

WATER ISSUE STILL IN AIR

(Continued From Page 6.)

another system. "We can either go ahead with the bonding scheme," remarked H. F. Davidson, "or take water from Mr. Bone, or as the chairman suggests buy water or go without it. If enough of the farmers favor the bonding scheme, I believe we should carry it out, as we can develop ourselves better than Mr. Bone can."

Mason declared he would vote for bonds if a majority of the people wanted bonds. In his opinion if water is a benefit to the farmers, the cost of even \$10 an acre against the land could easily be lifted.

There was considerable discussion from the hay men relative to the value of water on clover. Winchell believed it to be uneconomical to raise too much hay, there being 400 tons to carry over from last year, and if this is kept up the price of hay will drop below the price of production.

Mr. Winchell wanted the farmers to go without water this coming year, in order to demonstrate the damage they received from seepage, and make it possible to sue the irrigating company for damages. Mr. Winchell went on to state that this disturbance of the farmers over the question of water contracts was created by the ditch company with the idea of bringing about a sale of the system to the farmers. "But it is my opinion that we don't want the ditch," said Mr. Winchell.

August Paanch declared that water did his orchard no good last year, and that he would not use it again. A rising vote showed 22 farmers in favor of appointing a committee of three to make arrangements for a bonding election. Twelve voted no.

H. F. Davidson, L. D. Boyd, D. H. Thorn, D. L. Davidson and George T. Prather were nominated for this committee. When the votes were counted H. F. Davidson had 23 votes, George T. Prather 23, L. D. Boyd 19, D. H. Thorn 13, D. L. Davidson 7 and George T. Prather 6, elected to serve on the committee.

On motion of Secretary Campbell an individual vote was taken to find out from those present who would vote for bonds, and who would vote against them. Seventeen voted yes, and ten no. Those voting where: Yes—D. H. Thorn, D. L. Davidson, L. M. Wilson, M. L. Thora, E. T. Foltz, L. D. Boyd, O. A. Noble, L. Odell, John Krosser, J. A. Knox, P. Mohr, Frank Masse, Milton Odell, C. P. Odell, John Lawless, S. G. Campbell.

No—Hans Lago, P. O. Cox, Dan Kemp, M. Dorech, J. G. Beyer, C. Clough, Bert Van Allen, L. E. Clark Joseph Batson, V. Winchell. It was 11 o'clock when the meeting adjourned.

Will Do What Farmers Think Best. The committee appointed at Pine Grove to arrange matters for an election on the irrigation district bonding issue met Tuesday in this city. As such a small proportion of the East Side evinced a desire to proceed with the bonding scheme, the committee members inform the Glacier that they believe it useless to take the time and expense necessary to go ahead with the proposition, and unless at least two-thirds of the farmers indicate their willingness to go ahead with the undertaking, the committee feels that it will have nothing to do.

"We are willing, though," said H. F. Davidson and L. D. Boyd, "to proceed with the undertaking whenever the farmers declare themselves ready, but as the situation now stands there is nothing for us to do."

Terrific Race With Death. "Death was fast approaching," writes Ripth F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man and today I am cured of all my troubles." Guaranteed at C. N. Clarke's drug store; price 50 cents.

Object Lesson in Fine Fruit Raising. Portland Journal. Fine California oranges 5 cents a dozen; New York Baldwin's, four pounds for 25 cents; Hood River Spitzenbergs, two pounds for 25 cents.

Figures tell Oregon's triumph. The glory of our fruit is not an empty honor when California's growers publish such prices as the above. Mr. Franz of Hood River says he found these rates at Pasadena, under the shadow of the famed orange groves, and where New York apples knew for years no competitor. The Oregonian's heart was filled with pride while his fellow orchardists experienced the more substantial pocket-filling profit.

Such boom facts as these have been familiar to Hood River horticulturists for some time, but it is only lately that the material results of high price, steady demand and unlimited market have circulated. People of Oregon know that their big apples and other fruit were winning medals at Public fairs, but they do not yet realize fully that the more gratifying medal bearing the eagle stamp is being captured with equal certainty.

If all Oregon land owners having good orchard sites appreciated that their property only awaits intelligent cultivation to yield fruit bringing a figure equal to the product of the famed orange groves of California, would they permit it to continue year after year bearing stumps and brush, or, as in many instances, the decaying grove of fruit trees that yield a wormy product unfit for cider?

All of this state cannot be expected to become a good Hood River and southern Oregon districts. But it is apparent to the most casual observer that thousands upon thousands of acres are untouched, which will in the near future become the scene of the most profitable fruit industry. Hood River and a few more enterprising communities are merely pioneering the way.

Why Suffer From Rheumatism? Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent.

Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale at Williams' Pharmacy.

Blue Vitrol at Clarke's—7c a pound.

APPLE UNION WILL ERECT WAREHOUSE

The Hood River Apple Growers' union at a meeting last Saturday decided to close the deal with the O. R. & N. Co. for the lease of frontage on the track and to erect a warehouse. The building is to be 40x100; will be constructed of wood, made frost proof. Building operations will begin in time to complete the warehouse for use this fall.

E. H. Shepard, manager of the union for last season, returned from his trip to California and the east, in time to be present at the meeting and to make a report of his investigations of market conditions for Hood River fruit in the south and east.

G. D. Woodworth has been elected president of the board of directors, with B. F. Sprout secretary. The union is confident that good prices can be obtained this year for the apple growers.

Whist Club Party at Moe Home. Mrs. A. D. Moo, Mrs. M. F. Shaw, Mrs. Blanchard and Mrs. Haynes, delightfully entertained the members of the Cascade Whist club, their husbands and a few invited guests, last Thursday evening, at the beautiful new home of Mr. and Mrs. Moo on Oak street.

The score cards furnished each player were unique and original. The cards were cut in the shape of an egg. Those for the men held a miniature stuffed rabbit, while the cards for the women were decorated with a diminutive chick. The cards were tied with yellow ribbon. Six tables were filled, and progressive whist was the game of the evening.

"The Crossing" went to A. M. Kelly, who scored 38 points at progressive whist. Mrs. M. Stewart was awarded a beautiful souvenir gold and silver spoon as first prize among the women players. Card playing continued until shortly after 11 o'clock, when the hostesses spread the tables with daintily prepared refreshments, at the conclusion of which the men retired to the library to enjoy the cigars.

Those present to enjoy the evening, a fitting finale to a series of successful card parties during the social season about to close for the summer, were: Mr. and Mrs. E. O. Blanchard, Mr. and Mrs. W. M. Stewart, Mr. and Mrs. J. F. Stranahan, Mr. and Mrs. William Haynes, Mr. and Mrs. H. L. Vorse, Mr. and Mrs. Charles T. Early, Mr. and Mrs. A. M. Kelsey, Mr. and Mrs. N. W. Bone, Dr. and Mrs. M. F. Shaw, Mr. and Mrs. T. J. Kinnaird, Mrs. Adella Moo, Mrs. A. D. Moo, Mrs. A. A. Jayne, E. N. Blythe, C. N. Clarke.

Excursion Rates To The Fair. The general passenger department of the O. R. & N. Co. has notified agents east of Portland that round trip tickets for the Lewis and Clark exposition, at Portland, June 1 to October 15, will be sold under the following arrangements:

Individual Tickets.—One and one-third fare for round trip; daily from May 29 to October 15, inclusive; final return limit 30 days from date of sale, but in no case later than October 31, 1905.

Party tickets.—One single fare per capita for round trip for parties of ten or more on one ticket. Daily from May 29 to October 15, inclusive; continuous passage in each direction; final return limit 10 days from date of sale.

Organized Parties of 100 or More.—Individual rate of one fare per capita for round trip will be made for organized parties of 100 or more moving on one day from one point; limit 7 days from date of sale; continues passage in one direction.

Coach excursions.—Individual coach excursion tickets (not good in sleeping or parlor cars) will be sold from time to time during the life of the fair at very low rates; particulars as to rates, etc., covering each excursion will be duly announced.

Children's tickets.—Tickets will be sold to children of half-price age at one-half of the above rates, adding sufficient to make the end in 0 or 5, when necessary.

Another Portlander Buys Here. H. S. Colton, Pacific coast manager of the Massachusetts Mutual Life Insurance company of Springfield, Mass., bought George R. Abernathy's place near Frankton, Wednesday of last week. Mr. and Mrs. Abernathy will operate the ranch for Mr. Colton on a salary for the present. There are 17 acres in the ranch with about 75 or 80 acres of it tillable land and the soil is of excellent quality. Mr. Colton can congratulate himself upon getting a fine property while it is yet held at a reasonably low figure. A few years later—well, you will just have to climb the hills and then look up the river to see the high water mark for Hood River real estate. It is the wise man who buys now.

How To Ward Off Old Age. The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale at Williams' Pharmacy.

District Has Surplus on Hand. The Barrett district closed an eight months' school with a splendid entertainment last Friday night in the Valley Christian Church. The district winds up its year's work with \$380 in the treasury, so William Davidson informs the Glacier. This is a record hard to excel. But great is Barrett.

The teachers who successfully conducted the school the past year are C. D. Thompson, principal; A. B. Clark and Miss Norman. The board is well pleased with the work of the teachers.

A Good Suggestion. Mr. C. B. Wallwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pain in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale at Williams' Pharmacy.

Gasoline Engine for Sale. The Davidson Fruit Co. have left in stock a new No. 3 Stickey three-horse power gasoline engine arranged for fast or slow speed suitable for pumping water for irrigating purposes or other power. Very simple and easy to operate. For sale at a bargain. This is not second-hand, cheap affair. Price, \$175.

Make Wasco Exhibit the Best. To Whom it may Concern: It is important that Wasco county, as a county, make a creditable exhibit at the Lewis and Clark exposition to be held in

GOLDEN GATE COFFEE

Bulk coffee soon loses strength. Save the aroma and flavor by buying Golden Gate.

Aroma-tight tins. Never in bulk. J. A. Folger & Co. Established in 1850 San Francisco

Portland the coming summer. This can be done if the people of the county act as a unit, that is each individual contribute what he has worthy of exhibiting, which taken as a whole will make a large and most attractive exhibit.

Wasco county has more varied products than any other county in the state, therefore can make a more attractive exhibit at the fair than any other. Its fruits, vegetables, grains, grasses, woods, minerals, etc., are the very best—no other county can equal it. But to make a display of its products requires combined effort, the cooperation of every producer in the county.

To interest you in the importance of making an exhibit at the fair and to secure your cooperation is the purpose of this letter. You are requested to procure something exceptionally fine this year, something worthy of being shown to the people of the world, and when it is produced turn it over to C. L. Schmidt, who has been appointed by the county court, to take charge and arrange Wasco county's exhibit in Portland. There will be no expense to you, the county court having provided for bearing the expense of making the exhibit. What is desired is exceptionally good samples of fruits, vegetables, grains, grasses, wood, timber, etc.

Every county in the state will have an exhibit at the fair. Let Wasco county be in the very first rank. It can produce things that will startle the world. Let your assistance in making this exhibit show your pride in our own county, by helping to display its best products.

Address all communications for information to C. L. Schmidt, The Dalles, Oregon, Superintendent Wasco county exhibit at Lewis and Clark fair. A. L. Lark, County Judge. H. J. Himmans, Commissioner. C. H. Brownings, Commissioner.

Wanders, two paint cans for boys. Vogt Bros., the store of today.

The Hood River Real Estate, Insurance & Collection Bureau. EDWIN A. HENDERSON, Manager. (Notary Public for Oregon.)

Money to Loan on Farm Lands. Must be good security.

Farm Lands. 40 acres 4 miles out, \$1200; easy terms first-class apple land; all tillable; but 5 acres; uncultured.

We have a large stock on hand and are prepared to fill orders promptly and give satisfaction. Work done good and at the lowest prices. A postal card sent to us will bring you the samples. Try it. WATTS MARBLE WORKS, The Dalles, Ore.

FROM GROWER TO CONSUMER. KEYSTONE FRUIT FARM. GROWN AND PACKED BY G. D. WOODWORTH. HOOD RIVER, OREGON. The label shown herewith will be used by Mr. Woodworth with all his Fruit shipments this season and will be printed by the undersigned. Fruit growers would do well to follow this plan in providing their individual label to go with each box of fruit they ship that they may have due credit for the quality of their products. Bring us a photo of what you desire in cut and we will do the rest. E. R. BRADLEY, The Printer.
