where no idlers will live off the industive of others.
Some are investing in "town lots" and paying as much for them as others pay for an acre. Our guess is that the sere will beat the town lot at White Salmon.
White Salmon is coming to the front.
A rubber tired buggy and a briek yard are the two latest developments.
Mr. Lauterbauch is plästering the sum of Alline Hudson, Willie Depee, Willie Stewart, Ralph Smith, Froming and Milbur Denny, Amy Hart, Leodica Haacke.
Community strives for, and, best of all, they get them when they make up their minds to have them. These thing secured and there is no trouble to sell lands that otherwise find no purchasers. Let us have both and make east Hood River valley a paradise, as it is destined to be when properly developed.
L. L. Baker and his son Claude, from Tacoma, together with Mrs. Oaks and her daughter, Ninon, from The Dalles, spent the day in this section as guests of the little white store people. Com-Oak to Second street, north on Second to River street, east on River to First street, south on First to Oak street, west on Oak to Second street, south on Second to State street, west on State to Park street, south on Park to school house, where flag presentation ceremonies will take place. supply it. Don't hesitate to call us up.

STATE AGRICULTURAL COLLEGE, EXPERIMENT STATION.

A. L. KNISELY, Chemist.

CORVALIS, OR., May 18, 1904.

Mr. G. E. Williams, Hood River, Or.

DEAR SIR-Your letter and the sample of arsenic have been received.

The arsenic has been examined and I should consider it as being one of the best commercial articles. The analysis shows that the sample contains 99.65 per cent pure arsenic. Probably the small amount not accounted for would be made up mostly by moisture, which was not determined. I should consider the sample as being one of Very truly yours, the best. I am,

A. L. KNISELY.

But we have been too busy during the past three or our weeks to write you about them, either by a personal letter or through the local paper. However, we have a nice line of nearly everything, and the fact that it will be a good thing for us to get your trade needn't blind you to Bit is complied with all the provisions of the United States, required is been of the statutes of the United States, required is a statute of the States, required is a state of the States Associated is a state of the States Associated is the state of the States, required is a state of the States, and states, and the States, and the States, and State of the States, and States, and state, of the States, and

8.-2,000 acres, unimproved at \$6 per

\$200.

commodations have been greatly in-creased. There has been a great deal of com-plaint recently about the water supply. The reservoir became very fifthy, Quantities of thick green seum deco-rated the surface while dead frogs in all stages of purefaction abounded in the water. When allowed to stand, a bucket of the water was green, and many persons became siekened from its use. It was finally drained off and the fifth and accumulated dregs that were

use. It was finally drained off and the filth and accoundated dregs that were exposed to view made a whole commu-nity indignam. The county authori-ties were appealed to by two or three different persons. A pair of old, dirty, greasy overalls were among the treas-ure found in the bottom. The bit week is a sepected home this week. Through Underwood, Saturday. Miss Effa Lyons is expected home this week. The conveil boarded the boat for Stevenson. Tuesday, on business.
