

ODELL SHOULD ESTABLISH CREAM ROUTE FIRST

By Rowell Shelley. Odell, East Hood River, July 5.—Last Saturday there was a meeting at the Commercial club rooms at Hood River that was the starter of an enterprise in the valley that is probably the most important of any undertaking for the public weal that has ever been undertaken here.

pealed. Now that the people are thoroughly aroused in this matter something will soon be doing and this most important question settled and settled right. It is our opinion that the business interests of Hood River cannot afford to remain silent upon a question of such importance, involving as it does the future welfare of the valley.

The Rev. Mr. Cruzan of Spokane, delivered a very excellent and eloquent sermon at the Union church at Odell last Sunday at 3 p. m. Hon. E. L. Smith drove the party out from town, which was made up of himself, Rev. Cruzan and Rev. Nelson and wife. The sermon was an appeal for a higher, purer life, not through fear of punishment, but because such a life is the right kind for one to live.

note the development of recent years. It was Mr. Nelson's appointment yesterday, but he told us that he had brought us a larger, brighter, better man than himself. That was what Nelson said. Be that as it may, Mr. Nelson will preach for us two weeks from last Sunday, and if we want him he will be with us every two weeks at 3 p. m. We think Odell needs and wants such work and we bespeak for Mr. Nelson a cordial welcome.

Mrs. Woodworth, wife and son of Belmont, with C. Sharp, an old time friend of the Woodworths, toured the East Side last Sunday, and lunched at the Little White store park. Mrs. Woodworth calls Mr. Sharp her foster father, she having made her home with him when a girl, and then it was Mr. Woodworth first met her. Mr. Sharp's home is in Contra Costa county, Cal., 25 miles from San Francisco and 18 miles from Oakland. His residence there covers a period of 30 years. This was his first visit here, and he is in praise of our conditions. He says Mr. Woodworth has the best ranch he ever saw.

A brother of J. S. Foss came out here last Friday to look over his property.

Now for a cream route for this country. That will be the best thing for a starter, and as we get strong enough we can organize and start a creamery at Hood River.

The smile on the face of our road agent, Albert McKamey, is broader than usual this week, all on account of the arrival of a boy at his home.

An error was made last week in stating that the holiday of the saloon here occurred at 3 p. m. It should have been 3 a. m. The town was asleep at the time, or the robbers would not have failed so well.

One Dollar Saved Represents Ten Dollars Earned. The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Cough, Cholera and Diarrhoea Remedy. It costs but a few cents and a bottle of it in the house often saves a dollar's worth of several dollars.
