Henry Sevirkrupp has 80 acres adjoining "Eggermont" on the East Side, and has a fine young orchard started, composed mostly of Spitzenbergs and Newtowns.

Dr. Watt's 30 acres in bearing orchard is one of the valuable commercial orchards in the valley. This year the effect of irrigation is very noticeable.

Near the forks of the road leading to the Odell district is the 100-acre farm of Sim Copley. His bearing orchard comprises eight acres, and he has also a young 10-acre orchard.

Across the road to the north of Dr. Watt's orchard is the oldest in that section, and comprise many varieties, but the young trees are nearly all of the two best varieties.

Mr. Smith, ten years ago, bought 100 acres of this land from Chris Dehman, paying \$1,000 for the same. Mr. Smith set 30 acres of the land to apple trees, and Dr. Dehman was to take care of the orchard for four years.

When Mr. Vanderbilt purchased the Beulah Land farm this spring, he immediately expended \$3,000 in improvements to the house and barn.

A. I. Mason is very pleasantly situated on 50 acres of some of the best apple land in the valley. He is a close observer of local conditions and is going
