## Reasons why

Nearly everybody uses Strawberry Crates made at the Hood River Box Factory

They are better suited for shipping, being made of Larch and White Fir, which do not mould as quickly as other woods.

They are made the right size to fit the hallocks. The top tier of hallocks does not need repacking in order to have the crate properly filled, which saves labor and berries, making these crates the cheapest to use.

The crates are made with a view to giving the fruit the best possible appearance when delivered in the markets, and the price is reasonable.

They are made by Hood River people, and the money paid for material and labor is spent in Hood River, which helps to build up the community.

The crates suit the shippers and the buyers, and help to sell the berries at good prices.

Investigate these points before you haul your crates, and don't make a mistake.

## UTAH LAND PLASTER,

We are closing it out at \$13 per ton, or 70c a sack.

## IRON AGE GARDEN

Tools are ahead. High wheel and first class at the right prices. We have the exclusive agency. Come see them.

## NO. 4 FERTILIZER

If your strawberries are not in first-class condition get some of the No. 4 fertilizer and strengthen them up. This fertilizer helps the culls grow into good berries. Now is the time to apply it.

**FOR PLOWS AND CULTIVATORS** we are stocked with what you need. Get the old tools out and either get new parts where needed, or new tools. Time is too valuable to spend trying to make an old worn out tool do your work when the season is short.

## STUDEBAKER WAGONS

A car of Studebaker wagons now in contains some special fruit growers' wagons with large size boxes, strong neat and durable, at the same prices that have been asked for less desirable styles. Don't fail to call and examine them when they come in.

## DAVIDSON FRUIT CO

# ELLIS

Standard breed and registration applied for.  
**Seal Brown, 15 1-4 Hands High, Weight 1160 Pounds.**

By Altago 9320, son of Altamont, 3600. First dam, Sadie B, 2:28 1/2, by Rockwood 1467.

Third dam, Nellie, by Black Stranger.

ELLIS will make the season as follows: Mondays, Tuesdays and Wednesdays at Ward & Robertson's barn, The Dalles, Oregon; Thursdays, Fridays and Saturdays at Frank Button's place, Hood River, Oregon.

TERMS: \$15, with return privileges, payable at end of season; to insure, \$30, payable when mare is known to be with foal.

T. J. SEUFERT, 215 West Third St., The Dalles.

### In the Odell District.

Easter Sunday is nearly here and still it snows. His, he must take the bitter with the sweet and not complain, for Hood River's winter has been delightful compared with the winter in other states.

Miss Sadie Young is still quite sick. Mr. Poole of The Dalles visited here last week.

E. T. Folts is in Sherman county on business this week.

P. T. Shelley is home from Portland. E. Hendershot moved back to Willow Flat, Monday.

The Davenport mill company here moved part of its machinery to another place.

Mrs. John Kroeger, who has been very ill, is improving under the care of a trained nurse.

R. Robertson arrived here, Thursday night, with a band of horses that have been wintered in Sherman county.

Otis Cushman commenced work, Monday, for Mr. Davidson in Willow Flat. Mr. Davidson has quite a force of men at work clearing land, which will be put into fruit as soon as the ground can be prepared.

### Frankton News Notes.

By the School Children.

Mrs. E. L. Eddy of Colorado Springs, who has been visiting at Robert Kaud's, bought 10 acres from Frank Caddy at Frankton, last week, the consideration being \$1,000.

Edward Byerick returned from O. A. C. at Corvallis, last Saturday, to help his father on the ranch.

Harrison Hangle came to school Monday to take the examinations.

The Misses Ruth Rigby and Eva Belien visited Frankton school Tuesday.

Miss Lizzie Eby quit school, last Tuesday, after the examinations.

Vacation will begin next Friday. The school has been taking examinations during the latter part of last week and the first part of this. The pupils show a good degree of progress, and for the short school year, we think it the most successful one that Frankton has had for several years. Good teachers, a good house and equipment and studios, energetic pupils will make a good record any where, and we believe the schools in the Frankton district have entered upon a long term of years of educational progress. It is up to the patrons of these schools to see that they take the front rank among the schools of the state. The pupils have the natural talent and they should have proper facilities and able instructors, backed by the interest and sympathy of the parents. Having these, the pupils of the Frankton and Columbia schools will rise to the highest degree of attainment, while on the other hand if these requisites are withheld, Frankton district will have to content itself with a low position in the estimation of the cultured portion of the community, and the patrons of the schools will be obliged to endure the disgrace of seeing pupils of surrounding schools, with no greater natural ability, pass on up to fill the higher positions in life. Let us every one do our best.

Professor Cromwell visited his home on the Washington side, Saturday and Sunday, and when he came down to the river Sunday evening to cross to this side, some one had taken Mr. Deboe's

boat, and not being an expert swimmer he was obliged to stay on the Washington side all night.

Miss Lena Isenberg, who has been sick with the smallpox, started to school again last Monday.

Miss Pearl Eby came home from Trout Lake, last Monday, where she has been teaching school all winter.

Rupert Moon of Eugene, who has been visiting Scott Boorman and family, went home Wednesday of last week.

G. B. Tompkins and his son Ward go to Glenwood, Wash., this week, when they will prepare homes for their families to live in while they work in their saw mill.

proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease or any one to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him, and a terrible cough set in besides. Doctors treated him, but he grew worse every day.

See them. Wear them.

Repeated assurances of the fact induces us to publish an invitation to inspect our stock NOW. Prices are strictly in line with department store sales day figures. The goods can't be bought for less.

## STEWART, the Home Furnisher.

Our lines in Building material, Hardware, Fencing, Netting are now arriving, and pricing is far below any figure of past two years.

Stoves, Ranges Furniture, Paints, Oils, Glass  
Everything for Building and Furnishing the Home

At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well. Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by Chas. N. Clarke, druggist. Price 50c and \$1. Trial bottles free.

Pianos and Organs.

If you are thinking of buying, you can save your fare to Portland by calling on Stuart's confectionery and oyster parlors. They sell for that well and favorably known firm, Allen & Gilbert, successors to Willey B. Allen Co.

Letter from Judge Henry.

Long Beach, Cal., March 25, 1894.—Editor Glacier: We have had a fine winter and all kept well except that we had a touch of the grip for about ten days; but as the weather was fine we were out of doors every day. Since I wrote you before we have made a trip to Orange county and had a pleasant visit with some old Nebraska friends. While there we visited the city of Santa Ana, the county seat of Orange county, and the town of Orange, which has about 1,500 population. Orange county is the home of the English walnut, but oranges and lemons are also grown extensively. When we were here I asked the price of oranges by the box. They said they were worth \$1 a box in the East and it cost \$1.40 a box to get them here. But it was expected they would bring a better price in the East when the weather gets warmer. Several large vineyards are located in the county and two wineries, where they use up most of the grapes in making wine. Good port is worth 50 cents a gallon at the wineries.

We have just had the heaviest rain of the season. It rained about 2 1/2 inches, and altogether there has been 6 inches of rainfall this winter since we came here. And now it is thought they can raise a crop.

We got back last night from a little trip of four days we took to Los Angeles, Hollywood, Sawtelle, Santa Monica, Ocean Park, Mal del Rey and Redondo. They are all nice towns, but I

like Long Beach better than any of them.

The department encampment of California and Nevada, G. A. R., meets at Los Angeles April 5-8, and we will try and attend it before coming home.

L. HENRY.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for

several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

Miss Blanch Lane is quite ill and confined to her bed.

## More than 31,750 Prescriptions

Have been filled in our Laboratory. The reason for this large prescription business is found in the service we give. The best materials obtainable and moderate charges are the things that have brought us the patronage of the public and the confidence of the physicians.
