

Nurserymen Have A Good Meeting.

The second annual convention of the Pacific Coast Association of Nurserymen met in the K. of P. hall in Hood River, Wednesday, June 2.

During the morning session various topics relating to the propagating and growing of young trees were discussed. The general session of the nurserymen, as expressed in the discussion, was to produce a better quality of trees, and to meet the demand of commercial fruit growers.

Problems pertaining to inspection were also thoroughly discussed. It seems that in several states the inspection of nursery stock has met with difficulty, and might be improved in the way of defining what are injurious insects.

Mr. McDonald of Salem, Or., gave a paper on horticultural law in relation to nurserymen. This was also an excellent paper and elicited an interesting discussion.

During the afternoon a question box was opened where numerous questions were brought up and answered by the various members present for the benefit of the organization.

Following are the officers of the Nurserymen's association elected for the ensuing year: J. B. Pilkington of Portland, president; C. A. Tomnesson of Tacoma, secretary-treasurer.

Among the delegates present were: C. F. Lansing, A. McGill, M. McDonald, J. A. Miller, G. W. Milner of Hood River, Or.; Albert Brownell, Albany, T. M. Hicks, Woodburn; H. A. Lewis, F. C. Walker, Russellville; T. V. Slueman, Mt. Tabor; Adam Eckert, Detroit, Wash.; J. A. Stewart, Christopher, Wash.; J. B. Pilkington, George Lane, Benson, Portland; H. S. Galligan, Hop, E. L. Smith, A. I. Mason, Hood River; Remlinger Bros., Vancouver, Wash.; P. McCormack, Vanhook, Wash.; B. H. Weber, The Dalles; W. K. Newell, Dilley, Or.; Alfred Ivor, Irrigon; O. F. W. Seltzer, Woodburn; C. A. Tomnesson, Tacoma.

Berries for the Veterans. The following interview with Captain J. P. Shaw appeared in the Portland Evening Telegram, Thursday, June 2: That the annual encampment of the Grand Army of the Republic, which will be held at Hood River June 15, 16 and 17, will be the most successful yet.

There will be three great parades. The first parade will occur June 28, when the king and queen will arrive in the city under the escort of the warship and gorgeously decorated barges prepared for that occasion.

Vote on Bonds June 20.

A special election to vote on the question of issuing \$13,000 school bonds will be held in Hood River June 20.

The question of bonds is for the renewal of the present indebtedness of \$8,000 on the Park school building, and the borrowing of \$5,000 additional for the erection of another school building on the hill. The present bonds will be due in 1905.

At a mass meeting held three weeks ago it was decided that the town district should erect a new school building somewhere on the hill at an approximate cost of \$14,000, the building to have four rooms.

Mr. Clark for figures on a block east of the base ball grounds. L. J. Wiley of Jefferson, Or., was elected principal at a recent meeting of the school board.

Caterpillars Raid the Sound.

According to a Seattle dispatch in the Oregonian of June 1, the Puget sound country is threatened with a serious raid from caterpillars.

The caterpillars are of the tent variety that prey upon the foliage. They appear simultaneously in Pierce and King counties upon the fruit and shade trees. The state horticultural inspector and his deputies made the first onslaught on the caterpillars.

The Park Board of Seattle sent out men to make the fight against the pest in the city parks and along the streets.

Mr. Evans, one of Mosier's farmers, was in Hood River last Friday. Mr. Evans says crops are looking splendid in Mosier this year.

Mr. Evans believes in the efficacy of the spray for the codlin moth. He sprayed thoroughly last year and saved 95 percent of his crop.

Miss Fowler Takes First Love. Miss Lella Fowler of Wasco was married Wednesday evening, May 18, in Sedalia, Mo., to Charles E. Laum of Smithton, Mo.

There is a pretty little romance connected with this marriage. It seems that Mrs. Fowler had promised to be the bride of a handsome young man living in Oregon, but while on a visit to her former home in Missouri, she met an old schoolmate; the old attachment was renewed and a wedding took place, much to the surprise of her friends in Oregon.

Losses of a Misogynist. Love affects the average girl much as a July sun acts on a roll of butter. No girl ever could resist a man who knew how to say "little girl" in the right kind of a voice.

Better Than a Doctor's Prescription. Mr. J. W. Turner, of Truheim, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor.

There are times when the very wisest girl makes a man think of nothing so much as a piece of soft, wet, scented soap. Nothing makes a girl so furious as to have some hateful man threaten to kiss her—and then back out—Pacific Monthly.

That Thrashing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches.

Sued by His Doctor. A doctor here has sued me for \$12.50 which I claimed as excessive for a case of cholera morbus," says R. White of Couchella, Cal.
