

CORRESPONDENCE.

ODELL.

The past week's fine weather is surely a record breaker, and should the prophecy of the old timer come true and we get a streak of bad weather again, so be it, but let's enjoy the sunshine now. Wild flowers are blooming. The leaves are greening up. The robins are here. In fact, there are many harbingers of spring's coming to stay until it lengthens into good old summer time.

Last Saturday at lunch hour there were seated at the family table of Fred Pons' hotel seven Odellites and that was not all the Odell people who were in town. And here permit us to remark that Hood River has good hotels none as any town in Oregon can boast. They appear to be having a profitable patronage, quite a considerable portion of which is furnished by the country trade. The people of Hood River valley are good farmers and always have the price of a square meal.

Mr. Dano, the outside man of the pioneer real estate office, was showing two strangers the valley last Sunday, calling at Odell. Dano knows how to land them.

Johnnie Roberts, who is as welcome as the flowers of spring, dropped in on us last Sunday morning, having come up from Portland Saturday night. He will spend some time on his homestead at Gillbrook, near Tanglewood. Johnnie's numerous friends greeted him cordially, as they always do.

Miss Marguerite Shelby, daughter of Mr. and Mrs. Troy Shelby, who is assistant teacher in Gillespie school of expression in Portland, will give a recital at Mount Hood hall, Saturday evening, March 11, 1905, and one at Odell the first part of the following week. While here she will spend some time on her homestead near her father's place.

The Little White store people are trimming up their park near the store and otherwise improving it, and beg to inform your readers that there is not a nicer natural park in the valley. In a few weeks when it is seeded and tables arranged for luncheon parties the public will be very welcome to the use of it. A nice running stream of water passes through the grounds, and it is the intention of the promoters to make this an inviting spot to all such as are seeking rest and recreation, while taking a day off from their work in town. Ice cold soft drinks will be served as well as ice cream. This will be an ideal place for picnics, and you are welcome.

Frank Strang and J. W. Wilson are staking for the planting of 10 acres of apple trees, under contract with the East Hood River Orchard Co. on Willow Flat.

H. F. Davidson called at Odell Sunday afternoon on his return from his Willow Flat ranch. He says the country looks good to him. He has an abiding faith in both town and valley, and incidentally told me about just completing the arrangements for floating \$50,000 worth of bonds for a period of 20 years on the Electric Light and Water works of Hood River, in which he is largely interested. Such capable and thorough business means H. F. will succeed anywhere, and the community that can boast of such men is fortunate.

A trip through the country last Sunday afternoon to the home of Mr. and Mrs. J. M. Taylor, who have been in the valley since our last trip. Mr. Taylor has an ideal homestead and an excellent ranch for fruit. Although he is not an old resident here yet his systematic and persistent work is telling. Not an acre was cleared when he bought the ranch, but now he has ten acres thoroughly cleared and 35 acres in growing trees, and the balance in alfalfa. In a few years he will have a revenue-producing place and one that will be valuable. Mr. and Mrs. Taylor are very happy over the advent of their first born, a daughter about a week old.

Clinton Wood is going to become a rancher for this season at least. He intends to cultivate his father's place at Odell, and will bring his big team down from Mosier soon.

The Odell school intends to celebrate Arbor day by planting trees along the street in front of the school house. This is good tradition, and we trust it will be carried out. The school is growing and it will be perhaps necessary in order to keep pace

WILLOW FLAT

W. N. Bone was out to his ranch looking after the creek and getting ready for his spring rush.

The Davidson Fruit Co. finished packing apples on the Booth ranch Thursday.

It is a self evident truth that corners at Odell are the most important in the valley. During every hour in the day teams may be seen driving up to one or the other of the two stores at this place. The chief reason for this rush of trade is the immense amount of territory tributary to Odell. Their customers come from Tucker on the north to Cloud Cap Inn on Mount Hood on the south and from Mosier on the East to the Hood river on the west. Only a few days ago we saw men from upper Mount Hood loading feed from the warehouse of the Little White Store.

Along this same line Odell would necessarily be the distributing point for practically the entire East Side, if the railroad should pass through there. Then, when the next biennial legislature shall meet, Odell would be the logical location for the county seat.

O. B. Hartley was seen driving in this community a few days ago in company with some land buyers.

C. R. Bone and C. L. Rogers have been making a canvass in this community in the interest of the new railroad.

The Salamagundi literary society closed a very creditable season Saturday night. There have been occurrences that are to be regretted, yet withal, we believe the society has been of much benefit to the community, intellectually and socially. In a work of this kind, to get the best results and the most good from it, every one should take an active part, among whom no contention should ever exist, but that noble contention or rather emulation of who best can work and best agree.

If the present activity in the horse market continues, our friends of Odell will surely be obliged to put up a suitable stock exchange building, in which to conduct their rapidly growing business.

With a continuation of the present goodly crop of roads will soon be good all over the valley, but we must not forget that upon each road some rain must fall, and some places necessarily be muddy. Why not apply some of the road taxes on the purchase of a rock crusher? The valley surely has plenty of raw material, which if crushed and spread on the roads, would in a few years give Hood River the best roads of any community in the state. Such work would last. But at present the work done in the spring is practically worn out before the rains set in, hence we are doomed to have these impassable roads, such as we have experienced the past month.

FOR EXCHANGE, a beautiful Orange Grove at Riverside, Cal., for Hood River land. Geo. D. Culbertson & Co.

If taken this month, keeps you well all summer. It makes the little ones eat, sleep and grow. A spring tonic for the whole family. Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets, at C. N. Clarke's.

DUKES VALLEY.

This is surely beautiful weather. We are now getting repaid for the cold and disagreeable weather we endured a few weeks ago. It doesn't seem possible that a little over two weeks ago the thermometer stood at zero and below, but then Oregon doesn't do things by halves.

A few industrious ones have put in some potatoes and made some early garden.

Fall grain is looking fine. The clover fields are turning green and everything is putting on the appearance of spring.

W. C. Dodge returned from Portland last Friday. He reports plenty of work there, also plenty of men to do it.

Mark Cameron is clearing some land on his place to put into clover. A. T. Dodge is also clearing on his ranch. Oscar Cameron is clearing land on the Thomson ranch. There will be several acres of land cleared in the valley this spring, some of it will be sown to clover and some set to apples.

Thomas Broderick and David Salisbury of the Badger Den are improving their ranches considerably this spring.

Billy Dodson drives the finest up-to-date rig in the valley now.

When J. A. Knox came to overhaul his apples last week, he found that the frost had gotten to them and ruined a good many of his finest fruit. He also lost a good many potatoes by the frost.

Mrs. R. N. Woodworth, who has been staying at A. T. Dodge's, during their sickness returned home on Wednesday. The sick folks of the valley are all on the road to recovery.

Our literary society adjourned last Saturday evening to meet again the first Saturday evening in October. Some young folks came a long distance to the literary Saturday night expecting to see some fun as they expressed it, but the fun they came to see happened the Saturday before, so they were sadly disappointed. After literary they went down to Sears' hall to a dance which partly took off the keen edge of their disappointment.

MOUNT HOOD.

Rev. Zacharia Bond is here visiting his old friends. He was here seven years ago and held meetings for awhile.

A. M. Kelley and Hon. D. R. Cooper went to Portland last week on business and returned Friday. Mr. and Mrs. W. H. Edin also went to Portland, but have not yet returned.

Spring is here with all its glory and most of the boys have spring fever.

W. S. Gribble had a crew of men working on his ranch last week putting up fence and getting ready to sow his crop of grain and clover.

The basket ball game between the boys and the old men was played last Friday evening. The lineup was as follows:

Young Men—Mac Rush, Walter Davidson, John Cooper, Roy Hanson, Claid Andross.

Old Men—Warren Cooper, J. M. Long, Paul Aubert, John Dimnick, W. S. Gribble. The boys won by a small margin.

There was a good game of basket ball between the young ladies here last Friday evening. The lineup was as follows:

Young Ladies—Daisy Thomas, M. Wishart, C. Thomas, G. Cooper, No. 2—B. Knight, L. Andross, R. Shearer, Lizzie Mohr, Nan Cooper. The score stood 15 to 20 in favor of the young ladies.

There is lots of blasting going on up here this spring. Lots of trees will be set on the newly cleared land this spring.

Apple hauling will soon be in order from this part as the road is getting dry.

P. F. Knudson was taken to town last Saturday suffering from blood poisoning in one of his feet. We hope he will improve and get able to come home soon.

Ranching in general will be the order of the day soon.

W. S. Gribble had a crew of men working on his ranch last week.

James Langille is improving his ranch at Mount Hood.

Miss Marguerite Shelby will give an entertainment at Mount Hood hall.

UPPER MOUNT HOOD.

We are having fine weather up here in this neck of the woods. Snow is gone and some of the Mount Hoodites are busy plowing and getting ready to seed.

Fred Knudson of this place has been very sick the past week. Saturday, March 4, he was taken to the hospital at The Dalles.

Two of Mr. Knight's daughters are reported sick with scarlet fever.

M. W. Weygant and Harry Gilbert have been working for W. S. Gribble the past week.

There will be preaching at the U. B. church of this place Sunday, March 12, by the evangelist, E. M. Bond. Mr. Bond held a series of meetings at Mount Hood seven years ago which some will perhaps remember. Everybody is invited to attend.

M. W. Shearer is building a new house on his homestead.

Mrs. J. R. Groff had pansies and daisies in blossom in her flower bed March 4. This looks as if spring was here.

Mr. Sutton and F. J. Peeler has been working for S. A. Helmer the past week.

There is one place where the rich and poor meet on equal footing and that is in the gambling house. They are all robbed alike.

WHITE SALMON.

Fine weather. The cattle make their living this year by the first of March.

Mrs. Kingman of Trout Lake was here last week, visiting her daughter, Mrs. Ferguson.

The people of White Salmon have subscribed over \$300 for improvements to the road going to the boat landing. We will have a good road now all the way down the grade. The enterprising citizens of White Salmon are to be congratulated for their liberality in improving the highways. We hope the county will help us soon too, this year, that we may soon have good roads.

T. Wyers, the road supervisor went to Lyle last week.

There was a great entertainment in the church last week. All report a good time.

W. Overbaugh is clearing some more of his land. He will soon have a piece cleared across his place.

Mr. Ferguson went to Underwood to work in a logging camp.

There were many loads of apples shipped last week from White Salmon. The growers are receiving good prices.

J. Lauterbach was in Portland last week and came home with the last outfittings for his hotel, the Washington. It will soon be open now to receive guests. From his place the grand view of Hood River valley and Mount Hood is obtained.

Spring work has begun and people are busy plowing and hoeing strawberries.

Mr. and Mrs. Kisen were visiting last Sunday in White Salmon canyon. The afternoon was spent in the White Salmon Canyon. The sawmill will now soon be in operation.

Mrs. Peck is on the sick list.

Mr. and Mrs. Jewett have been quite sick lately, but at latest reports are recovering.

Mr. Poterms has moved in the old store of Mr. Thomas in Main's addition. Very few want more houses built to accommodate the people who come to White Salmon.

TROUT LAKE.

Rev. Tandy has gone to Idaho on business. His class in music are anxious for his return.

Mrs. Cutler and her little son arrived here last week. They are boarding at Mr. Stadelman's.

School election was held in the school hall Saturday and one directed by Mr. Haber and E. C. Haber was elected for office. Mr. Haber was elected by a majority of 4.

Johnnie Hitchcock went to Lyle last week.

The ladies aid society met at the home of their president, Miss Stadelman. There was a good attendance.

The ladies worked on a quilt they are getting ready for their next fall. A fine dinner was served by Miss Stadelman.

Mrs. Chapman was here again this week giving her class in music lessons.

Tune Wiers was out from White Salmon looking after his telephone system.

Mrs. Boze has gone to White Salmon to spend a few days with her niece.

Mrs. R. Sellinger's brother from Montana is here on a visit.

The Bear valley bridge is completed. Fry Hill cut his foot quite badly while working on it.

Maude Bell and Mary Duncan spent the day with their little friend Beatrice Byrket Sunday.

UNDERWOOD.

Ed Sweetland is visiting friends at Underwood.

Messrs. Keeley & Duboise have completed a piece of grubbing adjoining their old ranch.

Leon Hayes and family of Hood River spent Sunday at Underwood visiting relatives and friends.

SUITS TO MEASURE. Our line of samples are in from Ed. V. Price and we are taking orders for Suits to Measure. The samples are beautiful and fit perfect. Price reasonable. Come and let us take your measure. Does Your Shirt Fit? We have a line of the best fitting Shirts, both in Dress and Work Shirts, ever shown in Hood River. If you like your Shirt to fit well, feel well and look well, get them of our line. Our Ready-made Clothing will be in this week and we in selecting our stock looked over several of the best and most up-to-date lines of clothing, and decided on the celebrated Herman Rothchilds line of New York as being the best fitters, best patterns and best made clothes ever shown on this market. R. B. Bragg & Co. J. R. NICKELSEN DEALER IN Vehicles and Agricultural Implements. Road Wagons, Farm Wagons, Delivery Wagons, Spring Wagons. Just received a full assorted carload of Surries, Buggies, Bikes, Buggies, Runabouts. Buggy and Spring Wagon direct from the factory.
