

## More than 31,750 Prescriptions

Have been filled in our Laboratory. The reason for this large prescription business is found in the service we give. The best materials obtainable and moderate charges are the things that have brought us the patronage of the public and the confidence of the physicians.

Let us Fill Your Prescriptions.

## WILLIAMS' PHARMACY DAVIDSON FRUIT CO

The irrigation question is now settled and we must get back to our business. The settlement of the ditch question means that crops in the ground will have water, and that many new fields will be planted, so we are providing ourselves with some seasonable goods. We have

### UTAH LAND PLASTER,

New car Just in this Week.

\$14 per ton; \$7.25 a half ton; 75c per 100 pounds.

Regular price—\$14.50 a ton; 75c per 100 pounds.

### IRON AGE GARDEN

Tools are ahead. High wheel and first class at the right prices. We have the exclusive agency. Come see them.

### NO. 4 FERTILIZER

If your strawberries are not in first-class condition get some of the No. 4 fertilizer and strengthen them up. This fertilizer helps the culls grow into good berries. Now is the time to apply it.

### FOR PLOWS AND CULTIVATORS

we are stocked with what you need. Get the old tools out and either get new parts where needed, or new tools. Time is too valuable to spend trying to make an old worn out tool do your work when the season is short.

### STUDEBAKER WAGONS

A car of Studebaker wagons now due contains some special fruit growers' wagons with large size boxes, strong neat and durable, at the same prices that have been asked for less desirable styles. Don't fail to call and examine them when they come in.

### OUR BOX FACTORY

has started up, and we want your orders for berry crates and fruit boxes.

## THE DAVIDSON FRUIT CO

In Defense of S. W. Condon.

White Salmon, Wash., March 2, 1903.  
Editor Glacier: I want to ask your indulgence and the use of your valuable paper in behalf of my neighbor, Mr. Condon, as a citizen of White Salmon and one of its well-wishers, and with malice toward none. I cannot but feel that the article in our last week's local paper needs some reply, and as Mr. Condon informs me that he will ignore it, will you be generous enough to allow me to take up one feature of it in which we are all interested. The point is this: Did the school board waste the money of the taxpayers in advertising for bids for our school bonds? Yes or no. If yes, then the board (Mr. Condon, Mr. Zeigler and Mr. Adams) have not been faithful to the interests of the district. If no, then they have been grossly slandered while doing their full duty under the laws. This local paper of recent date contained the following: "The White Salmon school board deserves great credit for the able manner in which they have handled the school house matters. We cannot too heartily congratulate the school board upon their efficient management."

It appears now that the editor has discovered the board did not waste money by advertising for bond buyers in the White Salmon paper, and straightway comes the eruption, an eruption from what was commonly looked upon as an extinct crater. The state school laws read as follows: "Sec. 119. When authorized and empowered to issue bonds as provided in sections 117 and 118 of this act, the board of directors shall, within thirty days after the date of the election, certify the result to the county treasurer, who shall immediately publish notice of the sale of such bonds in at least one weekly newspaper published at the county seat, if there be one, for four consecutive issues, and publish such other notices as the board of directors may require."

The proceedings of the board had been completed and certified up as required by the law in section 119, then the duties of the county treasurer commenced. The county treasurer used his judgment, and being required by section 119 to advertise in "a paper published at the county seat," did so, having the right to advertise in another paper under the same provision in section 119, he advertised also in the Bickleton News, which I am informed is the official paper of the county; but even if it was not, he had the right to use his own judgment. Now, the amount paid by our school board was \$5 for each notice, which seems to be very reasonable and far below legal

and customary rates. These generous rates were in response to letters from Mr. Condon asking for lowest possible rates. Any citizen in a public position is answerable to just criticism, but in this case the facts not only show that the board have been careful and conscientious but have done an awful lot of hard, thankless work without compensation and received many hard kicks. They deserve the helping hand of all of us in these vexatious school matters. The remainder of the silly article is unworthy of comment and deserves the same silence that the recent article when we were shown up in comparison to Stevenson. Mr. Condon has ever shown a willingness and desire to further do all he could for the community's good, without any compensation except the strong desire born in him the building up of our school, where his children and ours must depend for a common school education. Mr. Condon informs me that he is not asking any favors political or otherwise. Had he sought such favors he would certainly have remained where he was, well up the ladder, when his falling health brought him among us.

C. F. WALDO.  
[The Glacier felt called upon to say something last week in refutation of the charges made against Mr. Condon in the article mentioned above, but after second thought, concluded, with Mr. Condon, that the source from which they sprang was not worth answering. We can say the Glacier lost its most valued correspondent when Mr. Condon was employed by the Oregonian to write exclusively for its columns, and that during the time he was our White Salmon correspondent, the subscription list of the Glacier was more than doubled. We lost one subscriber, but his loss was made up by a member of his family subscribing for the Glacier.—Ed.]

Best Remedy for Constipation.  
"The finest remedy for constipation I ever used is Chamberlain's Stomach and Liver Tablets," says Ed Butler of Frankville, N. Y. "They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition." Sold by all druggists.

Bone & McDonald will deliver powder on Saturday of each week. Place your order with them.  
Those elegant lots in Coe's addition are going fast. Prices on all lots in this addition will be advanced \$50 March 1.

Correspondence solicited.

## DITCH DIRECTORS CHOSEN.

The stockholders meeting of the Farmers' Irrigating Co., Friday, filled the large hall in K. of P. building. E. N. Benson, chairman of the committee in charge of the work of organizing the company, called the meeting to order and was made chairman of the meeting. A. C. Staten, secretary of the committee, was made permanent secretary. Later, H. F. Davidson was appointed assistant secretary. A roll-call showed that 1,190 shares out of a total of 1,372 were represented at the meeting. After the reading of the articles of incorporation, the bylaws provided by the committee were taken up and adopted seriatim with but slight changes.

When the chairman announced nominations for the board of directors in order, W. H. Peugh moved that four tellers be appointed by the chair, and that the number of shares represented by the voters be written on the back of his ballot where it could be seen by the teller, and when his name was called, rise and the teller would receive the ballot. The motion was adopted. The tellers appointed were D. N. Byerlee, M. H. Nickelson, E. H. Sheppard and M. P. Isenberg.

The following names were placed in nomination for directors: H. F. Davidson, E. N. Benson, B. R. Tucker, N. C. Evans, C. L. Morse, A. E. Lake, A. C. Staten, H. W. Chapman, E. A. Franz, O. L. Stranahan, G. D. Woodworth, E. Bailey, A. N. Rahm, Charles Reed, P. D. Hinrichs, W. H. Peugh, Morse, Hinrichs and Rahm declined.

The roll was called by H. F. Davidson and the voting proceeded smoothly, and was soon finished, but the counting of the ballots and naming up of the vote consumed about two hours, when the following named candidates were found to be successful and will constitute the board of directors for the ensuing year: H. F. Davidson, E. N. Benson, N. C. Evans, A. E. Lake, A. C. Staten, W. H. Peugh, G. D. Woodworth.

MEETING OF DIRECTORS.

The newly-elected board qualified Saturday morning and organized with E. N. Benson, president and general manager; A. C. Staten, vice president; N. C. Evans, secretary; E. A. Franz, treasurer.

The directors remained in session until late at night. One of the first transactions was the levying of a \$30 assessment, payable at once. The office of N. C. Evans was selected as a regular place of business. The president and secretary were authorized to buy for \$46,000 the property of the Valley Improvement Co. The bank of Butler & Co. was selected as a depository for funds.

Later in the day, all but two of the board of directors of the Valley Im-

provement Co. resigned, and their places were filled by the following stockholders in the Farmers' Irrigating Co.: N. C. Evans, John Leland Henderson, A. C. Staten, W. H. Peugh, E. N. Benson, W. J. Baker and M. H. Nickelson remained on the board, making a total of seven directors. N. C. Evans was made president and John Leland Henderson secretary.

The following resolution was then passed:

Resolved, That the Farmers' Irrigating Co. provide for redeeming all outstanding stock of the Valley Improvement Co. not belonging to said Farmers' Irrigating Co., and pay for the same out of funds hereinafter to be set apart for that purpose, on such terms and for such price per share as to this board may seem just and equitable.

Returning to the session of the Farmers' Irrigating Co., the president and secretary reported having bought all of the property, both real and personal, of the Valley Improvement Co. by giving a note due in four months to F. L. Chambers for \$23,207; and to Butler & Co., one note due in 30 days for \$10,000, and one due in 60 days for \$5,000; and note to B. F. Laughlin, due in 60 days, for \$6,700—total, \$44,907. All above notes are dated March 5, and to draw interest at 10 percent from March 1, which were applied on debt of the Valley Improvement Co., they taking a bond for \$10,000, executed by Frank Davenport, R. F. Laughlin and A. M. Kelsey, to indemnify the Farmers' Irrigating Co. for any other debts of the Valley Improvement Co. This action was approved by the directors.

MAKE INSPECTION OF DITCH.

Tuesday morning the directors went to the head-gate of the big ditch and made an inspection of all repair work needed on flume and canal. The members all agreed the ditch is in much better condition than has been the general supposition, and it is thought that with an expenditure of not over \$3,000, the canal can be repaired to carry all the water needed this summer. The men were all elated over the very bright prospects before them for a

successful year with the new irrigating company.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for any one to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy as a prescriptive in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.
