YOU GET THE CROP
Together with 111 acres of choice fruit and berry land. This tract lies well, there is just enough slope for good drainage, and the soil is deep, nice and very productive. Of the 111 acres all but 3 acres are in fine cultivation, and the balance very easy to clear; 3 acres are in strawberries. The berries are in splendid condition and ought to net \$500 this season. There are 450 choice apple and peach trees from one to three years old. The place is well fenced, with a neat three-roomed house, barn, chicken house and other outbuildings; it is within 2 miles of the town of White Salmon, and close to school, mail delivered. The location is well chosen, and will make a lovely home. We class it as one of our last bargains and you get it for \$1,500, with terms of \$500 cash and the balance to suit. If you are looking for a fine orchard and berry place let us show you this property. We have a fine proposition to offer a good blacksmith. For particulars see or write
