JOY IN RUSSIA.

**Army is Said to Have Assumed
the Offensive.**

St. Petersburg, Oct. 20.—There is
jubilation throughout the city over the
news that General Kuropatkin has re-
sumed the offensive, and the holiday
which began with little heart closed
brighter. The crowds in the streets
and the illuminations in honor of the
emperor's birthday gave a tinge of
brilliance to an evening otherwise de-
pressing, through a constant drizzle of
rain. Newsboys up to midnight raced
through the thoroughfares with evening
extras, shouting "Great Russian vic-
tory," and the crowds bought the pa-
pers greedily. Groups of men in bril-
liant uniforms, or in evening dress at
the hotels and restaurants, discussed
the change in the fortunes of war, but
all the retired captains of the Turkish
army to the rank of lieutenant colonel.

The emperor marked the day by ap-
pointing his youthful heir chief of the
cadet corps, and by a ukase pensioning
the survivors, widows and orphans of
the Turkish-Russian war and promoting
all the retired captains of the Turkish
army to the rank of lieutenant colonel.

Japanese Retreat Cut Off.

Mukden, Oct. 20.—It is reported
that the Russian army is advancing.
Rain is hindering everything. The
rivers are bankfull and the roads are
impassable. There are no bridges.
Supplies of all sorts are delayed.
News has just been received that the
Japanese left flank has been driven
back with heavy loss and its retreat
cut off. A Russian regiment is now
being hurried to the scene in the hope
of completing the rout. There was
fighting today on both sides of the great
Mandarin road.

THOUSANDS MAY BE LOST.

**Emigrant Ship With 2,200 People
Reported to Have Gone Down.**

London, Oct. 20.—The Standard
prints a dispatch from Vienna in this
morning's issue, stating a rumor is
prevalent at Fiume, on the Adriatic
coast, that a Cunard liner with 2,200
emigrants on board, which left that
city last week, has sunk off the Span-
ish coast in a storm.

Considerable excitement has been
created here by the report, although it
is believed if such a calamity had oc-
curred, London or Liverpool would
have received news of it from a point
nearer the alleged scene of the disaster
than Fiume.

Telegraphic inquiry made at Liver-
pool, where the Cunard line has its
British office, elicited no further news.
One of the officials declared he had re-
ceived no such report, and as far as he
knew, none of his colleagues was in
possession of more information than
was given to the world by the Stand-
ard. The Standard is a reliable paper.
It prints the rumor without comment-
ing on it, simply giving it for what it
is worth.

MINERS' STRIKE ENDED.

**Colorado Men Looking for Situations
Wherever They Can Get Them.**

Denver, Oct. 20.—The strike of coal
miners of district No. 15, United
Mineworkers of America, which has
been on for a year, has been practi-
cally closed up, according to a dis-
patch to the News from Trinidad,
Colo.

The commissionaires are closed, most
of the tents have been taken down and
the men are looking for situations
wherever they can get them. All the
men who were on strike up to October
12 are given union clearance cards.

It is understood that those of the
strikers who desire transportation to
other fields will be so provided.

William Howells and John Simp-
son, president and secretary, respec-
tively, of district 15, will not be can-
didates for re-election for their respec-
tive offices at the Mineworkers' elec-
tion, which occurs by referendum vote
during this month. Robert Smith
seems to be in the lead for president
and Harry Douthwaite for secretary.

Brings Gold From Nome.

Seattle, Oct. 20.—The steamer
Garonne arrived at midnight from
Nome with 529 passengers and \$303-
000 in gold. The entire trip south
was exceptionally stormy, there being
no letup at any time. The storm grew
so fierce on the 14th that a number of
passengers were thrown down in the
dining room and several of them sustained
painful injuries. Passengers were
thrown out of their berths, but none
was injured. The steamer Olympia is
due to arrive here from Nome tomor-
row.

Withdrawn From Entry.

Batts, Oct. 20.—A Miner special
from Great Falls says: The local land
office today received instruction to
withdraw from all forms of entry 276-
480 acres of land, in connection with
the Milk River irrigation project. Part
of the tract withdrawn lies northwest
of Havre, extending irregularly from
the line of the Great Northern to the
international boundary, comprising
part of the chain of lakes, reservoir
sites and lands along Milk river.

Coal Mine to Close.

Pittsburg, Pa., Oct. 20.—The direct-
ors of the Allegheny Coal company
have decided to suspend operations in-
definitely at their Hawick mines next
Saturday. This will almost depopulate
a village of 1,000 people.

OREGON NEWS OF INTEREST

COST OF ALIEN'S LIVING.

**Chinese. Spend \$7.40, Japanese
\$9.50 Per Month.**

Salem.—The cost of living of Chinese
and Japanese laborers form a part of
the biennial report of Labor Commis-
sioner O. P. Hoff and it is shown that
the expense of the former is \$7.40 per
month and of the latter \$9.50 per
month. The information was derived
from numerous reliable sources and the
figures given are an average of the
estimates received.

Though the total difference in the
cost of living is not great between the
two nationalities, there is a great differ-
ence in the proportion of the money
expended for American goods. A com-
parison is thus made:

Of the total cost of living for Japan-
ese, 85 per cent is for food and of this
87 per cent is American product and 13
per cent foreign. The expense for
clothes is 15 per cent of the total, and
all of this is for American goods.

Of the total cost of living for Chi-
nese, 81 per cent is for food, and of this
25 per cent is for American goods and
75 per cent for foreign. The expense
of clothes is 19 per cent of the total,
and all of this is for American goods.

FULL REGIMENT AT CORVALLIS.

**Growth of Attendance Makes a
Change Necessary.**

Corvallis.—An almost complete reor-
ganization of the cadet battalion, and
its evolution into a regiment, is a con-
sequence of the largely increased at-
tendance of students at the Oregon Agri-
cultural college. Instead of about
250 men, the ranks are now swollen
with about 380, and instead of the bat-
talion of two small companies in vogue
a few years ago, the regiment will now
comprise four full companies of infan-
try, a detachment of artillery, a signal
corps and the regimental band.

The infantry companies each com-
prise 64 men, or two more than in the
regular United States service. Mounts
are provided for the cavalry detach-
ment, comprising 24 men in addition
to officers. Two field pieces with as-
signments of horses and 14 men and
officers constitute the equipment and
personnel of the artillery detachment.

The signal corps numbers in men and
officers over 30, and the regimental
band, under command of a lieutenant
colonel, the officers being newly elected
under the orders providing for the or-
ganization, and issued by Lieutenant
Quinlan.

Athena Wheat Crop Shipped.

Athena.—But little of Athena's im-
mense crop of wheat remains in the
warehouses, with the exception of that
purchased and stored here by the mill.
As the greater part was sold early in
the season and shipped before cars be-
came scarce, there remains but a small
part of the crop to be shipped. The
Preston-Parton Milling company pur-
chased about 120,000 bushels at
Adams, Eastland and Athena, and have
their warehouses filled to their capac-
ity. The elevator could not be used
this season owing to its unfinished con-
dition and lack of machinery. As soon
as power can be obtained a part of the
bins will be filled for immediate use.

Good Road to Blue River.

Engineer—W. T. Carroll, who has
been in charge of the improvement
work on the road leading to Blue river,
has completed his work and returned
to Eugene. A force of men and teams
has been employed for two months and
a large amount of good road along the
McKenzie river is the result. Team-
sters having over the road report that
the work has been done in a most sat-
isfactory manner, and that it is now
an excellent mountain road. The cost
to the county and people contributing is
nearly \$6,000.

Looking Toward New Postoffice.

Oregon City.—Postmaster Raadall
has received from the office of the su-
perior architect at Washington a let-
ter inquiring as to the amount of space
that is now occupied by the postoffice
and the land office, and asking the
amount of rent that is being paid for
the quarters so occupied. This is con-
sidered locally to be an indication that
the government authorities at Wash-
ington are investigating the actual needs
of a government building.

Goals Take Fair Prizes.

Monmouth.—Riddell Bros., who are
breeding pure bred Angora goats, took
some of their stock to St. Louis and
entered them in the contest for premiums.
They were awarded one first sweep-
stake on doe kid and fourth on buck
kid. They have for years been im-
proving their stock by addition of only
pure breeds until they have a model
herd.

Spur for Logging Company.

Albany.—A new spur of the Corvallis
& Eastern railroad is being constructed
above Detroit. It will run from a lit-
tle above Detroit almost to the Breiten-
bach river and will be one mile in
length. It will run through splendid
timber and is being constructed for
the benefit of the Curtis Lumbering com-
pany, which will establish logging
camps along its extent and secure logs
for its mills at Mill City.

Fall Work Begins.

Adams.—The past few days of rain
have enabled farmers to commence
seedling and harrowing. Fully as large
an acreage of wheat will be fall sown
as was sown this season.

Northwest Wheat Markets.

Portland—Walla Walla, 81¢@82¢;
Bluestem, 85¢; valley, 85¢.
Tacoma—Innaten, 86¢; club, 82¢.
Colfax—Club, 70¢; bluestem, 75¢.

OUT OF SERVICE.

**The President Moves in Steam
Disaster Inquiry.**

Washington, Oct. 19.—The report of
the United States commission of inves-
tigation into the disaster to the steam-
er General Slocum was made public to-
day. In connection with the impor-
tant findings of the commission pre-
sented in the report, President Roose-
velt, to whom the report was sub-
mitted, has written a letter to Secretary
Metcalf, of the department of com-
merce and labor, briefly summarizing
the report and directing him to carry
into effect the recommendations of the
commission.

The president also directs that Rob-
ert S. Rodie, supervising inspector of
the second district, steamboat inspec-
tion service, and James A. Damon
and Thomas H. Barrett, local inspec-
tors in charge of the port of New
York, be discharged from the service,
the commission holding them directly
responsible for the laxity of the steam-
boat inspection to which the Slocum
disaster was directly attributable.

Appended to the report is a report
from the department of justice on the
criminal proceedings connected with
the disaster and the life-preserver
cases.

SUFFOCATED AT A FIRE.

**Four Persons Lose Lives in a New
York Tenement House.**

New York, Oct. 19.—Four persons
were suffocated and 15 were overcome
by smoke in a fire which gutted a five-
story brick double tenement house at
15 Moore street, Williamsburg, early
today. Two of the injured, a boy and
a girl, probably will die. Incendiarism
is suspected.

The fire originated in the basement
and ran up a dumb waiter shaft caus-
ing the crowded flats to fill rapidly
with smoke. The flames spread
through the flats on the fourth and
fifth floors, and escape for the persons
sleeping there was cut off. Firemen
and police did heroic work and soon re-
scued more than a score, 15 of whom
were almost suffocated. These were re-
moved to St. Catherine's hospital. Two chil-
dren among the number were in a dy-
ing condition.

One fireman in attempting a daring
rescue was overcome by smoke and had
to be carried out by his fellows.

The loss was only about \$3,000.
Several fires occurred in the neigh-
borhood during the early hours today, all
of suspicious origin. They appeared to
have been started by the same hand as
all were discovered in the basements of
tenements. Only one noted, how-
ever, was accompanied by loss of life.

EARNESTLY DESIRE PEACE.

**Japanese Shocked at Victory Won
With Such Shedding of Blood.**

Tokio, Oct. 19.—There is a strong
appet for peace in the appalling trag-
edy which is now under enactment in
Manchuria. Both armies have fought
ferociously for a week, and desperate
fighting still continues. It is prob-
able that the death toll will be largely
increased before the final shot is fired.

The preliminary reports indicate that
about 60,000 men on both sides have
been either killed or wounded, the
larger portion of them being Russians,
since the armies of the two belligerents
closed in combat.

Even the Japanese, to whom the
great victory is of paramount impor-
tance, seem to be shocked by the slaugh-
ter of their enemies. The Japanese peo-
ple are receiving the news from the
field of battle calmly, and there can be
no doubt in the streets proclaiming
the victory of their nation.

Few flags are displayed. Probably
later on there will be a procession with
the consequent jollification, but there
are heard many expressions of opinion
that no demonstration of any kind
could be held. A prominent Japanese
said to the Associated Press correspond-
ent tonight:

"We have won a sweeping and a de-
cisive victory which may prove to be
the salvation of our country's exist-
ence, but we regret both our own losses
and the terrible slaughter which our
forces have inflicted on the enemy.
We regret still more the necessity
which forced us to engage in this war."

Suffers From Hurricane.

Mexico City, Oct. 19.—News has
reached this city that the town of San
Blas, on the Pacific coast, has suffered
severe damage as the result of a hurri-
cane. Word from Tepic, a town
south of San Blas, stated that 250 huts,
occupied by the poorer classes, were
totally demolished. During the storm,
which was very severe, hundreds of
people fled to nearby mountains, fear-
ing a tidal wave. Several sailing ves-
sels foundered, but so far as can be
learned no loss of life resulted either
on land or sea.

House is Blown Up.

Indianapolis, Oct. 19.—A telephone
message from Rensselaer reports that
the residence of Thomas J. McCoy,
president of the defunct McCoy bank,
against whom indictments were recent-
ly returned for alleged complicity in
the wrecking of the bank, has been dy-
