He is a stock on Hood River and proposes to give growers here the benefit of his 40 years experience. Mr. Kirkwood claims also to be a professional pruner and grafter and asserts that he can do successful grafting any month in the year, that this has been deposited, but that to explode old fly notions, he has \$1000 to prove his assertion and diffuses any one to dispute them.

The Hood River Apple Growers' union has obtained a lease of the ground now occupied by the O. R. & N. section house. No announcement has been made of the plans of the Apple Union, but it is presumed that arrangements will be made for the erection of a warehouse for handling the coming year's crop.

The present building of the section house will be moved to a point east of the passenger depot, between the depot and the bridge. Frankton Has the Banner Tax.
The announcement on page one of this issue that the highest tax in the county had been levied on the farm of Frankton sited the highest tax, 25 mills.

PUT TAX LEVY AT 27 MILLS

The state and county tax for Waco county will amount to 27 mills, says Commissioner Hilliard, who returned yesterday afternoon from an extended meeting of the county court at The Dalles. The amount of the tax is the same as last year, and has been appointed as follows:

| | |
|--------|----------|
| State | 6 mills |
| School | 17 mills |
| County | 4 mills |
| Road | 3 mills |
| Total | 27 mills |

The state tax was a fraction less this year, but by adding a trade from the county levy, a small fund will be created for bridge purposes.

The meeting of the county court was closed last evening seven o'clock. Two days were taken up in discussing the levy for the year. Two hundred volumes have been drawn upon for this session.

The reports of the supervisors were received, and audited, and were approved. No changes were made in the road districts of Hood River valley. The petition to divide No. 2 ran through.

The matter of permitting Chris Deaton to leave the Odell school district and unite with the Pine Grove district was left to see if the parties interested could not compromise. Some other slight changes in school districts throughout the county were left to the county superintendent to see after.

The petition for a road through the farm of Peter Higgins and wife has strong recommendation and was dropped.
