Get your Spray Material of CLARKE, THE DRUGGIST, And you can depend on it being GOOD.

STATE AGRICULTURAL COLLEGE AND EXPERIMENT STATION. CORVALLIS, ORE., April 13, 1904.

Mr. Chas. N. Clarke, Hood River, Ore. Dear Sir—The sample of white arsenic which you sent me has been examined and I find that it is exceptionally good.

Stages to Cloud Cap Inn.

Ticket office for the Regulator Lines of Steamers—Telephone and have a hack carry you to and from the boat landing—If you want a first-class turnout call on the HOOD RIVER TRANSFER AND LIVERY CO

Hood River Strawberries.

If there was nothing to attract attention in Hood River valley but the strawberries, there is enough interest in them to make it worth going a long journey to see it. It is the strawberry that has made Hood River famous, and there is, so far, but one variety of the strawberry that can make any claim to distinction in Hood River that one is the Clark's Seedling.

No one appears able to give a satisfactory reason for this, and it is doubtless due to several causes. Perhaps the climate, mild and moist in winter, temperate in summer; the soil, rich in iron, potash, decomposed granite and quartz, and the location relative to the Columbia and the surrounding country, thus tempering the winter's cold and the summer's heat by the sheltering hills and the ocean breeze coming up the Columbia passage way to the sea, has much to do in making this the only spot on earth where the best commercial strawberry that grows can be raised.

Be the causes what they may, no where but in Hood River valley can strawberries be raised which will stand the shipment to such distant points as Hood River berries. They have been shipped to New York, Philadelphia, Hong Kong, China, arriving in good condition.

Neither is there a berry grown in any other location that will retain its color after being canned as does the Hood River berry. Open a can of berries grown anywhere but in Hood River and notice how pale and faded they look. Place it beside a can of Hood River berries and note how bright the color of the latter, just as if freshly cooked. These berries give Hood River berries a premium far above any berry from any country.

There is one thing to be done which cannot be insisted upon too strongly. Each grower should form himself into a special committee to look after this one thing. It is the marketing of the berries. The careless work of marketing may ruin the profits of a splendid crop of berries.

Horizontal Crop Report. An act of the legislature of 1895 passed an act dividing the state into five horticultural districts as follows: First district comprises the counties of Multnomah, Clackamas, Yamhill, Washington, Columbia, Clatsop, and Tillamook; second district, Marion, Polk, Benton, Lincoln, Linn and Lane; third, Douglas, Jackson, Klamath, Josephine, Coos, Curry and Lake; fourth district, Wasco, Sherman, Morrow, Gilliam and Crook; fifth district, Umatilla, Union, Wallowa, Baker, Malheur, Harney and Grant.

President Smith of the state board of horticulture, has received the following report from commissioners Maxwell and Carson of the first and third districts, which show the present condition of the fruit crop of their districts: First district, apples, 100 per cent; cherries, 50 to 75; peaches, Italian, 20, petite, 100; small fruits, 100. Second district, apples, 90 per cent;

The office will be open from Thursday, May 12th, in the afternoons, from 1 p. m. to 4 p. m., until Berries begin to ripen, and after that all day and all night if necessary. The Secretary will be pleased to furnish any and all information. Growers can ship with the Union without being members. E. H. SHEPARD, Secretary. Phone, Farmers. Hood River Fruit Growers' Union. Phone 211.

tion for the wind jammer. In short the way to Hood River people give and land boys a hearty support until they shall have attained a front rank among the bands of the country.

The new instruments bought by the band are: Helicon tuba, Euphonium, French horn, Bflat Cornet and Trombone, tenor.

Cascade Forest Reserve. The Glacier man, on his rambles Sunday, called on Adolf Aschoff, supervisor of the northern division of the Cascade forest reserve.

Mr. Aschoff is a very affable, genial gentleman of culture and refinement, and the scribe passed several very interesting, pleasant and instructive hours in conversation with him and gained much valuable information regarding the ways and duties of his office, the officers and the plans which Mr. Isenberg and Mr. Aschoff had jointly perfected and which were being rapidly executed up to the time of Mr. Isenberg's dismissal.

Local Matters. Mr. and Mrs. Ben Telyson returned Tuesday from a trip to Portland. Joe Wilson boarded the noon train Tuesday for The Dalles. Mrs. Eschricht and daughter of Portland came up Saturday and spent Sunday with her sister, Mrs. William Graham.

Mr. and Mrs. Fred Shoemaker left Tuesday for their home at Pendleton after a visit with Mrs. Shoemaker's parents, Mr. and Mrs. C. L. Gilbert.

The Echo News says H. J. Hibbard of Hood River has bought about 100 acres of land at Irrigon, a new town which has sprung up in Morrow county within the past year.

Mr. and Mrs. J. Thornburn Ross were up from Portland and spent Sunday at the Country Club Inn. Though residents of Portland a good many years, this was their first visit to Hood River, and needless to say they were charmed with the beauty of the valley.

Mr. and Mrs. J. Thornburn Ross were up from Portland and spent Sunday at the Country Club Inn. Though residents of Portland a good many years, this was their first visit to Hood River, and needless to say they were charmed with the beauty of the valley.

The Hood River ladies who made an excursion to the Cascades on the Charles R. Spencer, Tuesday of last week, were not taken there against their will as prisoners of war, but left their precious homes with full intent of visiting that romantic locality, and there they safely landed.

is either absolutely ignorant or totally false in his assertions, thinks either of the gentlemen had a sincere in the place he filled, he can easily become converted from his error by a day's tramp with Mr. Aschoff on the trail, or a day's work in the office.

Mr. Isenberg had, in connection with Mr. Aschoff, planned a system of trails around and through the reserve to facilitate the mobilization of the rangers and other available help to fight fires when they occur. These plans were executed in part last year, Mr. Aschoff having made about 40 miles of trail.

That the department made a grave mistake in removing Mr. Isenberg, and taking Mr. Aschoff out of the field will be apparent to any one who has enough interest in the forest reserve to inquire into it. The volume of work done at and during the time specified in the charges could not have been completed by any other than Mr. Isenberg, and he in the full use of his faculties.

About this time one of Belmont's prettiest girls came to the door of the supervisor's den and warbled in dulcet tones, "dinner's ready," and M. P. Isenberg ushered the Glacier reporter into a feast fit for the "devil" of any printshop in America, and although it's nearly a week since then, it still tastes good.

William Thompson went to Portland The Dalles on No. 1, Saturday. He had been in attendance as witness in the Williams trial.

Miss Ola Norman, who teaches in Hood River valley, came up from that place yesterday to attend commencement exercises.—Chronicle.

L. M. Miller of the Williamson valley, brother of Warren Miller, and who has been on his homestead, was in Hood River Saturday, on his way home.

The Echo News says H. J. Hibbard of Hood River has bought about 100 acres of land at Irrigon, a new town which has sprung up in Morrow county within the past year.

much in the grocery line, having sold out nearly all his stock. But he has a first-class ice cream parlor. Next is a new furniture store not yet completed. And then comes A. L. Carmichael's dry goods store, W. G. Godsey's blacksmith's shop, Rowley & Co's drug store, Holman's meat market, Star boarding house, J. B. Fletcher's general merchandise store, and a barber shop conducted by Mr. Beebe.

Mrs. Claud Coppel is visiting at her old home in Eugene. Frank Quinn came in on No. 1 Friday from a trip to The Dalles.

Charles E. Sawyer, representing the Timberman, published at Portland, visited Hood River, Thursday, in the interest of that publication. Mr. Sawyer is an old newspaper man of wide experience and is doing good work in his new field.

Charles Nolan, who has been working in the Glacier office and E. R. Bradley's job office for a month, left Sunday morning for Portland. He will also visit his brother in Salem, who is employed on the Statesman in that city.

Mr. George P. Crowell presented the Glacier office Saturday with a large bouquet of roses, no two alike, from her rose garden. They are the very recipients of their kind, the present offering ever sad, and makes him and his family more than ever delighted with Hood River.

The W. C. T. U. of Hood River organized a Loyalty Termination Legion on May 17, with an enrollment of 45 members with Miss Wright, superintendent and Raymond Early, president. The Legion meets every Tuesday afternoon at 2 o'clock at the U. B. church. A cordial welcome is extended to all the boys and girls.

L. N. Blowers, United States deputy marshal, spent Sunday in Hood River. His family returned with him to Portland, where they will remain for the summer.

The Echo News says H. J. Hibbard of Hood River has bought about 100 acres of land at Irrigon, a new town which has sprung up in Morrow county within the past year.
