THE MCKIBBIN HAT

Robert Rand's hotel at Frankton is rapidly nearing completion, and the work is being done in a most excellent manner. Every one who has visited Mr. Rand's home has expressed deep interest in the natural beauty of the location and surrounding scenery, and predicts that he has not half room enough to accommodate his guests when once the attractiveness of his summer resort becomes known. One of the most curious features of the hotel is an optical illusion, caused by the dining hall being built at such an angle that when the visitor stands on the veranda in front of the dining room window, the reflection of the water going over the falls makes it appear to the beholder to come down the stairway and pour through the floor of the dining hall.

Washington dispatches stated last Friday that Commissioner Richards had recommended the dismissal of M. P. Isenberg as supervisor of the north half of the Cascade forest reserve. Mr. Isenberg had been under suspension for several months for alleged irregularities in the handling of timber. Charges were referred to Forest Superintendent D. B. Sheller of Washington who came to Oregon to investigate. His report sustained the charges. John Combs of Prineville was recommended by the Forest Superintendent to succeed Isenberg, but charges have been preferred against him which tend to disqualify him for the position. The department, and it is probable some other man will have to be named.

Geo. D. Culbertson & Co. were entertaining, this week, a party of home-seekers from their Chicago co-operative company in the Pacific Northwest. Fred Lundahl of Chicago, John D. Fink of Palatine, Ill., William Peterson, of Orion, Ill., and Henry Hartman of Wapakoneta, Ohio. Mr. Peterson purchased land near Hood River, and the remainder of the party were well impressed with the valley, and will return in a few days to make selections of homes. Mr. Hartman was surprised and pleased to meet here his old Ohio friend, Captain L. M. Miller, whom he had not seen for many years.

Fred Miller won a free round trip ticket to the St. Louis World's fair in the guessing contest that was open last year at the Paris Fair store to purchasers of the Marshall Brown shoes. The prize was one of the number of barrels of wheat raised in the United States last year. Mr. Miller's guess was 637,545,000, the nearest correct of all the guesses submitted by the patrons of the Paris Fair. He fell but a few thousand short of the government's official report. Mr. Miller is elated over his good luck, and will take in the great exposition sometime next fall.

J. W. Kirkwood finds no one disinterested in the old grafting fruit trees done last spring. He insists upon any one who would be dissatisfied to notify him. He expects to be in Hood River for years to come. He is now getting more orders for work than he can handle. He has a list of customers serving all who call upon his services. He is in a way to furnish apple trees of best quality to all who may desire to purchase. Anything wanted in the line of Spitzbergen and Newtows can be furnished by him. He has first class and guaranteed. The best trees ever shipped to Hood River.

S. A. Skinner sold the three acres he recently bought of the Nealeigh to a new owner, Henry S. Cole. Mr. Cole is from Lansing, Mich. His family consists of a wife and two daughters. They will build a house at once and occupy the same. Mr. Cole is an old settler, having served in the civil war in the 14th Michigan light artillery.

O. H. Bernard, Bachelor of Science, Portland real estate dealer and publisher of the Home-seekers and Investors' Guide, was in Hood River, Monday. The Home-seekers' Guide contains lists of land bargains and has a large circulation in Eastern states. In the next column will be found Bachelor and Bernard's ad.

Geo. D. Culbertson & Co. sold, last week, the T. L. Roberts 145-acre place nine miles southeast of Hood River, to Lester Green and his wife. Mr. Green expects to begin at once to improve his land with the view to planting it in part to fruit and making the place his future permanent home.

W. A. B. Campbell, a taxidermist of this city left this week for the region around Hood River. He has a large number of traps set in the neighborhood of 200 traps out in that vicinity and expects to be gone four or five weeks on the trip. Most of the trip will be made on skis or Norwegian snow-shoes.

Miss Hazel Early of Portland is the guest of Mrs. J. P. Shaw, having come up Friday with Miss Florine Shaw. Miss Early is an accomplished musician both vocal and instrumental.

Sciatic Rheumatism Cured. "I have been subject to sciatic rheumatism for years," says Ed H. Waldron, of Wilton Junction, Iowa. My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

Serious Stomach Trouble Cured. I was troubled with a distress in my stomach and vomiting spells and was truly saying that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by all druggists.

Uncle John Smith arrived in town, Thursday, from Tacoma, and is visiting his wife, Mrs. E. E. Smith. Uncle John spent the winter at Solvay, Or., and at Tacoma. He may go from here to Baker county to visit relatives. Last Sunday was the 82nd anniversary of Uncle John's birthday. He is well and hearty, but his eyesight is very poor, and his affliction he is deprived of one of his greatest pleasures, that of reading.

the nearly ten years of its existence, has been less than half the cost in standard companies, and always on the easiest possible method of payment. It has thus saved to its members, during the 12 months of 1903 alone, the enormous sum of \$118,630.50, while during the same time it paid 180 losses and had cash left in its treasury nearly sufficient to pay 180 more. H. L. Howe, who is chief clerk in the government land office at Roseburg, came up Monday and went out to his home on upper Neal creek.
William Thompson, now residing in Portland, was a visitor in Hood River first of the week. Mr. Thompson's health is somewhat improved, but he is still an invalid.
H. E. Macomber was up from Scappoose, last week, to look after his place on Methodist lane. Mr. Macomber is working for J. E. Hanna at Scappoose. He says the high winds some time ago knocked down about 100 rods of fence for Mr. Hanna, but it has been repaired, and railroad ties are now coming down the flume to be used the same.

There will be a special meeting for the old people at the Methodist church next Sunday morning. The old time songs will be sung and a special sermon will be delivered to the old people. The evening will be devoted to the young people. Special music will be rendered by them. A short lecture will be delivered to the young people. All invited.

The members of the Woman's Christian Temperance union, and honorary members are requested to meet at Mr. G. P. Crowell's on Friday evening of this week.

Judge and Mrs. L. Henry returned Monday, from their trip to California, where they spent the winter. They had a pleasant winter and both returned in improved health. They attended the state encampment of the G. A. R. at Los Angeles, April 8. Four hundred delegates were in attendance. In the parade 400 veterans marched. The visitors in the city were given excursions to the coast and to the soldiers' camp at reduced rates. At Long Beach a banquet was given the excursionists free. The judge says the weather here on his arrival, Monday, was about the same as they had in California all winter.

Mr. and Mrs. E. C. Mooney and little daughter Hope were up from Portland and spent Sunday with O. L. Stranahan and family. Mr. Mooney expects to fit up his old house for rent and build a new residence on the corner of his strawberry patch joining Pinehurst. Mrs. Mooney is still in poor health and under the doctor's care. They do not expect to return to live in Hood River this summer.

Captain J. P. Shaw informs the Glacier that Governor Chamberlain has about consented to deliver an address in Hood River before the Grand Army camp in June. W. B. McGuire is putting in a neat cement walk from his front gate to his front back door. Mears & Bents are doing the work in an artistic manner. This is a new departure in property improvements, being the first of the kind in Hood River, but it adds so much to the neatness and beauty of the home, our good citizens will follow Walter's lead with a rush.

Colonel J. H. Ruberson, recently from Montana, was in Hood River last week. Colonel Ruberson is an attorney and will locate in Portland. He is an old soldier, having served during the civil war in the 24 Missouri cavalry. He got his title by having served a sufficient number of times in the guard house to entitle him to that distinction.
William Paddock of Lewisville, Col., is visiting his cousin, E. D. Calkins. Mr. Paddock is a market gardener by occupation and has made a great success at the business. He thinks Hood River is all right.

Miss Hazel Early of Portland is the guest of Mrs. J. P. Shaw, having come up Friday with Miss Florine Shaw. Miss Early is an accomplished musician both vocal and instrumental.

The members of the Woman's Christian Temperance union, and honorary members are requested to meet at Mr. G. P. Crowell's on Friday evening of this week.

State Land Board See the Valley. The state land board have looked over the lands they are to loan money on in Hood River and are perfectly satisfied that no better risk can be found in Oregon. The members of the board, Governor George E. Chamberlain, Secretary of State Frank I. Donbar, and State Treasurer Charles S. Moore came around Portland, Scappoose, and accompanied by W. B. Wilson of The Dalles, state land agent, County Judge Blakeley, County Clerk A. E. Lake, Attorney A. S. Jayne, N. C. Evans, and Mayor A. S. Bowers, the gentlemen were driven over the West side of the valley and brought back by way of the East Side. The day was ideal for driving, while the strawberry fields and apple orchards showed to their best advantage.
They expressed themselves delighted with the day's outing, and were well taken with everything they saw. It was the governor's first visit to Hood River. He was surprised at the progress and

prosperity of the famous country of which he had heard so much. He and his fellow members of the land board gave out that they are perfectly satisfied to loan to those Hood River farmers who need it money from the state school fund to assist the strawberry growers in paying their share of expense in the organization of the Farmers' Irrigating company.
It is only fair to say that to W. H. Wilson of The Dalles, state land agent for this county, is due the credit of bringing the land board to Hood River. They came at his urgent request, and by their visit have received a very favorable opinion of conditions in Hood River.

Pine Grove Temperance Union. At a meeting of the Pine Grove Temperance Union, April 13, the following resolutions were adopted:
The members of Pine Grove Temperance Union, believing the time has come when a union of forces is necessary to prevent the saloon from gaining a stronghold in our beautiful valley, and realizing that the saloon is a danger to the health of the people, and a burden to the

inhabitants, it is hereby Resolved, That we will stand ready to cooperate with every effort made for the advancement of civic righteousness in our county, county and state.
Resolved, That we will, for the next three months at least, apply our surplus funds to aid the prohibitionists and anti-alcohol league members, in the state bond option campaign which now pending.
We believe the temperance question should be the paramount issue of the day. Its morality and spirituality is unquestioned, and as a business proposition, presents such economic features as to justify us in the belief that our taxes in the future will be perceptibly decreased with this crime bringing institution removed—the un-American element. It had been denied that in the very nature of its conception it is abusive, and in many places is fast becoming anarchistic in its tendencies. Therefore, in view of this fact, we believe aggressive action should be endorsed by every Christian voter and law-abiding citizen.
May our earnest petition to the throne of grace be not wanting, realizing that the temperance work is God's work and that the devotion of darkness cannot long survive when united effort is made for its destruction by the church and temperance organizations throughout the land.

C. D. Moore Makes Reply. White Salmon, April 11.—Editor Glacier: In W. C. O'Connell's last article he has struggled hard to impress upon the readers of the Glacier that I had my own money and carried off my horse to its utmost to gather in people to vote for delegates at this wonderful biennial election he speaks of.
This election was held for the purpose of electing delegates to go to Goldendale to help elect 11 delegates to attend the state convention.
The simple truth is I did not attend, go after any one nor ask any person to attend this election. My name was put up by what would be considered more to any one's credit to call an enemy than a friend. My chief ambition is to be a good citizen, and in this way it is said he often gets whole rail rails full of good things.
I certainly had no objection to any one attending this convention who had the time and money to spare, which meant three days' time and \$10 to \$12 in money. White Salmon delegates put up at the best hotel, which is a 24 day house.
CHARLES D. MOORE.

Like a Letter from Home. Rev. David D. Dodge of New Helena, Neb., in renewing his subscription to the Glacier, writes: "I enjoy reading your paper very much, as my mind often goes back to Hood River valley. I am reminded of the few months spent in the great scenery and agreeable climate and good-hearted people. The Glacier keeps me in touch with the valley and is like a letter from home."
In the Oldell District. These warm, sunny days remind us that we will not have to wait much longer for strawberries.
James English is doing the spring's work for C. G. Roberts on his Tangewood ranch.
J. E. Bowerman is handling the remainder of C. L. Rogers' apples, which have been stored in Louis Plog's apple house.

Charles Davis is busy burning and clearing land preparatory to putting it into crops this summer. This is one of the oldest places in the valley, and under Mr. Davis' management is one of the best.
Albert Shiller sent his team to Sherman county that fell to be pastured. During the winter they got out of the pasture, and up to the present time he has been unable to get any more of them.
Mr. Kellogg, who is in charge of C. L. Rogers' ranch on Willow Flat, passed through this valley, Monday, with 1,000 apple trees. Mr. Rogers' intention is to keep planting standard varieties of apples until the whole 600 acres are in fruit.
Harry Kemp went to Portland last Thursday to see his sister Nettie, who has been quite sick but is getting better. She is expected home this week.
Albert Shiller came home from Portland last Wednesday.

Williamson for congress, elected W. C. Richards of Baker county and Charles H. Binger Herrmann was renominated in the first district.

Button's Barn Burned. The big blaze in the east end of town Saturday evening, about 9 o'clock, was caused by the burning of F. H. Button's barn. It is supposed to have caught from sparks from an engine which passed just before the fire was discovered. Mr. Button had just returned home from a trip in the Sound country, and succeeded in getting the horses and cows out of the barn, but was none too soon. The fine horse of T. J. Searfer's was in the stable and had to be boosted out by Mr. Button. Between 30 and 40 tons of hay were burned besides Mr. Button's logging outfit. The loss was \$2,600 or more, on which there was but \$1,000 insurance. Tuesday, Mr. Button received the amount of insurance in full from George T. Prather. The barn was built in 1884 by George T. Prather, contractor, at a cost of \$1,600.

Delegates from Klickitat County. Special to the Glacier. Goldendale, April 9.—The Klickitat republicans met in county convention today and elected the following 11 delegates to the state convention: Dr. A. L. Brockman, Captain H. C. Cook, H. C. Cole, W. S. Warwick, D. N. Crofton, C. F. Kayser, William Coste, G. H. Baker, W. S. Byrnes, W. B. Presby and A. C. McKinnis. The delegates are anti-McBride.
