Locate your home where the best improvements are going.
Sewers, Spring Water and Sidewalks, fine view and good drainage.
All these are found in
Riverview Park Addition
Which will be included in the First Sewer District, and which is beyond question the most desirable residence section in Hood River. Buy now before the prices advance.

Hood River Development Co.

GEORGE T. PRATHER, Manager
A. A. JAYNE, Secretary

IN MEMORY OF FRANCES WILLARD
The W. T. Willard Monument Committee is making a handsome offer to some enterprising citizen to erect a monument to the memory of Frances Willard.

The monument is to be a four-sided granite block, 6' high, with the inscription.

"In Memory of Frances Willard, 1859-1911."

It is to be set on a stone plinth, 2' square and 2' high, and is to be located on the plaza of the City Hall.

The monument is to be paid for by public subscription, and the Committee is asking for the assistance of all interested in the cause to contribute to the fund.

Any donations may be sent to the Secretary, A. A. JAYNE, at the office of the Hood River Development Co.

ROSA GROVE
HN and Mrs. George have moved into their new home on the hilltop, ready for occupancy. It is a charming home, and the view from the balcony is magnificent.

The house is equipped with the latest improvements, and is a credit to the city.

FARMER APPEALS FOR THE RAILROAD

Hood River, Ore., Oct. 31--Mississippi River Water is Fast Flowing

Mississippi River Water is Fast Flowing

In many ways the homes of the new farmers are situated in much the same situation as those of the old farmers. In both cases the homes are on the outskirts of the city, and the only access is by rail.

As a result, the water supply is very limited, and the farmers are forced to depend on the city water, which is not always sufficient.

In many cases the farmers have purchased large quantities of water, but the water supply is still inadequate.

The farmers are asking for the construction of a new water main, to be paid for by the city, and the cost of the work is about $10,000.

The city is now considering the matter, and hopes to have the work completed before the winter.
