MOSIER IN ON THE BOOM.

Mosier is waking up. Its wonderful resources in fruit growing are becoming known to the world, and capital is seeking investment in lands now in the market and held at remarkably low figures. Mosier station is but seven miles east of Hood River. It is near enough to be considered as a part of the same family group. It is becoming known as a productive fruit country, growing the best of apples, pears, peaches, cherries and strawberries, and in this line its interests are identical with Hood River. Several fine farms here have recently changed hands. A. P. Bateham, late of Davidson Fruit Co. of Hood River, recently purchased the Jeff Mosier ranch of 100 acres, lying along the river just above the station. Mr. Bateham will make a specialty of growing Spitzenberg apples on this place, for which it is well adapted. There is now considerable of an orchard of apples, cherries, pears,

peaches, etc., on the place. A field of strawberry plants set last year, which will be early, is expected to turn off 700 or 800 crates this season. Mr. Bateham expects to induce his brother, Henry C., to move onto the place with his family and take the management. Mr. Bateham has also purchased the L. Lamb place of 127 acres for \$5,000. This farm has four or five acres in apple orchard, young trees in bearing. The place is less than one-quarter mile from the station and is excellent fruit land. Mr. Lamb is an old settler in Mosier, having located here in 1877. He will build a house near the station, where he will make a home. C. F. Stauffer, another Hood River man has purchased the F. P. Widener farm of 140 acres, lying one mile south of the station. Harvey A. Stauffer, a cousin recently from Ohio, has, we understand, bought the place in partnership and will move onto it with his family. J. H. Surface, who recently sold his 10 acres in the Frankton neighborhood

at Hood River, has purchased 11 acres here of W. H. Craft and is now a resident of Mosier. George Haacke, recently from Everett, Wash., has purchased seven acres from Robert Friend and is building a neat residence and clearing his land in a spot that will make an ideal home. He is a great poultry fancier and will go extensively into the poultry business, keeping only pure bred stock. He has White and Silver Laced Wyandottes. C. D. Morgan is another newcomer, who has purchased about the same number of acres as Mr. Haacke, also of Robert Friend. He is buying a house and clearing his land for a home. Mr. Morgan is also a chicken fancier and has some fine Plymouth Rocks direct from the celebrated Shoemaker poultry farm in Illinois. Robert Friend still has 148 acres left which he is offering at \$38 an acre. This place adjoins the Lamb place recently sold to Bateham, and is a very desirable country home. Five acres are in orchard—apples, pears, peaches, etc., 40 acres of cleared land good spring and a creek that flows through the year. E. A. Gibbert, the genial O. R. & N. station agent at Mosier, has acted as shipping agent for the fruit growers here for the past three years. He says that the green fruit shipments have more than doubled every year in that time. Mr. Gibbert gives some interesting statistics in regard to the productiveness of Mosier's fruit lands and the prices received. For Frank Ginger, last season, one shipment of 33 10-pound boxes of Royal Anne cherries netted at Mosier \$33—11 cents a pound. About 2,000 10-pound crates of cherries were shipped from Mosier last year and the prices were very satisfactory. There were also shipped 5,000 crates of peach plums and 10 carloads of dried fruit. The late peach plums brought the best price. The peach crop, which never fails in Mosier district, is taken care of by the fruit dryer owned and operated by P. Henningsen. He turns out a good quality of dried prunes which find ready market. The subject of better roads is agitating the people of Mosier same as at Hood River. Supervisor W. E. Huskey is now engaged with force of men and teams making a fill in the road just above Barrie's store. The fill will be heavily gravelled and gravel continued on to near the bridge across Mosier creek, which will be a great improvement and well worth the expense, of which the county will bear one-half. D. H. Barrie has opened a store in the building formerly occupied by Lewis & Mosier in the same line. He reports business good. Alexander Stewart is the leading merchant and has his store at the station. It is a veritable department store, and if he hasn't got what you want he can order it for you. Miss Dollie Mosier keeps hotel in the Mosier mansion, where the traveler is welcomed and well served. Her brother, Mr. Lewis, keeps a barn for the accommodation of the traveler's team. Jeff Mosier, who recently sold his ranch, is owner of the town site and will plat the same and sell lots and blocks. Homes for rent will be built, and then Mosier may be expected to take on city airs. There is no prettier spot in Oregon for a village than the town site of Mosier. A. B. Hogan, the village blacksmith, is a desirable acquisition to the community. He is kept at work most of the time. Mrs. Hogan is a great success with chickens and has a nice flock of good layers. There are a number of old civil war veterans in the neighborhood, and they talk of organizing a G. A. R. post. The box factory now in course of construction by Cook & Burlingame will soon be in operation, turning out prunes, peaches, cherries and apples boxes. They will not manufacture strawberry crates for the present, as the strawberry business is yet in its infancy and the demand for crates will not be enough to warrant special machinery for their construction. W. H. Cook and E. Burlingame, proprietors of the box factory, came here from the Tygh Ridge country. Mrs. Rachel Stewart sets a table for the accommodation of the overflow of patronage from the hotel, and gives a good meal for 25 cents. Mrs. Stewart is a native Oregonian. Her parents, Mr. and Mrs. Warren, crossed the plains in 1848. Mrs. Stewart was left a widow with several small children and lived on the Washington side of the Columbia. She kept a band of cattle, and every summer went with her children and cows to the hills where the grass was good and camped out all summer and made butter which found a ready sale at the stores along the Columbia. For 15 years she lived in this way and raised her children. It is interesting to hear her tell of pioneer days.

Honston, Texas. For indigestion, biliousness and constipation these tablets are most excellent. Sold by all druggists. Last of the Bond Controversy. White Salmon, Wash., March 28, 1904. Editor Glacier: I beg leave to reply to Mr. Zeigler's letter and then I am done. He acknowledges about all that I have been contending for, that there was illegal voting on the bond question, at least he gives names of parties living outside of the district who were allowed to vote. The law plainly says that a person to be a legal voter at any election must be 21 years old and have resided in the district 30 days. It doesn't say anything about the property he might own or his going to make his home in the district in the near future. When I said there were 50 who voted for bonds who did not own 50 acres of land in White Salmon, I meant what I said. Right under it I said, "there were 90 of them who voted for bonds who do not own 300 acres altogether." We never denied the legality of the last bond election. The state will invest where it safely can. It bought the bonds of the district, and we now have a good mortgage on the property of the district. Sincerely, J. R. Nickelsen. Out of Politics. Jacksonville Sentinel. Hon. E. B. Dufur of Gold Hill says that while he appreciates the mention of his name as a candidate on the Democratic ticket, he is not a politician and cannot accept the nomination. He was in politics once up in Wasco county and knows the financial demands and distraction from business on a candidate and on a legislator, and as he came to Southern Oregon to follow his profession and not to engage in office holding, he considers himself but a worker in the ranks of his party. Best Cough Medicine for Children. When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all druggists.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilson Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

druggists.

Serious Stomach Trouble Cured.

"I was troubled with a distress in my stomach some stomach and vomiting spells and then truthfully say that Chamberlain's Stomach and Liver Tablets cured me." Mrs. T. V. Williams, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by all druggists. What to do with superannuated clerks in Washington causes much anxiety. It is proposed that they be pensioned off at 60 from a fund raised by those still in office. A majority do not like this idea. They prefer to spend all they can earn and all they can borrow (at five per cent a month) and then have the government support them when they become senescent. They imagine that because they have worked seven hours a day for 20 or 30 years on larger salaries than any other workers on earth, and have spent it all, that they have a supreme claim upon taxpayers for support. Congress is wondrous kind and generous with them.—Newberg Graphic.

Mattings Linoleums Oil Cloths Carpets Rugs

We are showing assortments in these goods that enable the most particular buyer to select with satisfaction. Repeated assurances of the fact induces us to publish an invitation to inspect our stock NOW. Prices are strictly in line with department store sales day figures. The goods can't be bought for less.

T. J. SEUFERT, 215 West Third St., The Dalles.

Reasons why

Nearly everybody uses Strawberry Crates made at the Hood River Box Factory

They are better suited for shipping, being made of Larch and White Fir, which do not mould as quickly as other woods.

They are made the right size to fit the hallocks. The top tier of hallocks does not need repacking in order to have the crate properly filled, which saves labor and berries, making these crates the cheapest to use.

The crates are made with a view to giving the fruit the best possible appearance when delivered in the markets, and the price is reasonable.

They are made by Hood River people, and the money paid for material and labor is spent in Hood River, which helps to build up the community.

The crates suit the shippers and the buyers, and help to sell the berries at good prices.

Investigate these points before you haul your crates, and don't make a mistake.

UTAH LAND PLASTER,

We are closing it out at \$13 per ton, or 70c a sack.

IRON AGE GARDEN

Tools are ahead. High wheel and first class at the right prices. We have the exclusive agency. Come see them.

NO. 4 FERTILIZER

If your strawberries are not in first-class condition get some of the No. 4 fertilizer and strengthen them up. This fertilizer helps the culls grow into good berries. Now is the time to apply it.

FOR PLOWS AND CULTIVATORS

we are stocked with what you need. Get the old tools out and either get new parts where needed, or new tools. Time is too valuable to spend trying to make an old worn out tool do your work when the season is short.

STUDEBAKER WAGONS

A car of Studebaker wagons now in contains some special fruit growers' wagons with large size boxes, strong neat and durable, at the same prices that have been asked for less desirable styles. Don't fail to call and examine them when they come in.

DAVIDSON FRUIT CO

More than 31,750 Prescriptions

You are cordially invited to call and examine the same. Soliciting a share of your patronage, I am, yours for High Grade Implements at Prices that are Right. J. R. NICKELSEN, Cor. 4th and Columbia, Hood River.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Chas. N. Clarke's drug store.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at Chas. N. Clarke's drugstore. "I have used Chamberlain's Stomach and Liver Tablets with most satisfactory results," says Mrs. F. L. Phelps,
