Hood River Glacier

THURSDAY, AUGUST 4, 1904.

"Why not encourage a cheese factory or a condensed cream factory here?" inquires the Glacier's Odell correspondent. A capitol idea, and as Mr. Shelley goes on to say, with the enlarging of the clover fields this should prove a profitable industry in Hood River.

The Northwest Horticulturist suggests that early apples packed in 25 to 30 pound peach boxes would be more easily distributed and less apt to glut the market than when put in the full box, applying particularly to local markets, for no family desires to buy early apples in large quanities and as a rule this fruit bruises easily and decays rapidly when rehandled from opened packages.

In another column will be found a statement of the Hood River Band's finances. The boys have met the success which never fails to come to well directed, persistent effort. They are deserving of the highest praise. And that the band is appreciated by the citizens is apparent from the liberal patronage the band entertainments received in both town and country. It is no small undertaking to organize and train a band until it becomes as capable as has our band, and while every member of the band should be patted on the back for his perseverance, the leader and instructor, C. D. Nickelsen, is worthy of special commendation for the able manner in which he has conducted the work of the band.

The American mining congress will convene in Portland, August 22 and continue for five days. Among the addresses to be delivered are speeches of welcome by Govenor Chamberlain and Mayor Williams. Editor H. W. Scott of the Oregonian is down for a paper on "The Relation of Mining to the World's General Advancement." Among those authorized to appoint delegates are mayors of towns, boards of county commissioners and commercial clubs. Although Hood River is not directly interested in mining, we should be represented at the congress. In announcements of the congress sent to the press of the United States, Irwin Mahon, the secretary, makes special mention of the trip up the Columbia to Hood River and Mount Hood.

HOOD RIVER LEADS THEM ALL

Special to the Glacier:

Portland, Aug. 3, 1904.—Hood River had the only organized delegation attending the Oregon Development League in Portland.

While the meeting was largely attended, nearly every part of the state being represented, yet Hood River made the best showing. Hon. E. L. Smith, chairman of the delegation was very prominent in the work of the convention. His paper, read the first day, (which appears on another page) was received with great interest, and the manner in which he answered the numerous questions asked proved him to be thoroughly posted.

The showing made by Hood River was highly complimented by A. L. Craig, general passenger agent of the O. R. & N., by Portland's Commercial club and others. Mr. Craig said, "Hood River is always up and coming."

The cards distributed, having on one side an invitation to attend the fruit fair and editorial association in October, and a brief statement of Hood River's resources on the other, were read with interest, and many individuals were heard to remark that they would surely visit Hood River.

Wednesday afternoon, Hon. E. L. Smith of Hood River was elected president of the association.

N. Whealdon of The Dalles, in giving a report of the resources of his county, was very liberal toward Hood River.

The Hood River delegation was as follows: Hon. E. L. Smith, A. W. Onthank, S. E. Bartmess, J. S. Booth, W. E. Eccles, J. F. Stranahan, Joseph A. Wilson, S. Cochran, T. A. Reavis, A. D. Moe, A. Winans, George T. Prather, J. E. Rand, H. F. Davidson, W. J. Baker, H. C. Stranahaan, G. J. Gessling, N. C. Evans, B. F. Belieu, S. J. La France, L. Winans, A. C. Staten.

The Hood River Band Finances.

Less than a year ago the Hood River Band was organized with 12 members, the assets of the band at that time consisted of an empty treasury, a little miscellaneous music and a few battered-up instruments. However, the band was determined to equip itself for efficient service and to accomplish this by moving out upon a plane of moral and legitimate endeavor. To what extent the band has succeeded toward this aim, may be safely left to the verdict of the citizens of Hood River and the accompanying financial statement:

RECEIPTS.

Cash from citizens	$191 50
From Band Boys	144 00
From concerts	133 57
From engagements	119 33
Uncollected accounts	19 00
Total	607 40

DISBURSEMENTS.

For instruments	$328 18
For uniforms	94 50
For music	27 02
For incidentals	81 05
For repairs	5 25
Unpaid accounts	51 75
Uncollected	19 00
Cash on hand	65
Total	607 40

C. D. NICKELSEN.

Congregational. — Preaching service with worship will be conducted next Sunday at 11 a. m., by the pastor, Rev. J. L. Hershner. Christian Endeavor service, 7 p. m. with Miss Clara Blythe leader. Sunday school at 10 a. m. with A. C. Staten superintendent. The public is invited to these services.

At the conclusion of the morning service a business meeting will be held in response to a request of the Woman's Christian Temperance union, for the appointment of a committee to cooperate with it in relation to public morals. Every resident member of the church is hereby urgently requested to be present.

Secure Picture of Camp Overall.

Professor C. D. Thompson returned Tuesday from a trip to Lost Lake. He was accompanied by W. Y. Masters of Portland, who went for the purpose of securing some views of Mount Hood from the lake. The first morning there the lake was calm for an hour or more and Mr. Masters believes he secured some pictures that should rival the famous Gifford views.

Returning by way of Maple Dell the professor and his friend secured a group picture of the women dressed in overalls. Mr. Thompson says he will have a supply of the pictures on sale next week.

Second Nine Defeats Cascade Locks.

The Hood River second nine defeated Cascade Locks Sunday afternoon by a 15 to 2 score. From the following lineup it would appear that the Hood River first team had gone out to practice:

HOOD RIVER.		CASCADES.
Osborne	1b	C. Woodard
Mahan	2b	F. Garner
Wright	3b	S. Campbell
Richardson	ss	S. Norton
Pickett	c	C. Feren
W. Morgan	rf	A. Benson
Songer	cf	J. Cumber
Lakin	lf	J. Laheny
Thorp	p	J. Kates

Time game, 1 hour, 5 minutes.
Umpire, M. Martin.

One who saw the game says:

"On account of the Hood River boys batting the Locks' pitcher out of the box, Osborne and Pickett were the battery for the remainder of the game for the Locks, while Morgan took Osborne's place on first base, and L. G. Morgan took Morgan's place in right field for Hood River.

"Throughout the remainder of the game the Hood River boys walked up to the bat and took exercise and practise by striking at the air."

Fear It Is Mr. Jayne's Boy.

It is feared that the boy who is reported to have fallen overboard in Odell lake in an epileptic fit and drowned, was the son of A. A. Jayne of Hood River. The report in last Thursday's Oregonian stated the boy was a a son of Dr. Jayne of Springfield, but later information from Eugene says it was the son of a Hood River man. As Mr. Jayne and his two boys started two weeks ago for an outing in the Cascades, near Odell lake, and were to have returned before this, it is thought the unfortunate accident is detaining them.

Mrs. Jayne is out of town. She is thought to be visiting her mother, Mrs Sperry of East Portland.

U. B. Sunday School Picnic.

The U. B. Sunday school will give their basket picnic, Thursday, August 11. All parents of enrolled children are cordially invited to join with us in bringing baskets filled with such dainties as only can make a grand spread at a bookes picnic.

Transportation will be furnished as far as possible at 10 a. m. from the gym to the grounds near Button's spring below the East Side grade. The Transportation Co. will at least check your lunches though. Come and enjoy the program.

Sneak Thief Takes Harness.

Tom Bishop reports the theft of a $15 harness from his house just east of Abbott's store. The harness was missed last Thursday morning, and was taken while the owner slept 20 feet away. The officers at Cascade Locks and the Dalles have been notified and efforts will be made to overtake the thief whoever he may be.

Monday night's council meeting went by default, there being only three councilmen and the mayor present, besides the recorder and city marshal. Those who showed up were Mayor Blowers, Councilman Rand, Mayes, and Prather.

There's a bouncing new boy out at the Angus home. It is the third boy, and F. W. Angus is stepping high these days. This is his fourth child, his oldest one being four last April. More evidence of the productiveness of Hood River farms.

Dan Mears went to Mosier, Monday, where he has been awareed the contract for the concrete work on the reservoir for the city water system J Mosier is putting in for purchasers of property in his town site. The reservoir will be 17x27 feet in extent and 6 feet deep. Mr. Mears will also build a foundation for Mr. Mosier's house.

Lost.

A lady's red leather pocket book containing a door key, a pawn ticket for lady's watch and about seven dollars in money. Finder please leave at Mount Hood Hotel or this office. a28.

Notice.

TO CHERRY GROWERS in Hood River.—If you have any cherry or other trees that are not satisfactory, I will change them to any other variety. I recommend the Lambert in the cherry and Newtown and Spitzenberg in apples. Also any one wanting fruit that I guarantee can have them at prices that will compete with any one. The cherries, peaches, pears, etc', come from The Dalles, the only responsible nursery in that line on the Pacific coast that I know of. J. W. Kirkwood is endorsed by the fruit men of Hood River as the only reliable, practical man in the country. If any one requires signatures in regard to this statement, I will furnish them. J. W. Kirkwood has buried the hatchet and acknowledges the fact from actual experience, that fall pruning is best, as it prevents early snow or sheet from breaking the trees. It has the tendency to ripen them up and puts them in better condition to go through the winter.
a28 Work Guaranteed J. W. KIRKWOOD.

For Sale

At Paradise farm. Feed mill that took premium at Centennial fair as best mill in the world. Cost $300, will sell for $100. Strong buggy $20, one horse wagon $8, fodder cutter, harness, saddle furniture, etc cheap. Will also sell choice pieces of land handy to town.
