Got Two Years.

THE DALLES, Oregon, March 1, 1904.

MR. FRANK A. CRAM,

Hood River, Ore.

Dear Sir:

On my return from Hood River after investigating the case against Al Foote and Fred White for larceny in your store, I confronted them with the evidence I had found while down there. They at first strenuously denied the whole affair and said there must be some mistake about it. However, I filed an information, and after thinking the matter over until this morning, they seem to have concluded we had the right ones and entered a plea of guilty before Judge Bradshaw and were sentenced to two years in the penitentiary.

Will you kindly advise Mr. Olinger, as he was making some further inquiries which will not now be necessary. You might also, as a matter of news, if you desire, tell the Glacier people about it. This will save the county considerable expense, and we will not have to annoy any of you about appearing as witnesses.

Yours very truly.
