

HOOD RIVER GLACIER

Issued every Thursday by
ARTHUR D. MOE, Publisher.
Terms of subscription—\$1.50 a year when paid
in advance.

THURSDAY, APRIL 13, 1906.

E. L. Smith for Governor.

E. L. Smith of this city tells the Glacier that it is extremely doubtful whether he will consent to have his name presented for the gubernatorial nomination before the convention of the republican party next spring, yet from all parts of Oregon come complimentary press notices mentioning him for this office. No man is more eminently qualified for governor, and he hopes that when the republican party meets at Portland in the spring of 1906, that Mr. Smith will yield to the urgent appeals of the people. He can have the nomination if the people of the state are permitted to make the choice.

When the members of the Oregon Development league met for organization last August, the representative men of the state at once picked from among their number the one man for president, pre-eminently fitted by his inborn qualities as leader for this important organization.

No man is better known throughout the state. The press notices mentioning his name for governor have been very complimentary, and it is apparent from all sides that Mr. Smith is just the man the voters want.

Hood River, the home of Mr. Smith, will take a local pride in advocating his candidacy. The fact that he does not seek the honor is something worthy of note. Honest and conscientious to the core; the ablest public speaker without exception in the state; a man of superb executive ability, and qualified in all respects for governor, Mr. Smith in this office will be an honor to the state.

Speaking of the recent movement to pardon Frank McDaniel, who is serving time in the Oregon penitentiary for the brutal murder of a Portland girl, the Fossil Journal says: "To turn McDaniel loose would be like placing a premium on the most horrible of crimes. Don't do it, Governor."

Senator George H. Baker, a representative citizen of Goldendale, and one of the leading political lights of the state of Washington, has been appointed United States marshal for Eastern Washington. While this takes the senator out of active politics, it doesn't necessarily shove him from future promotion at the hands of the voters.

East Side Farmers, so it appears, are not satisfied with the water contracts negotiated to them by the water company. We have not heard either side of the controversy, but cannot help believing the counsel offered by Mr. Shelley to "get together" and compromise is the wisest thing to do. Mr. Bone has expended a large amount of money in constructing the ditch and water is something the farmers can make good use of this summer and the years to come.

HELP MAKE WASCO EXHIBIT THE BEST

Wasco county has the material for making the best among the county exhibits at the Lewis and Clark fair, remarked Judge Lake, who is in charge of the exhibit. Each individual and each community will receive proper credit for whatever is sent to help make Wasco county's exhibit.

The county court has prepared and sent out the following circular: To Whom it may Concern: It is important that Wasco county, as a county, make a creditable exhibit at the Lewis and Clark exposition to be held in Portland the coming summer. This can be done if the people of the county act as a unit, that is each individual contribute what he has worthy of exhibiting, which taken as a whole will make a large and most attractive exhibit.

Wasco county has more varied products than any other county in the state, therefore can make a more attractive exhibit at the fair than any other. Its fruits, vegetables, grains, grasses, woods, minerals, etc., are the very best—no other county can equal it. But to make a display of its products requires combined effort, the cooperation of every producer in the county.

To interest you in the importance of making an exhibit at the fair and to secure your co-operation in the purpose of this letter. You are requested to procure something exceptionally fine this year, something worthy of being shown to the people of the world, and when it is produced turn it over to C. L. Schmidt, who has been appointed by the county court, to take charge and arrange Wasco county's exhibit in Portland. There will be no expense to you, the county court having provided for bearing the expense of making the exhibit. What is desired is exceptionally good samples of fruits, vegetables, grains, grasses, wool, timber, etc.

Every county in the state will have an exhibit at the fair. Let Wasco county be in the very first rank. It can produce things that will startle the world. Lead your assistance in making this exhibit. Show your pride in our own county, by helping to display its best products.

Address all communications for information to C. L. Schmidt, The Dalles, Oregon, Superintendent Wasco county exhibit at Lewis and Clark fair.

A. E. LAKE, County Judge.
H. J. HIRSHMAN, Commissioner.
C. H. SROGOTSON, Commissioner.

Best Weekly She Ever Saw.
The following complimentary notice of the Glacier is taken from a letter written by Mrs. George H. Lynn of Omaha, Neb., to her father, the machine man in the composing room.

"kiver to kiver" before night. I enjoy it very much. You know I have been in a number of different newspaper offices during the past several years, and really I've never come across a more up-to-date, thoroughly interesting weekly anywhere. We got a weekly from Hastings, Neb., (town of about 12,000 people) and it doesn't compare with the Glacier.

BUILD NEW BRIDGE ON BIG KLIKITAT

Special Correspondence.
Goldendale, Wash., April 11.—The contract for the construction of the bridge across the Big Klickitat on the Camas Prairie road was let to Mr. Royal of Salem, the price being \$3400 for a steel combination bridge.

It has been decided by the commissioners to send an exhibit from Klickitat county to the Lewis and Clark exposition at Portland. Klickitat county will make a good showing at the fair.

The Klickitat county horticultural society will meet the first Saturday in May when the various committees will be appointed to gather the exhibits and prepare for the fair.

There was a light frost this morning but nothing hurt by it.

Goldendale is to have an Electric Light and Power plant in the near future. Mr. Fellows, believed to be of the Washington Light and Power Co., of Spokane was given a franchise in the city. The company will harness the falls of The Klickitat, which will furnish power unlimited.

Superior court is in session today. The following cases are on the docket this term:

L. Douthett vs. E. Hayes, action for the collection of promissory note; H. Dustin, attorney for plaintiff.
Ada K. Halston vs. S. Burnette, et ux, mortgage foreclosure; N. B. Brooks attorney for plaintiff.
J. C. Daly, vs. H. H. Hartley, administrator of the estate of John Watson, deceased, mortgage foreclosure; N. B. Brooks attorney for plaintiff.
J. I. Cass, T. M. Co. vs. J. U. Chamberlain, note and account; Willam T. Durek attorney for plaintiff.
Lettie L. Estine vs. D. H. Estine, divorce; N. L. Ward attorney for plaintiff.

BORING TUNNEL AT JOHNSON'S POINT

Work is being pushed with rapidly along the line of the Mount Hood railroad, between the town and the Lockman place, says Engineer West. There are six camps along the route of the road, and 150 men and teams are busily grading for the steel rails over which this year's apple crop will be moved from the East Side orchards.

Contractor Mason is expected here the latter part of the week from the Great Southern with 50 more teams. The crews are at work boring into both ends of the tunnel at Johnson's point.

David Eccles, president of the Oregon Lumber Co., was in the city last Friday from Ogden, inspecting the work of his company here. He was pleased with the manner in which the work has been gotten under way in connection with the railroad construction.

Buyers Ten Acres of Mr. Sherrieb.
J. L. Simpson, a recent arrival from Tacoma, has purchased 10 acres from F. C. Sherrieb, across the road from the Shoemaker Bros., and will make Hood River his home. Mr. Simpson paid \$1000 for the land, part of which is in clover meadow.

Mr. Simpson is here with Mrs. Simpson, visiting with J. L. Bount and family. Mr. Simpson came west from Ohio 14 years ago, since which time he has been a resident of Tacoma. Last winter he returned to Michigan on a visit, but the rigorous weather had no charms for him after having become accustomed to the mild Pacific climate. In Michigan a friend of his made \$1000 from 17 acres of white beans, and considered he was doing exceptionally well. In Hood River apple growers make that amount from a single acre.

"In my travels," remarked Mr. Simpson, "I have never seen any country so comparable with Hood River for grandeur and beautiful scenery. In a trip about the valley last Friday I saw more doing than I have seen in five years in the Sound country. I am certain I shall be pleased with Hood River."

Advance in Price of Cemetery Lots.
At a meeting of the Idlewild Cemetery Association improvement committee held April 10, a resolution was adopted advancing the price of cemetery lots to \$15 same to take effect May 1. Any one desiring to purchase lots for the old price of \$10, had better attend to it at once. After May 1, the price will surely be \$15.

This notice is taken to meet the expense for proposed improvements that must be made at once, after which the lots will be well worth the advanced price.

COM.
Pleasant Birthday Surprise.
A very pleasant event took place Saturday evening at the home of Mr. and Mrs. John Songer in the nature of a surprise for their daughter, Miss Nellie, in honor of her 14th birthday. The evening was passed in various games and amusements with a number of selections on the piano. At an appropriate hour a delightful luncheon was served. The guests departed in a merry mood, wishing Miss Nellie many happy birthdays.

Grandma Clark is Very Low.
The mother of Newton Clark of Portland, Grandma Clark as she is familiarly known to many people of Hood River, is very low with an attack of paralysis, and is not expected to live. The old lady is over 90 years old. Her powers of speech are impaired. She makes an effort to speak, but cannot. Mrs. Seymour, an adopted daughter, left here Friday to be at the bedside of the woman who has been a mother to her.

The PARIS FAIR

Never Undersold. One Price to All.

We Have a Full Line of Fine Dress Suit Cases

VISIT OUR CLOAK AND SUIT DEPARTMENT, IT WILL PAY YOU.

WATER IS 30 FEET HIGHER

The source of the Tucker spring purchased last week by the city of Hood River has been found to be over 30 feet above the level of the city. This will raise the water level in the city 30 feet higher than it is now thought to be. He believes the height can be increased 20 feet.

A force of four men are at work seeking the source of the water. The water committee hopes to furnish the council a complete report by Monday night.

POWDERED WIGS AT OLD FOLKS CONCERT

Mrs. Murray Kay is drilling a class of 20 young women for a gypsy dance, one of the features of the Old Folks' concert which will be presented at the opera house, Tuesday night, April 25, under the auspices of St. Mark's guild of the Episcopal church. This entertainment promises to be of a very high order. Some of the best talent in the city for vocal and instrumental musical selections. There will be many other features, many of them original and unique. Colonial gowns and powdered wigs will be a striking feature of the entertainment.

Extended notice of the program has been promised for next week's Glacier.

BASE BALL GAME FRIDAY AFTERNOON

The high school ball teams of The Dalles and Hood River will cross bats on Columbia park diamond, Friday afternoon. The game will be called at 3:30 sharp. "Puss" Geyer will pitch for the locals. The fact that the last game was such an exciting contest should insure a large attendance to-morrow afternoon.

In the evening there will be a basketball game in the gymnasium. Admission to park, 10c and 25c. Basket ball 25c.

Ball Game Week From Sunday.
A picked team of local players will meet The Dalles ball team on Columbia park diamond, one week from Sunday. After this game selection will be made for a regular Hood River base ball team. A schedule of game is being arranged for the season.

Mrs. Shaw Wins First Prize.
The Cascade Wrist Club was delightfully entertained last Thursday afternoon at the home of Mrs. H. L. Vore. Mrs. M. F. Shaw was winner of the first prize and Mrs. A. M. Kelby the second. Dinner refreshments were served by the hostess.

Those at the tables were: Mesdames Stewart, Shaw, Kinnaird, Stranahan, Thompson, Kelsay, Blanche, Haynes, Farley, Rose, Crain and Moore.

The next meeting of the club will be held this afternoon at the home of Mrs. E. O. Blancher, on West Columbia Ave.

Want Mr. Smith for Governor.
We notice that some of the Oregon papers are suggesting the name of Hon. E. L. Smith for gubernatorial honors. While strictly speaking it may not be our put in, we nevertheless are going to take a chance to say that there are lots of people even outside of Willamette state, who would applaud the judgment of our neighbors should they decide to call Mr. Smith to that important position. He seems particularly well equipped for the place.—A. E. Gibson, editor Caldwell (Idaho) Rural.

Among other good timber that is being considered for the office of governor, is Hon. E. L. Smith, the popular president of the Oregon Development league. The voters of Oregon might go further and do worse; and Mr. Smith might do worse than to allow his name to be used as candidate.—Arthur Couplin, editor Oregon Mining Journal, Grants Pass.

No Naval Flight Yet.
Special to the Glacier.
Portland, Ore., April 12.—This afternoon's paper disavows the report that the looked-for naval battle between the navies of Russia and Japan is on. News it seems was premature. An engagement between the fleet is hourly expected.

Mme. ABBOTT, High Class Millinery Hood River, Ore.

Honor Roll at Mount Hood.
Following is the roll of honor for the Mount Hood school for the month ending March 14: Joe Hess, Hugh Knight, Lida Morton, Mason Baldwin, Myron Wishart, Lora Puddy, Hattie Coobler, Raymond Miller, Robert Morton, Josephine Morton, Alda Prady, Delbert Tomlinson, Bruce Billings, David Coobler, Ralph Thomas, Lorenz Lesauere, Nettie Helmer.

EVERY FARMER

In Hood River Valley needs to use good tools, the best is not too good for him. I am prepared to supply all your needs in

Plows, Harrows, Cultivators,

In fact all tools that are needed on every well equipped farm. For orchard tools California Sr. Right Lap Cutaway has no superior. The

Ohio Reversible Extension Head Disc

is the only one on the market that is worthy of the name. Acme Harrow is too well known to need a description. Osborne Combination Spring Tooth Harrows are without a competitor. If you need a good

WAGON OR BUGGY

I can supply you. For clearing your land you need powder I have just received a carload and have it stored in a magazine here, and can supply you cheaper than you can get it from Portland.

Land Plaster, Flour and Feed

in any quantity and at the right prices. Full line of staple Groceries, Ammunition and Fishing Tackle a specialty. Barb Wire, Rope, Axes, X-cut Saws, Shovels, Spades and garden tools.

Yours For Business,
D. M'DONALD
3rd and River Street. Hood River, Ore.

THE MILL WILL NEVER GRIND with the water that is past, but unlike the mill, our past orders have been filled so successfully that new ones are constantly coming in from our old patrons. Are you to be one of them? Our Dalles Patent and White River flour is the finest that is milled, and is ground from the best selected wheat; in fact the cream of the wheatfields, and it makes the most delicious bread—white and palatable.
