CORRESPONDENCE BARRETT.

The roads are assuming a summ

Barrett has the honor of bringing in the first berries of this year. Verily verily I say unto you, great is Barrett In two weeks we will be masticating the luscious berries in plenty. Yum

Everyone wants to prepare them-selves to give the old soldiers the time of their life on the 15, 16 and 17 of June. We noticed Charlie Copple out in this district with a lead of land seekers last week. Well, let them come. The more

The club goat is red headed on account of the way our last week's communica-tion was set up. The printer's devil had better steer clear of Barrett for

tended the evening service at the Valley Christian church on last Sunday. It is getting to be quite the fashion for the Hood River people to attend the service of this church, drawn thereto by the excellent sermons of Rev. Beery and the music of the choir in the Valley. Come often friends. We will sladly welcome of land for sale which will seen find often friends. We will gladly welcome of land for sale which will soon find

Again we ask is there any one in the vicinity of the Barrett school house who would like to take two ladies to board which was that one Mr. Miller came

Ike Nealeigh says he hasn't any use

for ditch water, or water raised by gaso-line engines or any other old way. He The special music at the Valley Chris-

tian church on last Sunday consisted of a heautiful solo entitled "Drifting Away From God," and the entire choir joined in rendering two anthems: "Let the to be present, as Words of my Mouth" and "Beautiful ce is to come be Golden Gate." The latter was given caused the team to get loose from the on last Sunday and repeated by request. The songs brought the usual crowd and none were disappointed.

As the home of J. W. Metcalf, in this ing we noticed Brother Shelly's team performing some anties along the road Welds and Daisy M. Easley, both of Hood River. It was a very quiet but pleasant affair, graced by few witnesses but plenty of flowers and happiness. Elder R. D. Penham of Portland, officiated. As we came to town the other morn-

Thomas Shere last week purchased the six-acre tract joining his homestead on the west. This will make his hold-ing 15 acres of beautiful land, and as he has it well improved he will have a home second to none in the valley.

We understand there was quite a lively scrap over on the Pine Grove road last Sunday evening and the parties thereto were arrested Monday, one of them being fined \$50.00. We did not hear the particulars nor which was in fault, but it certainly is not a paying proposition to scrap in Hood River

Rev. A. A. Beery delivered an unusually strong sermon on last Sunday evening and among other good features he advised his congregation to refuse to patronize street fakirs of all descrip-tions. Mr. Beery has won his way into the affections of his church by the strong stand he takes against anything he deems detrimental to the welfare of his people.

Mrs. Davis and Miss Tippitt of Eugene, Ore., are visiting their sister, Mrs. H. J. Cole on Methodist lane. It is their first visit to the valley and they are perfectly charmed with the whole country, but express themselves as in

pated in the temperance meeting at the Valley Christian church on last Friday tion by more pretentions districts, evening, made the effort of his life and Good roads are essential to the growth

Miss Olive says she will be able to pick chickens. This place can be rented. and deliver a couple of crates this week.

Price \$9,000 It isn't any use to try to beat Barrett on For further information call on or anything, from the earliest strawberries to the best locking girls. We take the lead on all propositions and Miss Olive has taken the blue ribbon on the first

panies have deposited \$50,000 with the state treasurer as an evidence of their good faith and as security for their patrons. Those in want of insurance or removals would be wise to call and see Copple & Hoole before taking out their policies.

League in a very pleasing manner to a large and interested audience Sunday evening. The choir sang their best and the recitations were a credit to the ones who delivered them. Father Ostrander preached from the text "The Last Supper."

League in a very pleasing manner to a laverage in legibility.

Did you ever notice how often you will in our linest books and publications? It seems like fate. Some of these books and publications preached from the text "The Last Supper."

ODELL.

Wife and I made a trip Sunday to the bridge on the Cloud Cap Inn road, a distance of about ten miles from here. bridge on the Cloud Cap Inn road, a distance of about ten miles from here. Arriving there at noon, lunch was at once spread, and as usual in the open, was an enjoyable feature of the day. Just as the lunch was finished, Mrs. Baling's parents, Mr. and Mrs. But as the lunch was finished, Mrs. Booth our near neighbor, and Mr. Poole of The Dalles arrived with lunch basket and about three hours was very pleasantly spent. All along the line substantial improvements are in evidence. Willow flat especially surprises the traveler. Business men with enterprise are spending money and rapidly.

Was not serious but quite painful.

Mr. and Mrs. Herman Saling of Weston, Oregon, spent Sunday with Mrs. Baling's parents, Mr. and Mrs. Sherman were at Belmont last week, looking after their farm. Mr. Sherman is captain of the Bailey Gatzert.

MT. HOOD. The club goat is red headed on account of the way our last week's communication the Ramsey place on Strawberry Flat. Mr. Wheeler says everything looks well in his neighborhood and prospects are fine for a big crop of strawberries.

Open for Business.

J. F. Batchelder of Portland, was in the city, Friday. He says the season is opening nicely at the Country Club Inn. Two car loads of water pipe will be received shortly, and as soon as men can be had to do the work it will be laid so as to carry water from the springs to the residences in Idlewild and Riveryciew park additions. It is almost impossible to hire laborers at present, and will be so until after the strawberry.

The club goat is red headed on account of the way our last week's communication was set up. The printer's devil had better steer clear of Barrett for a while. The printer's devil had better steer clear of Barrett for awhile.

A. L. Phelps took a party out fishing last Wednesday, consisting of H. H. Bailey, Harvey Burkett and Comrade Dakin. They went to the upper dam and there met a couple of experienced fishermen, who gave the boys some pointers which they followed, and as a consequence, we did not feast on fish as we expected.

Miss Flossie Phelps passed through large to here way home to spend Sunday with papa, mans and the papa, mans and there is a carry was an ideal one and as we journeyed through the wooded section from there to the bridge, overwhelm of nature under the sweet breath of mature under the sweet breath of matu

purchasers.

for the summer? If so, please call on out of the fracas badly beaten and bruised. We know little and care less about the details of the row and the er's Supply Co's. ditch last week and causes leading up to it, and only regret those along the line are made happy that it is the duty of a correspondent, in giving the news, to mention such things at all.

Mr. Clark, who last week purchased line engines or any other old way. He and Skinner are going to carry water from the creek for their berries.

The little runaway of the big freight team of the little white store last week, created quite a sensation, but caused very little damage. The junior member of the firm and his dog stuck to the wagon. Already parties want to trade for the team and for the benefit of such will add that the price of the horses has advanced fifty dollars.

Are there any candidates this year? Is there an election? If there is I desire to commit myself to the proposed nom-inating primary law. So far h have only seen one candidate and I held him up on this question. If there are any in Hood River I request that they committhe selves in favor of this question. I think it the duty of the voters to know how the politician stands on this, to my mind, important question. So far as I am concerned I intend to know, if possible to find out, how they stand on this particular question.

An enjoyable surprise party was given Blanche Wilson last Saturday evening. There was also a dance at the Sears hall the same evening.

Judge Henry E. McGinn of Portland, passed Odell Sunday on his way to the scene of the supposed murder for which Norman Williams is soon to be tried. Norman Williams is soon to be tried, the judge is employed to defend Williams and will put up, as usual, a hard fight for his client. Judge McGian occupies a unique position in Portland politics, having recently resigned his position as hold-over senator from Multnomah. This demonstrates the last that worths business man have fact that worthy business; men have little time to devote to politics, notwithstanding their country needs their service.

This is a nice time for a drive in the country now. The berry fields on the west side road furnish a delightful picture. The face of the country there is studded with buttonhole boquets, the practical side of which is that in a short time they will change into luscious fruit and bring the dollars that we are

favor of Barrett for first choice. We all in search of.

finally causing them to make this their permanent home.

owith Sunday. Mr. Misch Underwood, who visited his brothers here about five years ago, has again returned from the East for an extended visit on the coast.

Mr. Curtis of Camas Prairie, passed through Underwood this week.

Arithmetic of the Newspaper.

Once in awhile, and sometimes twice, would-be critic suffers the torture of a mental spaem when he sees a turned letter or a misspelled word in the Gla-cier, and the whole force from the devil to the deity who presides in the sanctum anctorum is anathematized by the erudite reader, who perhaps, cannot for his life write a simple sentence for his life write a simple sentence void of some error of orthography or syntax, such is the peculiar eccentricity of some minds. So much has been said recently regarding a few errors which in the haste of a hurried make-up have unavoidably crept into the Glacier, that the writer thought it would be interesting to our critics and other good friends to give them a few facts concern-ing some of the little things which go to make life a burden to the average

In a column of solid 8-point type such as is used in the body of the Glacier, there are 200 lines, and there is an aver-age of a fraction more than 39 pieces of age of a fraction more than 39 pieces of type, including spaces, letters, punctuation marks and figures in a line. By a pleased to explain to all new comers, simple mathematical calculation it has been found that there are 110,997,321, 205,799,306,422,337,418,828,504,029, 200 205,799,306,422,337,418,325, 504, 522, 804, 500, 500,000 opportunities to make an error in composition in setting one line of type. In other words, a printer has but one chance to set a line of type cor-

blakes, discovered to the construction of the control of the contr

in our finest books and publications? It seems like fate. Some of these books take several revised proofs and have their proofs read carefully by no less than a half dozen different expert proof readers, and yet they do not eliminate all the errors. Therefore, if our good friends who have an abnormal degree for antipathy against printers' short con-ings will be careful to take a nerve bracer and give the poor "devil of a printer" the benefit of these mitigating

circumstances when bringing him info judgment our effort will not have been made in vain.

A Libel on Hood River. 'Joseph Olwell of Jackson county says the Rogue River apples will continue to have a safe at top prices in the best markets in the world, New York taking nd C. E. Monroe came home to spend the day with his children last Sunday.

Mrs. D. R. Cooper and Mrs. Wishart started for Scotland last Wednesday.

Geo. D. Culbertson brought a number of prospective settlers up here last week.

Reess Morrison pulled in to Mt. Hood last Saturday from Dufur. He wishes to locate here soon.

W. A. Offield is doing. the Spitzenbergs, for Americans prefer a red apple, while London takes the

Meige Bartness, son of S. E. Bartness, son of

that Mr. Olwell concedes that Hood River produces apples as good as Rogue River, for it is known everywhere that the apples of Hood River are unapproachable in their quality, beauty and size. As to prices, Friend Olwell apparently forgets that his people sold so many of their apples last year at prices from 25c to 50c per box below those obtained at Hood River.

Now, the one thing Mr. Olwell attempts to hold up, like a scare head on the front page of a yellow journal, is that "it costs \$30 an acre each year for irrigation in Hood River valley." We will not accuse Mr. Olwell of wilful misrepresentation, for we think him an honorable man, but that he and all others may be informed as to facts as others may be informed as to facts as they are, we will again put on record in the columns of The Glacier the fact that Hood River has now the beginning of the cheapest and best system of irriga-tion in Oregon. It cost the farmers \$30 a share for their stock which gives them a title to an inch of water for each share for 99 years. After the share is bought for 99 years. After the share is bought the only cost to the farmers is the expense of keeping up the ditch which will be at the beginning about \$2.50 per year, and as soon as the ditch is put in first class shape, will in all probability, be reduced to \$1.00 per inch per annum. On the other hand we have been informed that Mr. Olwell's neighborhood is trying to promote an irrigating system the cost of which is said to be a quarter of a million dollars.

a quarter of a million dollars. Miss Garnett Haynes is spending her vacation on the ranch with her cousin at Underwood.

Mrs. Oleson left last week for a trip to the St. Louis fair, and a visit with relatives in Kansas and Wisconsin.

We cannot imagine what Uncle Joe had been partaking of that made him see so crooked and assure him that Hood River will be glad to have him meet her in any apple show and make the minimum cost of production one of the conditions for taking the medal.

> Railroad Excursion to Salem. Sunday, June 5, 1904, Sunset Lodge No. 130, Brotherhood of Railroad Train-

Sufficient coaches will be furnished to provide seats for all.

At the State Fair grounds a first class entertainment will be given to amuse the excursionists, consisting of base ball, bicycle races, bicycle trick riding

pair, bleycle races, bleycle trick riding and many other first class attractions. Program of amusements will be distributed at a later date.

This will be the only opportunity of this nature this season for the people of Hood River and vicinity to spend a

day of keen and wholesome pleasure.

The committee in charge are careful and experienced railroad men and will spare no time or expense to make this day one long to be remembered. No liquors sold on trains or at the grounds, and perfect order will be maintained.

Lunches and refreshments can be

procured at the grounds. Come with us and spend a day of enjoyment and help us to provide a fund to care for our sick and disabled Tickets for sale at O. R. & N. ticket

Strawberry Growers Notice. The object of the Union is to ship strawberries at the lowest possible cost and make the best possible returns to the growers. It is not necessary to be a member of the Union to ship with it.

205,799,306,422,337,418,823,504,022,800,000 opportunities to make an error in composition in setting one line of type. In other words, a printer has but one chance to set a line of type correctly to the staggering number given above against his doing so. Multiply this number by 200 and you have the trouble the compositor has to meet in a half day's work. Use your gray matter and multiply your last product by 56, the number of columns we have to set when we fill our eight pages of home.
