The recent of the committee will name the fruit.

Many able speakers and men learned in the secrets of horticulture have been secured for the meeting of the Northwest Fruit Growers' association, which convenes at Boise, Monday, Tuesday and Wednesday, January 16, 17 and 18. There promises to be a large attendance from the fruit growing sections of Oregon, Washington, Idaho and British Columbia.

Idaho was represented at the last annual meeting in Portland with an enthusiastic delegation, and it would be only fair that Oregon should return the compliment at the coming meeting at Boise. The railroads have provided recompliment at the coming meeting at Boise. The railroads have provided recompliment at the coming meeting at Boise. The railroads have provided recompliment at the coming meeting at Boise. The railroads have provided recompliment at the coming meeting at the solution of the meetings, containing the addsesses, reports, discussions and other matters of interest will be sent to the members. Anyonegnay become a member of the association by giving his name to the secretary for entry on the roll of membership.

Officers of the Northwest Fruit Growers' association are E. L. Smith of Hood River, president; W. S. Offner, Walla secretary. The vice-presidents for the committee will name the fruit.

JOSLYN'S CLAIM **FINALLY GRANTED**

After waiting 50 years for the government to pay him for the use of his farm as a fort during the Indian ontbreak at White Salmon in 1855, the announcement was made on the day of his death that E. S. Joslyn's claim of \$1500 is to be allowed at the present session of con-

the next generation should attend this meeting as a preparation for their life work

"The annual meetings of horticulturists of the annual meetings of horticulturists grow more important yearly to those of the deprivation of the use of the claimant's farm on the Columbia river in 1855, 1856 and 1857. During the years of the mentioned time the claimant's land was used as a military station by the United States troops engaged in suppressing an Indian outbreak.

In the half-century that has intervened Joslyn has been engaged in pushing his claim. On the day that the letter announcing that it would be paid Joselyn died and the claim will be paid to the widow.

An extended account in the Glacier two weeks ago of the life of Pioneer Joslyn told something of the Indian troubles in the early 50's. What was Joslyn's farm is now the property of Judge A. R. Byrkett at Bingen landing. Some logs of the fort constructed on this farm by the government in 1855, today form an outhouse on Judge Byrkett's

farm by the government in 1850, tonay form an outhouse on Judge Byrkett's farm. This building is an interesting old relic. Port holes are plainly visible in the logs, and within recent years trom the same of the logs, and within recent years crease of \$752.57, over that of last year. No. 32—Wrentham, nue and the purchases made in connect No. 40—Year This year.

music has been secured for each opening session.

Tuesday morning there will be papers and discussions on the following topics:

"Codlin Moth," Professor E. D. Ball of Logan, Utah; "Eradication of the Codlin Moth," W. N. Yost, Meridian, Idaho; "American Fruits in Canada."

By Burt Van Horn of New Fane, N. Y.
Henry D. Hayes, who has been down in York state buying apples for C. H.
Weaver & Co. during the fall, and who returned to the city a day or two ago, reported that he had shipped a number of Spitzenbergs and Newtowns to New York city recently from this section for which he realized \$1.50 a logar facenses in the past year brought into our treasury \$2400, that will not be collected this year, hence that amount less to expend on improvements. I would therefore recommend that we observe the most strict economy and that no indebtedness be created unless it be by a bond voted by the tax payer.

York city recently from this section for which he realized \$4.50 a box.

The sewer matter is an important one. which he realized \$4.50 a box.

Mr. Van Horn is also a large York state apple grower, but he seems to be equally as well represented in the Hood water system. As this is the Lewis in the United States circuit court in Portland last week. The case grew out

Where They all Pull Together

According to the Glacier there is very likely to be a railroad built from Hood River up the valley to the mountains. The rate will be made effective during the periods in which low one-way passenger rates are named, under what is termed colonist or homeoway passenger rates are named, under what is the road will be built. Such a road termed colonist or homeseekers' rates, would an uestionably be of great benefit combining to enable intending settlers to Hood River, and as her people usually to migrate at a minimum cost.

The Proof Pield and Parm stand not in the order of their doing but do, we suppose they will get what Analyses of the different brands of catsup on the market show that pump-kin forms the basis of most of them and by a 10 do, we suppose they will get what they are after. Such communities usually do, particularly when backed up by a 10 d newspaper like the Glacier by a 40 d newspaper like the Glacier for instance —Irrigon Irrigator.

to City Council,

Mayor Blowers would have Hood River make a good impression on the Pacific coast. At no very remote content to the Pacific coast. At no very remote period some of the arid plains of Eastern visitor here next summer, and with this end in view he asks the citizens to clean up their yards and assist in every way in making the city appear neat and tidy.

The text of the mayor's message to the council is as follows:

To the Honorable City Council of Hood River—Genthemer: In submitting the following report and recommendations great satisfaction in being able to say great satisfaction in being able to say that the general conditions effecting the council yare in the highest degree favorable.

A comparison of the existing conditions, with those of the past most favorable period will, I believe show that so high a degree of prosperity was never before enjoyed by our people. Revenue for the fiscal year just closed was as follows:

WASCO DISTRICTS

world.

Evidence is offered that a progressive drying out of the climate is taking place on the Pacific coast. At no very remote period some of the arid plains of Eastern. Orgon were evidently covered with forests of trees resembling existing species nearer the coast. With the clearing away of the present forest, the end of the redwood as a source of lumber will be at hand, because existing conditions on tavor its growth.

mills Representative Jayne be instructed to introduce an amendment to the city mills charter touching on the sewer question, mills whereby an assessment can be made on mills a lot whether directly or indirectly ben-The chairman was then instructed to appoint a committee of five including himself, to draft the proposed amend-ments to the charter and to confer with Representative Jayne concerning their presentation to the legislature at Salem.

It was further moved and carried that

MENEFEE WILL

mills Frank Menefee, district attorney for mills Wasco county, informs the Glacier that mills he will do all in his power to enforce mill the law in respect to the closing of the mills saloons in Hood River. The people mills voted to have them closed, he says, and mills as that is the law, he intends to see that mills it is enforced. But to do this he asks

mills for the co-operation of the people of Hood mills River. "I have heard it reported," said Mr. mills mills Menefee, "that the saloons were being mills kept open in Hood River since the first of the year as heretofore and have also heard that the question was being asked as to what I intended to do about it. Will you kindly inform the people of Hood River as to the situation so I may

be able to work in harmony with those who desire to see the laws enforced. "Believing as I do that the people of Hood River, or any other locality, have River section as he is in York state where he has large orchards. He has 250 acres planted there and finds the investment highly satisfactory. It is reported on good authority that there are some single acres in Hood River valley that are making for their owners \$1000.

violation of the law has occured.
"However, I can not be personally resent to watch for violations of the law and information will have to come to me from some of the Hood River citizens or officers, in the way of testimony which can be used in court; and if any one will furnish me with the names of two substantial people who are knowing to the fact and can swear that liquor has een sold in violation to the law, nothing further will be asked of the people, but will do the rest. .

This shall be my position so long as the good people of Hood River shall leave their action taken at the last election undisturbed. I am ready to do my part but must have the co-operation of at least, a part of the people of Hood River in the way of furnishing me in-formation where I can obtain the neces-sary evidence to make a case."

Lewis and Clark Fair Notes.

Nebraska will have a big display at the Lewis and Clark exposition. A Cario street, and Asiatic village, and an exhibit showing the life and cur toms of the Japanese and Chinese will be features of the "Trail" at the Lewis

and Clark exposition. Two freight care, bearing the cream of Wisconsin's educational exhibit at St. Louis, are on their way to Portland, where the exhibits will be shown at the Lewis and Clark centennial. A most interesting feature of the

Lewis and Clark fair will be a miniature reproduction of a complete mine in operation, with its tunnel, shaft, hoist, cars and track, drills, stamp mills, and camp. On account of the large acreage of water at the Lewis and Clark exposition, special attention will be given to water sports. Mimic naval battes, on a scale mpossible at previous expositions, will be held during the fair.

The Oregon territory, which Lewis

the growers and buyers could not agree on the prices, and as these apples keep well they will probably hold them for 60 days longer.

The Oregon Agricultural college cadet corps is planning to march in a body to Portland, and camp near the Lewis and Clark fair grounds during the exposition. Hood River, Ore.
