid on the ice. A double rupture of the ice has taken place some versts from Tanhoi, on the eastern side, leaving open gaps of several yards, which will have to be filled up with ice blocks. The work has been interrupted some days, while wood sleepers are still lacking. Big stocks at Irkutsk have been employed in consolidating the railway there.

**America Maru Safe.**  
San Francisco, Feb. 17.—The Merchants' Exchange reports the arrival at Yokohama on February 11 of the Japanese liner *America Maru* from this port. The *America Maru* is one of the merchant vessels which have been impressed into the naval service of Japan, and it was feared that she might be intercepted by some Russian warship before reaching her destination.

**Urges Turkey to Declare War.**  
Port Said, Feb. 17.—The native press is jubilant at the Japanese successes and urges Turkey to take advantage of Russia's predicament to declare war on Bulgaria, with the object of administering a lesson to that country and recovering Southern Roumania.

## ELEVEN SHIPS NEED REPAIRS.

Put Out of Commission by the Japanese Shells at Port Arthur.

Chefoo, Feb. 16.—The steamer *Wenchow*, arriving from Port Arthur, reports that 11 Russian ships were struck in Wednesday's engagement. It is stated that the cruiser *Askold*, with a big hole at the waterline has been towed into the inner basin and beached. The battleship *Sevastopol* has a shell hole just above the waterline and is useless in rough weather. The cruiser *Novik* has a hole in her after port side. The battleship *Retvizan* is on the beach and her bottom has fallen out. The cruiser *Pallada* was torpedoed and the engine-room destroyed. The battleship *Czarevitch*, which was also torpedoed, has been docked. The others were chiefly damaged in their upper works.

The shells of the fleet has been taken into the inner harbor, and Port Arthur is depending for protection on her forts, which have been reinforced. There is frequent firing which is presumably drawn by Japanese torpedo-boats. Firing was heard at midnight February 11, at intervals, also on the nights of February 12 and 13. On February 14 the firing continued until 5 o'clock in the afternoon. An eye-witness claims to have seen 18 dead landed from the Russian ships Wednesday. It is understood that Admiral Stark has been reduced for his failure to repulse the Japanese attack. The cruiser *Novik* was the only vessel to do effective work. She gave chase to the Japanese torpedo-boats, and, according to the Russian account, sank two and captured one.

### RUSSIANS LIE CLOSE.

Withdraw into Inner Harbor at Port Arthur and Prepare for Jap Attack.

Chefoo, Feb. 17.—Nothing has been heard here of the Russian *Vladivostok* fleet since Saturday, when it was seen cruising off the sea of Japan. The Russian fleet has withdrawn from the roads off Port Arthur and are now well within the inner harbor, protected by the forts. Great activity is being displayed in the fortifications. Works are being strengthened and more guns are being placed in position. The Russian fleet is said to have been reduced as a result of last Monday night's defeat. The Wenchow's officers say an intermittent firing has gone on from the night of the 11th until last night, when the vessel left Port Arthur. They were told that in Wednesday night's sortie two Japanese torpedo boats were sunk and one captured. During the fight there was a panic among the 400 Jap fugitives on board the *Wenchow*. Shells fell all around them, and the fugitives became frantic with fear. When the vessel sailed, the Japanese were a supply of rice, but the Russians denied them fresh water.

### USED BRITISH PORT.

Japs Occupied by Russia of Making Headquarters at Wei Hai Wei.

New York, Feb. 17.—In spite of the denials here, it is said by reliable sources here that the Japanese fleet had its headquarters at Wei Hai Wei, says a Herald dispatch from St. Petersburg. A note has reached the British Ambassador here, asking him if the Japanese were in the city of Wei Hai Wei. If so, England is requested to occupy the place, otherwise his failure to do so will be regarded as a hostile action by the imperial government. Further, the British Ambassador has received a note containing the formal protests of Russia against a British expedition to Pekin.

Much attention is given here to the Danish action calling upon 15,000 men and naval reserves to man sea fortresses. This is supposed to be the first move toward closing the sound.

### REVOLUTIONISTS CAPTURE CITY.

Army of 450 in Control of Navarrette, Santo Domingo.

New York, Feb. 17.—General Jimenez' forces, numbering 450 men, with one cannon, have been at Navarrette four days, cables the Puerto Plata, Santo Domingo, correspondent of the Herald. They have cut the railroad and telephone wires, and are in complete control of the city.

Traffic between here and Santiago de Loscaballeros has been paralyzed for nine days past. The revolutionary forces have advanced to Laguna, where a battle took place with the government troops under command of Colonel Camacho. The conflict raged for several hours, but there were heavy losses on both sides, but the rebels won, and forced Colonel Camacho to retire to Arroyo de Las Piedras.

Business is at a standstill, and crops are ruined on account of nearly every man being compelled to fight.

**Red Cross Women at Work.**  
St. Petersburg, Feb. 16.—American and English women here have started on the preparation of materials for the Red Cross Society with just as great heartiness as the Russian women engaged in the same work. Carious committees and sewing circles that had been already organized effected a general organization today at a meeting held in the Anglo-American church.

These women realize that both armies engaged in the conflict will make large demands on humanitarianism, irrespective of race and they have naturally decided to assist the sufferers they can most easily reach, namely, the Russian wounded.

### Japanese Wounded at Chemulpo.

Nagasaki, Feb. 16.—The Japanese steamer *Genkai Maru* has arrived at Sancho with seven officers and 25 men who were wounded in the engagement at Chemulpo.

## APPEAL OF JAPAN

UNITED STATES ASKED TO APPLY TO RUSSIA.

Japanese Held Captive—Russia's Answer to Secretary Hay's Note Will Be Satisfactory—Assurances Are Received From Paris and London—Chinese Neutrality Secure.

New York, Feb. 16.—A special cable to the Herald says: According to a telegram from Missoin, one of the so-dreaded storms that terrorize Lake Baikal has broken out, and most unfortunately, just at the moment when the rails for the railroad are being laid over the ice. A double rupture of the ice has taken place some versts from Tanhoi, on the eastern side, leaving open gaps of several yards, which will have to be filled up with ice blocks. The work has been interrupted some days, while wood sleepers are still lacking, big stocks at Irkutsk having been employed in consolidating the railway there. Thus the anticipated road across the lake will not be completed tomorrow, as was completely hoped.

Washington, Feb. 16.—Japan will appeal to the United States to prevail on the Russian Government to release the 100 Japanese subjects reported detained at Port Arthur. Mr. Takahira, the Japanese Minister, will, it is expected, present the appeal to Secretary Hay tomorrow.

London, Feb. 16.—According to reports here, the Balkan echoes of the Far Eastern disturbance are growing louder and more numerous, the latest being to the effect that England has threatened to occupy Lemnos Tenedos and other islands in the Aegean Sea at the outlet of the Hellespont in order to preserve the neutrality of the Dardanelles.

This would indicate that Great Britain expects Russia to ignore the treaty of Berlin and send her Black Sea fleet through the Dardanelles on the way to the Far East, without Great Britain's permission. Thus in case of a conflict of arms, Great Britain would be in the attitude of helping Japan to fight her battles for Manchurian supremacy.

Besides this formidable opposition, Russia seems to be threatened secretly with the aid of Germany.

### JAPANESE LOSE AT PIGEON BAY.

Land Troops West of Port Arthur and Are Driven Off.

London, Feb. 16.—The Daily Mail's New Chunging correspondent, under date of February 14, cables: According to official Port Arthur telegrams the Japanese landed a force yesterday at Pigeon Bay, west of Port Arthur. They were then attacked by troops and by the land batteries and were defeated with heavy losses.

### MARINES IN RUSH.

Board Prairie With Their Entire Equipment—Under Sealed Orders.

Colon, Feb. 16.—Hurried orders from Washington were received to embark a battalion of marines on the *Prairie*. A special train left Colon this morning and returned at noon with the 450 marines, who were camped at Bas Obispo station on the Panama Railway. The *Prairie* boats were kept busy all day embarking the camp fittings, baggage, stores, etc., and this task is not yet finished. Major Lucas will command the battalion, and the *Prairie* will sail tomorrow under sealed orders. It has leaked out here that the marines are destined for Santo Domingo. Only about 100 marines now remain at Bas Obispo.

**Deny Going to Santo Domingo.**  
Washington, Feb. 16.—Naval officials say that while the *Prairie* with the 450 marines from Colon aboard will touch at Santo Domingo, the real destination of the vessel is the naval station at Guantanamo. The purpose of taking the men there, they say, is to give them a change of climate and surroundings.

After they have been at Guantanamo for awhile, probably they will be sent back to the Isthmus, if the United States continues to keep up its present marine force in Santo Domingo.

Officials say it is not the intention of the United States to increase its marine landing force in Santo Domingo waters, that there is already an adequate number of men on board the ships now in those waters if any are needed for landing purposes.

### Fear Seizure of Steamer Corea.

Washington, Feb. 17.—There is great interest in the probable course of Japan toward the steamer *Corea*, which is bound via Nagasaki for Vladivostok, with a cargo of beef for the Russian garrison. Beef is contraband of war, and it is not thought that the Japanese will permit it to reach that port. The American interests involved will doubtless object vigorously if the cargo is detained.

"Let Japan purchase the beef herself, then there will be no trouble," said a Government official today, when asked his view as to probable complications on this point.

### Panama's Constitution.

Panama, Feb. 17.—The draft of the constitution of the Republic of Panama has been approved by the constitutional convention and it was delivered today to the provisional junta for ratification. It will probably be ratified on Monday.

Dr. Amador, who will be elected President of the Republic on Monday, will assume the office on Wednesday.

**Robbing the Tourists.**  
New York, Feb. 17.—Robberies of wealthy visitors to the Riviera are rife, and apparently are the work of a daring band of well-organized thieves, says a dispatch to the American from Mentone, France. A wealthy American widow reports having been robbed at her hotel of jewels valued at \$20,000. An English woman on her way back from Monte Carlo lost \$2,000, which she had won from the bank.

### Cruiser Askold Sinks at Port Arthur.

Chefoo, Feb. 16.—Passengers who have arrived from Port Arthur say the Russian cruiser *Askold* was damaged in Tuesday's battle in the roads outside of Port Arthur, but was kept afloat all day Saturday, when it sank in 30 fathoms.

## AMERICANS IN JAPANESE FLEET.

Consternation Among Russians—Czar Prohibits Unfriendly Articles.

New York, Feb. 16.—International matters are assuming a very serious aspect, according to a Herald dispatch from St. Petersburg. One of the most serious bits of news at this moment is the alleged confirmation of the statement that aboard the Japanese vessels of war attacking Port Arthur was a number of American naval officers.

This report has caused something akin to a feeling of consternation among the Russian officers. The Emperor has issued the strongest orders, continues the dispatch, that no news whatsoever be communicated through the headquarters staff. Further, he is deeply annoyed that the attitude recently adopted by the Russian press of writing upon the political situation in a way calculated to create enmity between Russia and England, and also, very especially, America. For instance, the *St. Petersburg Gazette* has been prohibited, not as is generally supposed for publishing false news about the war, but because of an accompanying article declared to have been highly insulting to England.

The Emperor is said to have decided that no details of news are to be given out except upon matters of major importance—that is to say, of big engagements. He does not wish that all kinds of small affairs shall be given undue importance.

### ENGLAND MAY SEIZE TENEDOS.

Would Block Outlet for Russian Black Sea Fleet.

Constantinople, Feb. 16.—According to reports here, the Balkan echoes of the Far Eastern disturbance are growing louder and more numerous, the latest being to the effect that England has threatened to occupy Lemnos Tenedos and other islands in the Aegean Sea at the outlet of the Hellespont in order to preserve the neutrality of the Dardanelles.

This would indicate that Great Britain expects Russia to ignore the treaty of Berlin and send her Black Sea fleet through the Dardanelles on the way to the Far East, without Great Britain's permission. ## THE TRAP IS CLOSED

THE RUSSIANS ARE SHUT UP IN PORT ARTHUR.

Question of Time When Besieged Force Will Have to Surrender to the Active Enemy Without the Necessity of an Assault.

Chefoo, Feb. 16.—A reliable authority says that three Russian torpedo-boats have been sunk by guns from the forts. They were mistaken for Japanese vessels.

Tokio, Feb. 16.—There is considerable ground for believing that the report of three Russian cruisers having been sunk in the straits of Tsugaro is at least true in part. There is no confirmation of the report, but it is believed that one or more Russian warships were destroyed by the mines at the entrance to the straits.

London, Feb. 16.—The correspondent of the Daily Express at Peking, in a cablegram dated February 12, reports that Viceroy Alexieff is practically isolated, direct communication being suspended. He adds that the railroad behind Port Arthur has been blown up and that 6000 Japanese troops have landed near Dalny.

The Daily Mail's Tokio correspondent, under date of February 12, says that the Japanese warship *Amaki* has captured the German steamer *Yokohama*, which had a cargo, including dynamite, for Port Arthur.

The Nagasaki correspondent of the Daily Telegraph expresses the conviction that Russia is quite unable to hold the Liao-Tung Peninsula and that Port Arthur is bound to fall by the exhaustion of time, even without an assault.

### WINS ANOTHER TRIUMPH.

Russia and Japan to Accede to Terms of His Note.

Washington, Feb. 17.—Secretary Hay has added another to his long list of diplomatic triumphs, and the United States is more enabled by his diplomacy to head the nations in a concurrent effort to preserve the integrity of China.

Mr. Hay's note of February 10 to Russia and Japan, urging them to come behind the scenes as small an area as possible and to respect the neutrality and administrative entity of China, will be accepted by Russia, as well as by Japan, and all the nations will join the Washington government in urging the combatants to agree to the proposition.

France Accepts.  
Washington, Feb. 17.—M. Jusserand, the French Ambassador, called upon Secretary Hay today at his residence to inform him officially of France's acceptance, and informally it is known that Russia's acquiescence will be communicated very soon. At the Russian Embassy tonight no intimation had been received of the government's probable answer to Secretary Hay's note, but Count Cassini, the Russian Ambassador, will inform Secretary Hay as soon as St. Petersburg advises him.

Acceptance by the powers of the Washington government's suggestion will be followed by a further exchange of views as to the practicability of the suggestion, to the principle of which all have given their adherence. As the note is of the most general character, it will be necessary to discuss at some length the possibilities it contains.

It is generally understood that hostilities will be confined so far as China is concerned, to Manchuria, Shanhaiwan probably marking the western boundary of the theater of action.

### SHOW GOOD SPIRIT.

Baltimore Merchants Find Locations and Begin Business.

Baltimore, Feb. 15.—Just one week ago yesterday the great fire broke out and seven days thereafter it may be truthfully said that the city has shown a recuperative power that must be accounted extraordinary.

The energy exhibited by Mayor McLaughlin and the whole city government in bringing order out of chaos, and the spirit of resolution shown by the merchants whose stores are now shapeless piles of debris has justly excited admiration on all sides. The great majority of merchants who were sources have found locations and resumed business, every bank is doing business and the current of trade and financial transactions has begun to flow on as before.

The restoration of almost the whole of the city's street car line service is one of the agreeable surprises of the week. Several hundred persons came here today from Philadelphia, Washington and other near-by points to view the ruins, though the prohibition against excursion trains and the severity of the weather apparently had the effect of keeping away thousands of others.

### Cossacks Slaughter Japanese Troops.

London, Feb. 16.—The Daily Mail's Port Arthur correspondent, under date of February 15, says: "Official advices state that the Japanese landed 600 soldiers near Tullen Wan with disastrous results, 410 being slain by Cossacks. The remainder escaped to their ships."

"It is further stated that the Japanese landed at Dove Bay, where 30 of them were killed and the remainder retreated."

### Fleet Goes to Culebra.

Washington, Feb. 16.—Word reached the Navy Department today that the battleship squadron of the North Atlantic fleet, including the *Kearsarge*, the *Alabama*, the *Illinois* and the *Massachusetts*, had sailed from Culebra for the naval station at Guantanamo. This is part of the regular programme of the movements of the squadron.
