

STEAM FERRY TO UNDERWOOD

Special to the Glacier. Underwood, Wash., March 28.—A steam ferry to operate between this point and Hood River is a probability of the near future. Abe Ames and Charles Thornton are circulating the petition for the ferry, and they express the opinion that it will be in operation sometime in April. Should the steam ferry be put in operation, it will be the means for starting a boom for this part of the country and the business men of Underwood are all anxious to see the undertaking succeed.

A new lumber yard is one of the possibilities of Underwood. Amos Underwood made a business trip to The Dalles and Stevenson last week.

Billy Gilmer from Gilmer was in Underwood Friday. George Tyrell made a trip to The Dalles last week.

Mr. Roberts expects to have in a full stock of goods now soon. Carl Lusk and Earl Keyes passed through on their way to Chenoweth Monday.

Mr. and Mrs. A. W. Goddard are up from Portland to spend a few weeks rustication.

We understand the commissioner accepted the new road. There will be a number of improvements made yet for teams to pass.

Mr. Fuller has been plowing Mr. Freeman's land for his new orchard on his homestead.

Derry Davidson has bought out Frank Thornton's homestead on the mountain joining A. J. Haynes' place. Charles Moore and family drove over the new road to the grange here Saturday with no serious accident.

A. J. Haynes has been doing some much needed work on the road between his place and Mr. Goddard's.

Mr. Stranahan of Hood River was over looking up the prospects for a stage line being put on from here to Trout Lake.

Our school closed Friday night with a good program, a basket supper and a dance. There was a nice crowd, all our school house could accommodate. Every one had a good time, and \$52.25 was realized from the sale of 28 baskets. Michael Thornton was auctioneer.

Strikes Hidden Rocks. When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc. you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Tallahassee, Fla., writes: "I had been ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure,

cure for sore throat, bronchitis, coughs and colds. Guaranteed at C. N. Clarke's drug store, price 50c and \$1.00. Trial bottle free.

MOUNT HOOD.

We are having quite a spell of weather just now—Sunshine, rain and a little snow on the side.

D. A. Hart left for the Palouse country last Monday where his father resides. He made final proof last Friday at The Dalles on his homestead.

Kelley and Wishart started their mill last Thursday and we will be able to get all kinds of lumber now.

Robert McKamey went to The Dalles Friday to get harness and back and returned Saturday. He expects to build a new house on his land and go to farming again.

H. S. Richmond moved to the city last Sunday and Monday. We are sorry to lose Mr. and Mrs. Richmond, but while we are the loser Hood River is the gainer.

While speaking of a man getting kicked off the train at Hood River and making a fortune down there, we took the first premium on apples. One in particular was a man who came here and got a claim in 1898 and had only one sickle left when he got it. He went to work and set out an orchard. Inside of four years he took the first premium on apples. He kept on setting out apples and a little over a year ago he sold out and went to town, and now he is the proprietor of the finest brick hotel in Wasco county. There are numerous others who could be mentioned and there are lost of chances here yet.

We have been having a good deal of wet weather, but not enough to interfere with the work of clearing and setting out trees, which goes merrily on.

A couple of young ladies were out calling, recently, and were presented with a pair of pickles by their hostess. Desiring to make another call, the pair was deposited in the back of the buggy. When the ladies started for home, however, a cow which had been grazing by the road side, was calmly eating the next to the last pickle. Mount Hood cows are epicureans in their tastes.

Miss Blanch Wilson and E. R. Lafferty of Odell visited in Mount Hood Sunday.

Last Saturday evening the Artisans were entertained at the home of Mrs. J. Vauthiers. Despite the inclemency of the weather a large number were present; the game 500 was the main feature of the evening. About midnight, the guests were invited to the diningroom and partook of a most tempting array of delicious viands. Next in order came several songs, a French solo rendered by the hostess being particularly well received. Sunday finally "chased them home to get ready for church and Sunday school."

Miss Nan Cooper chaperoned a party of young folks to a dance at Willow Flat Saturday night. Mrs. Elmer Gribble is reported very sick.

MOSIER. Mrs. Alex Stewart, our worthy postmistress, spent a few days in Hood River and White Salmon visiting her sons, Will and Ira.

Mrs. F. P. Taylor of The Dalles, spent a portion of last week visiting her sister, Miss Della Mosier.

Miss Catherine Davenport spent Saturday and Sunday with her mother.

Lee Hunter was a passenger for Hood River on Saturday.

J. J. Lewis left Saturday for Portland to be gone for several days.

Dr. V. T. Conoke of Portland, visited his son Harold who is attending school in Mosier, on Tuesday and Wednesday.

G. L. Davenport of Portland, visited his mother, Mrs. Davenport last week.

Jimmie Brown and Joseph Friend have sold their farms to Portland men, who are making rapid preparation for putting out large orchards.

Peter Dohm is making a fine showing for future prospects in the grain industry, having cleared about 10 acres of J. N. Massee's bottom land which he has leased and intends to plant in garden after the June over-land.

Judging from the invoice of fruit trees shipped into Mosier from the Rawson and Stanton nursery, the people must be convinced that fruit raising is a paying industry in this section of the country.

G. J. Gessling one of the proprietors of the flouring mill, visited Mosier one day last week in view of establishing a flour trade with the merchants of Mosier.

Mr. Simpson, clerk of the Waucoma Hotel, passed through Mosier on his way to his homestead, where he intends to do some clearing and make other improvements.

Leo Hunter has discovered excellent indications of gold on his farm near town.

Mr. Tyler, who represents the Capitol nursery, is canvassing this section. We understand that he is placing some large orders.

Our popular blacksmith, Leo Root, is suffering with a very sore hand, caused by running a large sizer into the palm, which he was unable to extricate.

Frank Ginger's Berry, untamed steed, concluded on Saturday evening, that Frank was not quite swift enough for them and determined to show him what they could do at racing. We have heard no report of damage, so presume aside from a little excitement that all is right side up with care.

For an Impaired Appetite. Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by Williams Pharmacy.

TO TELL THE WORLD OF WHITE SALMON

Special to the Glacier. White Salmon, Wash., March 28.—The White Salmon Land Co., composed of J. C. McInnes, recently of Goldendale, and R. Field of this city, is a new firm at White Salmon. The new company is fully established in neat office quarters on Jewett avenue. These enterprising real estate men propose to advertise abroad the virtues of the soil, climate and natural advantages of White Salmon and vicinity.

The gentlemen stated that business has already exceeded their expectations. Such a firm for the exploiting of White Salmon's resources will be of very great benefit to the community, likewise to the surrounding territory of Husum, Trout Lake and Camas Prairie. This town has long been in need of just such a real estate company. The community wishes them success.

Read the ad of the White Salmon Land Co., published in another column of the Glacier.

W. J. Hornbrook, chairman of the board of county commissioners, was in the city from Goldendale last Friday, and in company with Commissioner Egan went out to view the new Underwood road.

A. J. Barrow is the new barber in White Salmon, having bought out the shop of Frank Egan. The shop is now located in the Bancroft building.

J. R. Rankin of Goldendale is in White Salmon interesting the people in the patent Rankin common-sense spraying machine. We understand the grangers have endorsed the machine as being all right.

There will be a way-up social at the school house Thursday night, when the "District Skule" will be presented by the grown up people of White Salmon. Games of 40 years ago will be played again, and all the old people will be glad to see them.

R. Lauterbach has made room beside the Wolfard store for teams to tie up. Herebefore the farmers have been compelled to tie their horses in front of the store in the road. The new rack is a great improvement. Mr. Lauterbach also proposes soon to survey and plat an addition to the town of White Salmon.

Editor Ginder and R. Sisson are suffering from severe cases of poison oak. They look as if they had been to an Irish wake.

The central for the telephone office has been moved to T. Weyer, jr. The telephone company has made extensive improvements to the system in White Salmon.

The continued rains have made the roads very muddy. Mr. Freeland was down from the mountains Saturday. Freeland has been quite sick lately, but says he is slowly improving.

A. Balsiger and wife are visiting relatives in Ione. Or. Henry Cook is taking care of Mr. Balsiger's store during the latter's absence.

R. B. Bragg & Co.

Phone 991. Hood River, Oregon.

ing the latter's absence. Mr. Bowman and family have moved to their homestead at Snowdon.

Mrs. Jewett has been ill for some time but is improving.

Mr. Willis and wife were visiting Mr. Main last week. They returned Monday to their home at Gilmer.

Mr. Rosegrant's sister, who has been visiting in White Salmon, returned during the week to her home in Montana.

G. J. Gessling of the Hood River Milling Co. was in White Salmon, Monday.

FROM THE ENTERPRISE

The office has installed a \$200 job Press.

There will be a vacation in the White Salmon and Bingen schools from the 31st of March to the 10th of April to allow the teachers to attend the institute at Goldendale, which convenes April 3 to 7.

Israel Ziegler has returned from Sunnyside, Wash., where he has been all winter. Israel has gone out to his homestead, where he will clear some land and otherwise improve his place.

A fine large deer came out of the dense woods on Joslyn creek Friday morning, walked slowly through the Jewett orchard and came out in full view of the vineyard and the town. He stopped and gazed for some time at the fine residence of Mr. Napper, the church, the parsonage, the Waldo residence and the brick yard, then shaking his head he retraced his steps to the "tangled wildwood" again. It is not often that wild deer come so near town of their own accord.

A meeting of fruit growers was held at the school house Saturday evening, March 18, to hear an address by N. A. Ingram, fruit inspector for this district. The address dealt with fruit pests most troublesome to the growers. County Commissioner Egan called the meeting to order and introduced the speaker. Tomato blight, San Jose scale and codlin moth were discussed. Questions were fired at the speaker and after the close of the regular performance local growers affected an organization sufficient to take up any organized effort thought necessary in the future. Mr. Jewett was made president, Mr. Egan vice-president and Mr. Condon secretary and treasurer. A committee was appointed consisting of Messrs. Jewett, Condon and Gresham to draft by-laws to be presented on the evening of the 27th, at the school house. It has not yet been decided just what will be undertaken, but it was thought best to have some organization affected so as to take up such work as might be necessary at any time during the summer.

CRAPPER.

Mrs. P. H. Martin received a telephone message Sunday evening calling her to the bedside of her brother Joseph Lister, who is seriously ill at his home in Crook county. She left home for that place on Monday. A message was received last evening stating that the condition of the patient was better.

Mrs. Goddard returned to her ranch in this neighborhood on Thursday of last week.

We are glad to note that Mrs. Maud Stranahan, who was reported on the sick list last week, has so far recovered as to be able to be at her post in the school room again.

Mrs. McCutcheon of The Dalles spent a few hours in this vicinity on last Saturday.

Rev. O. J. Nelson of Hood River preached at the school house on Saturday afternoon.

I have before me a letter from G. B. Welch, a former citizen of Hood River. He left Hood River for California in December 1904, and arrived at San Francisco alright, but two days later they were quarantined on account of having a case of diphtheria in the family. They were kept in isolation from the balance of the world two weeks, and all the while of the city they got was from the back yard. They remained in San Francisco one month and the children of the family were under the care of the doctors three weeks. They are now at Eureka.

Things are not all rose-tinted in that part of the country. He reports a great deal of sickness in that vicinity, which he thinks is chiefly caused by the damp, foggy weather. He says he cannot make up his mind to invest any money in that country. Come back, brother Welch, and get another drink of Hood River water, and the charm will never be broken again. We think that you will be willing to stay to stay with us until it is time for you to start to the "happy hunting grounds."

Has the Baby a Cough?
Give it Clarke's Baby Cough Syrup.
It contains no opiates. Price 25 cents.
Bicycle repairing at Holman & Co.

ANNOUNCEMENT

Having purchased the Thomas Drug Store, we wish to announce to the people of Hood River and vicinity that we are here to stay, and it is our intention to give the public the very best possible service in our line.

OUR STOCK

Is complete in every detail, comprising not only a full stock of pure and reliable **Drugs, Chemicals, Patent Medicines, etc.,** but also sundry lines, such as **Rubber Goods, Stationery, Cigars, Lowrey's Candies, Combs, Brushes, Soaps, Perfumes and Toilet Articles** of every description.

OUR PRESCRIPTION DEPARTMENT

will be under the personal charge of MR. KIER, who is a graduate of the Northwestern University of Chicago, Pharmacy Department, and has had several years' practical experience in the drug business, both in the East and in Oregon. If you bring your prescriptions to us they will be filled exactly as your physician intended they should be.

NO BOOZE

In regard to the liquor question, we have decided to follow the same policy as our predecessors; that is, "no liquor of any description will be sold except on a physician's prescription." We believe the people of Hood River, not only the temperance element, but also every one who wishes to see our laws abided by, will appreciate our stand on this question, and will give us not only their moral but their material support, thus making it possible to run a business on this basis.

IN CONCLUSION

We believe that trade goes where it is asked, and stays where it is deserved, therefore we respectfully ask you to drop in and give us a trial, feeling confident that you will continue to come whenever you need anything in our line.

Yours very truly,

KIER & CASS,

Smith Block. Reliable Druggists.
