Full line of all kinds of meat, fresh and or red, at Holman's.

E. L. Pennock, bookkeeper for the Wind River Lumber Co. at Cascade Locks, spent Sunday in Hood River.

Miss Kate Shannon of Pacific University, Forest Grove, returned Tuesday, after a visit with Miss Gladys Hartley.

Mr. and Mrs. G. M. Fraser of Portland are guests at the Waucoma. Mr. Fraser is here to find relief from asthmatic trouble.

The revival meetings at the Valley Christian Church are progressing nicely. Great interest is being manifested. There have been ten conversions during the last week.

N. M. Munch of Underwood was a Hood River visitor Tuesday morning. Mr. Munch says there is about two and one-half feet of snow on his farm on the side of Underwood mountain.

The Davidson Fruit Co. has already made some of the contracts for construction of the brick cold storage warehouse and ice plant. The machinery has been bought, but the condition of the weather will determine when work can begin on the building.

Mr. and Mrs. Martin Crane of Frankfort, Mich., were in Hood River a couple of days last week, the guests of Mr. and Mrs. F. E. Jackson. Mr. Crane is engaged in the lumber business and was on his way to the Sound with the intention of locating on the coast in the near future.

Shelley, the Little White Store man, has been busy all week handling goods to his business house at Odell. His stock met with an accident last Friday, and he says so rapidly do goods here in shelves that the ware house was empty by Monday morning. Shelley is a retailer, and appears to be enjoying a splendid trade.

F. H. Miller returned Monday afternoon from The Dalles, where he secured title to 80 acres of land south of Duks Valley, by buying scrip for the land. Mr. Miller says there has been some attempt to jump the holding, and he is about to drop the matter. He is now making an extended visit. The two old soldiers are having the time of their lives recounting their experiences in the days when they bunked together and drank from the same canteen. In the 40 years since they had separated when they stacked arms for the last time, many of their comrades had mustered out and will never again respond to roll call on life's battle field, and this is the sad part of their meeting, when they learn from each other of the deaths in the ranks of their comrades.

Mr. Davidson is an agent for the New York Life Insurance company. With his wife he is making a tour of the coast.

Frank Chandler and son Willie were visitors in Portland last week.

Representative A. A. Jayne was home from Salem last week, returning Sunday afternoon to assume his legislative duties.

An agreeable movement of the bowels without any unpleasant effect is produced by Chamberlain's Stomach and Liver Tablets.

Mrs. Allen Fulton, formerly of Hood River, but now for resident in Winant, has returned to the city, visiting her daughter, Mrs. Andy Gatchell.

Personal in Portland Journal: Attorney Frank R. Davenport is in from Hood River.

Pete Isenberg, doorkeeper in the lower house at Salem, arrived Sunday night to spend the Sunday recess with his family. It's a cold day when Pete doesn't stick up a good thing at a legislative session.

Charles T. Early, of the Oregon Lumber Co., spent Friday and Saturday of last week in Portland, transacting business.

W. H. Eccles, accompanied by Judge Knapp, of Ogden, arrived from the East Tuesday morning.

Joseph A. West, chief engineer of the Sumpter Valley Railway company, and having in charge the present Oregon Lumber company survey, relative to a railroad up Hood River valley, has returned from Baker City, and gone into camp near the head of Neal creek.

Sam Ziegler was over from White Salmon last Thursday and fearing he would become snowbound, Sam hurried back to the land where the raise early strawberries, and don't have deep snows.

Canbypost, G. A. R. and W. R. C., held joint installation services Saturday. Mrs. T. J. Canning officiated as installing officer for the corps and Captain Rivers for the post. A substantial dinner preceded the installation ceremonies. There was a good attendance and every one enjoyed the occasion.

John Koberg was in the city Monday morning from his ranch up the river. Mr. Koberg states that the snow there is three feet deep at his place, and about the same at Mosier. The storm seems to have come from the north-east, and to have faded out the further south it got. At Mount Hood, so the correspondent states, the snow was only eight inches deep.

A few of the near neighbors gathered at the home of Mr. and Mrs. A. C. Loft, Monday, to spend the evening in games. After about 11 o'clock lunch was served. Those present were: Mr. and Mrs. Harry Dano and son, Mr. and Mrs. T. Bates and niece (Miss Driver) from The Dalles, Mr. and Mrs. A. Gatchell, Mr. and Mrs. George Sutherland and children, Mr. and Mrs. J. Thornton and children, Mr. and Mrs. J. Hemmerl, Misses Annie and Celia Hemmerl, Dick and Pete Hemmerl, Mr. Powell. All enjoyed a pleasant time.

A deal is on today whereby a stock company, composed mostly of business men of the city, will purchase the Columbia Brewery from August Buchler, the consideration being \$35,000. Mr. Buchler has been in business in The Dalles about thirty years, having purchased the brewery from the late Emil Schanno. He has always been straightforward in his business principles and ready to assist in every enterprise, never refusing a request from any charitable institution in the community, and it is to be hoped he will decide to remain among us. We understand that when business matters have been adjusted Mr. and Mrs. Buchler expect to take a trip to Europe, after which they will decide as to the course they will pursue.—Chronicle.

To Celebrate Lodge Anniversary.
Wanna temple, No. 6, Rathbone Sisters, had a very interesting session last Thursday evening.

After transacting a considerable amount of routine business, a committee from the Knights of Pythias stated that their expected to hold a semi-public meeting on the evening of February 21 to celebrate the anniversary of their order, which occurs February 22, and the anniversary of their local lodge, which occurs on the 23d, and invited the Sisters to join them.

Wanna temple was instituted February 22, and they can celebrate on the 21st, and cheerfully accepted the invitation.

Speakers will be procured from abroad to address both lodges, and arrangements will be made for a most enjoyable entertainment and evening.

After the temple closed a half hour of dancing with the ladies was very much enjoyed by the goodly number of Knights present.

To Reincorporate Ditch Company.
Robert Lourenco and Jim Langille returned Tuesday morning from The Dalles, where they went to secure the services of a committee to look after the reincorporation of the Mount Hood Water Co. The stockholders of the company allowed their charter to lapse and found it necessary to reincorporate.

The company under the new charter will file on 2000 inches of water from the east fork of Hood river. The water will be taken out above the toll bridge and will be used to irrigate 1800 acres of land which are now under cultivation by use of this water. There are now about 200 acres in cultivation.

The value of the ditch stock will be placed at \$1.50 an inch, six and two-thirds inches of water to constitute one share. There are at present about 20 stockholders in the Mount Hood Water Co.

Too Good A Thing to Lose.
Learning that a bill for the creation of Cascade county, the western boundary of which will run along a line extending up Seven mile hill, below The Dalles, will be introduced in the legislature by Representative Jayne, and that a petition will accompany it signed by Hood River people, at a meeting held Monday morning it was decided to circulate a remonstrance against Hood River, but feel that such a move would be injurious at this time. It is not thought that the new county has a ghost of a show; but it was thought advisable to present to the legislature the opinion of the leading business men of the county of Wasco on the subject.—Chronicle.

Decide for Woman Suffrage.
The speakers for the affirmative were awarded the decision at the high school on the question: "Resolved, That women should have the right to vote."

The pupils supporting the affirmative were: Mair Dano, leader; Lella Harshar, Stella Parsons, Bess Evans, Marjorie Baker led the negative, and was supported by Elwood Luckey, Frances Bragg, Edith Copple.

Superintendent Neff, Professor Wiley and Paul Trilber were the judges. Their decision was that the affirmative had won out by one point. The next debate will be held this coming Friday afternoon.

Water Notes.
From and after January 1, 1905, the Waucoma Hydrant Co.'s family rates will be raised to \$1.25 per month. A rate of 25c will be made on family rates if paid when the collector calls.
H. C. COE, owner.

Water and Light Notice
All water and light bills must be paid at the company's office each month in advance, on or before the 10th day of the month. No collector will be sent out hereafter. In all cases where bills are not promptly paid when due, the services will be discontinued until all arrearages are paid.
HOOD RIVER ELECTRIC L. P. & W. C.

J. E. RAND.

WANT CURFEW RUNG; NO DICE ON SUNDAY.

The city council was flooded with petitions Monday night asking that body's assistance in an endeavor to better the morals in the city. A petition signed with 75 names asked for the enforcement of the curfew ordinance, and that a bell be rung at 9 o'clock in the summer months and at 8 o'clock in the winter months.

Mayor Bowers considered it all right to ring a curfew, but wanted to know where a bell could be secured. On motion, the matter of amending the curfew ordinance was left to the judiciary committee, with a request for a report at the next meeting.

A long petition requesting that cigar stores and pool rooms be closed on Sunday was filed as follows:

"Believing that the public welfare of our city and the moral welfare of the boys and young men of our city to be seriously menaced by the open pool rooms and the cigar and confectionery stands where dice throwing and other kinds of gaming are indulged in, therefore we, your petitioners, respectfully and earnestly request that the necessary steps be immediately taken for the closing of all such places on the Sabbath day, according to the tenor of the law as prescribed in sections No. 1944 and No. 1953 of the Oregon statutes."

The closing of all places where cigars are sold on Sunday was informally held to be impossible. A motion to refer the petition to the judiciary committee met with no second, and the petition was left hanging in the air.

Ordinance No. 93, introduced by Mayor Bowers, passed first reading and was referred to the judiciary committee for correction. The ordinance provides for fines for selling cigarettes or tobacco to minors, and for fine and punishment of minors caught smoking cigarettes.

The ordinance as introduced had the mayor, recorder and city marshal liable for the enforcement of the law, but to this Mayor Bowers objected, believing it would be hardly legal. For this reason the ordinance was sent to the judiciary committee for revision.

Mayes was willing that this clause should be struck from the proposed ordinance.

This being the first meeting of the

UNDERWOOD TO BUILD NEW DOCK

Special to the Glacier.
Underwood, Wash., Jan. 17.—A mass meeting was called at the school house last Saturday to ascertain the sentiment of the people of the community in regard to the erection of a steamboat dock at or near Captain Olson's landing.

The meeting was well attended and everybody present exhibited an unusual interest in the proceedings. It is of course a question of vital importance to the community, as the landing known as Underwood Landing may be said to have ceased to exist, inasmuch as no steamboat can be induced to make regular landings here in spite of increased and steadily increasing business.

The possibility of building a dock at the old Underwood landing has been under consideration for some time, but the enormous capital it would take to build a substantial dock there, as well as to maintain the same, would according to estimates given by competent parties, be far beyond the present ability of Underwood citizens.

The meeting was called to order by Fred Luthy. Peter L. Sather was elected temporary chairman; Professor C. H. Cromwell, secretary. A committee of seven, consisting of William Frost, R. D. Cameron, William Kellendonk, Fred Luthy, Harry Olson, C. H. Cromwell and P. L. Sather was elected to examine the proposed site for a dock; survey a road from C. T. Robard's store down to the proposed dock site; have estimates made on cost of construction of dock and road; ascertain what, and to what extent, outside assistance can be secured, etc.

As soon as the committee is ready to report, a meeting will be called again, permanent officers elected, articles of incorporation drafted, bylaws adopted and such other preliminary business attended to as may be found necessary to insure speedy progress in a business-like way and on business principles when construction commences.

A number of parties have been interviewed, who were prevented from attending the meeting, and they are all in favor of the movement and without exception give assurance of their co-operation.

P. L. S.

The Ladies aid society of the M. E. church will meet Friday afternoon at the home of Mrs. Deitz.

The Women's alliance of the Unitarian church will meet Friday afternoon at the home of Mrs. Franz.

EXTEND WATER MAIN DOWN STATE STREET

The Water Co. is now corresponding for prices on pipe, and it is the intention to extend the 10-inch main from the Brossus corner to the full length of State street, states Manager H. F. Davidson.

The company expects to have the pipe laid by the middle of April. A 2-inch connection will be made with the Sherman avenue main at Dr. Watt's corner, and cross connection will be made on each street with the main on Oak and River streets. It is expected that this will give all the pressure needed for a good domestic supply for several years to come.

"Had the city taken up the company's offer to furnish water for fire protection," says Mr. Davidson, "the company would have expended \$10,000 in an increased pipe system over the lower part of the city. The proposed system will necessitate an outlay of several thousand dollars."

The upper part of Winans addition will receive water from the new system on the hill, while the lower addition will be supplied with an increased pressure from the larger spring in Bowers addition.
