ALWAYS UP-TO-DATE

ANNOUNCES

A Great Slaughter Sale

Sheer Wash Goods

Goods will be offered for **less than Manufacturer's Cost**. A combination of circumstances has made it necessary to take this course to sell our beautiful stock **this season**. We never carry over anything, so the line is **new, snappy, and full of style**, **BUT WE NEED THE MONEY**.

Every effort will be made to **please you** just as though we were not selling goods for **half price**. A cold backward season has caught us with an elegant assortment of Voiles, Grenideris, Organdies, Suitings, Swiss, Dimities, Batistes and other popular weaves too numerous to mention in detail.

We will have on display in our East Window a line at a group price of **12c**, **not one piece of which is worth less than 20c and up to 35c** per yard regular. **12c!—think of that price!** You cannot afford to buy calico, when lovely patterns such as we show for 12c, 9c, 7c and 5c are at your command, and will be until further notice.

Yours truly,

FRANK A. CRAM.

N. B.—Many other rare snaps will be found on our counter at half price, which for lack of space we don't mention.

Sued by His Doctor.
"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White of Coquille, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath. No doctor could use a better remedy than this in a case of Cholera morbus, it never fails. Sold by all druggists."

At the annual school meeting in district No. 6, at Mount Hood, T. H. Larwood was re-elected director and M. W. Winans was elected in place of E. C. Miller. W. S. Gribble was re-elected clerk. In district No. 45, G. M. Leuz, O. H. Rhoades and H. Austin were elected directors, with J. M. Steel, clerk.

The White Salmon Enterprise comes out this week enlarged to seven columns. It is a good advertising patronage and there is no reason why the White Salmon editor should not bestir himself to give his readers the best community of White Salmon deserves.
And Winans left on a business trip to Cascade Locks, Monday afternoon. Mr. Winans recently returned from Pocatello, where he was sent to look after the special strawberry trains that left Hood River during June. Mr. Winans says the berries would reach Pocatello in fine shape. They had to be led twice between here and the Idaho railroad junction.

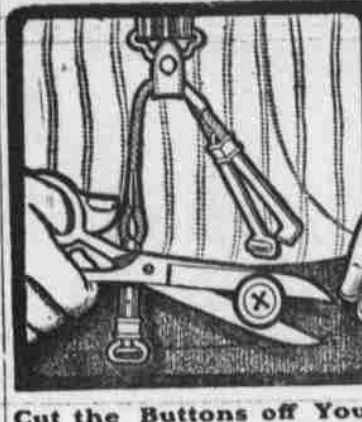

Mrs. Charles Early, Charles Costner, Les and Alvin Line Robers returned from Portland, Thursday, where they have been attending Grand Lodge of the Eastern Star. Hood River Chapter may be proud of their worthy matron, Mrs. Charles Costner, who has only been a member of the Order two years, is this year worthy Grand Ada, a point that few gain in such a short time—only those of bright minds and many friends, as Mrs. Costner surely has.

D. N. Byerlee, proprietor of the Okadale ranch at Frankton, and knight of the composing stick in the Glacier office, is the Hood River weather man. About the first of May, Mr. Byerlee received from Edward A. Beals, in charge of the weather bureau at Portland, a complete outfit for recording the varying temperature and for ascertaining the rainfall or precipitation. Since then Mr. Byerlee has been publishing his weekly reports at the head of the local column in the Glacier, where they form interesting statistics for filing away. Government thermometers are presumed to be made to, and as Mr. Byerlee's place is but a mile and a half west of the city, his records should furnish a very good idea of the weather as experienced in Hood River.

Better Than a Doctor's Prescription.
Mr. J. W. Turner, of Truheart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by all druggists.

J. E. RAND.

Following are the prices which the Hood River Fruit Co. paid for the East Side farms purchased last month: August Paasch, 40 acres, \$12,000; G. H. Castner, 11 acres, \$1,500; Warren Wells, 12 acres, \$2,200; E. N. Sprout, 10 acres, \$10,500; W. V. Johnson, 40 acres, \$8,500. The Galligan tract was unimproved.

Telephone linemen were removing nails and tacks from the poles about town, Saturday, and putting up "Post No Bills" signs. This will work a hardship on those people who delight in posting dodgers on buildings and poles to the disfigurement of the city. Nails were also driven into the poles and line-men have had their clothing torn by them. There is a heavy fine for posting notices where they are not permitted.

G. E. Williams, the druggist, had by far the nearest and most novel decorated window during the encampment last week. Three muskets were stuck by the side of what looked at night like a real camp fire, with a colored incandescent light burning in it. In another corner was a tent, with a soldier's uniform inside. The whole presented a very realistic picture. Moss covered the ground. There were many comments upon the window from the visitors.

Friday afternoon, about 4 o'clock there came a clap or two of thunder and the heavy patter of big rain drops. There were dusky flashes of lightning and the rain poured steadily for an hour or more, until the rain gauge of N. B. Byerlee, the weather man, showed a fall of .03 inches, the heaviest rain since spring set in a couple of months ago. The showers freshened up things and cooled off the sultry atmosphere. Luckily it waited until the encampment was over. Old soldiers are wont to declare that heavy rain storms always followed a big battle. Perhaps the swapping of war stories the day before produced sufficient condensations in the atmosphere to bring on the rain Friday afternoon.

School Meeting at Frankton.
Three voters turned out to the annual school meeting in the Frankton district, Monday. One of these, M. H. Nickelson, was elected clerk, another, Mr. R. Noble, was elected director, the third was already a director, G. D. Woodworth. There will be a meeting of the school directors Saturday, when the teachers will be elected, and the date set for the beginning of the next school term. This makes Mr. Nickelson's 12th term as school clerk—six times in Hood River and six times in Frankton district.

At the Barrett school house, about 20 of the voters were present. C. L. Couple was re-elected director and William Davidson, clerk. Professor Thompson has been re-elected as principal for the coming term at a salary of \$75 a month. A. B. Cash and Miss Norman have been re-elected for the intermediate primary grades.
Rev. J. L. Hershner will preach at Pine Grove next Sunday at 3:30 o'clock.

Mrs. J. P. Shaw has been elected principal of the eight-room Eastham school at Oregon City. Mrs. Shaw is a favorite in Hood River, where she has been teaching for the last four years, and was elected for the fifth time at a recent meeting of the directors. Hood River people will regret to see her leave here. Captain and Mrs. Shaw will make their home in Oregon City the coming year. The captain, who has a warm spot in his heart for Hood River, says he will return some day. During his residence here Captain Shaw has taken an active part in all things which pertained to the best interests of the city. His work for the Grand Army encampment did much to make it a success. Captain Shaw is now in the real estate business in Portland.

Worst of all Experiences.
Can anything be worse than to feel every minute will be your last? Such was the experience of Mrs. S. H. Newson, Desatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when the doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now am completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Chas. L. Clarke, druggist.
