

ODELL

CREAMERY ROUTE IS A NECESSITY

By Roswell Shelley. Odell, East Hood River Valley, July 11.—Mr. and Mrs. Touell. Mrs. John Kroeger's parents, are visiting John Kroeger and wife at their home one mile west of Odell. Their home is in Washington, near Vancouver.

Neff & Collins have on exhibition at the Little White Store an excellent photo, 8x10, taken at Lost Lake, showing mountain, lake and evergreen hills running down to the edge of the lake. They have a large assortment of views treating upon the Hood River country, which are excellent and which will prove good advertising for the valley.

A. E. Roberts and wife from San Francisco are visiting at Tanglewood. Mr. Roberts is a son of C. G. Roberts and has not visited Hood River for several years, and is enjoying a delightful recreation at this charming mountain home. Miss Louie and Charley Roberts are also home on their summer vacation. They have been students at the agricultural college at Corvallis.

That creamery meeting last Saturday was a success. Mr. Lea, representing the Hazelwood Creamery of Portland was present and gave out valuable and practical information in the matter. The Hazelwood people are in earnest about securing this field, and if, after looking the valley over carefully, and they receive encouragement, it is probable that a cream route will be put on inside of thirty days.

Much interest was manifested at the meeting, and every indication points to the early establishment of a cream route with almost a certainty of a cream plant just as soon as sufficient cows can be secured to justify the investment. This matter has passed the stage where argument is necessary to convince the farmers. It is an absolute necessity, and no one knows this

better than the farmers who have a large surplus of clover, and with no home market for it.

Mr. Lea is field superintendent for the Hazelwood people. He has grown up in the business and consequently is familiar with every detail, and has not the slightest doubt but that our valley is an ideal spot for this industry. The farmers present seemed of the same opinion, so it is safe to say that Hood River valley will soon add another profitable enterprise to the list, and have premium butter as well as premium apples.

Last Sunday, when the thermometer stood at 90, we were at the Nabhow spring, two miles westward, which forces its way through the hillsides, clear as a crystal and cold as if it had come from an ice chest. We spent one day of the heated season at this charming place. There you get a view of the valley on both sides of the river, with south Hood River thrown in. There you can see stretches of evergreen, below and beyond the river you catch a glimpse of green meadow and of ripened grain fields, together with the apple orchards dotting the slopes. The picture was replete with things that please the eye of one who is a child of nature.

Otto Ehnck and Henry Salverkrupp left last Sunday for Baker City to engage in work there. They went in response to an invitation of Everett LaFerty, who is at work there. There is plenty of work here, but these young fellows desire a taste of the outside world, and it is right they should. But they will return to Hood River.

Rev. Mr. Nelson of the Unitarian church at Hood River will hold services at the Union church at Odell, 3:30 p.m., Sunday next. Subject of sermon: "The Story of How I Became a Liberal."

There will be an ice cream festival at Mrs. John Mohr's Friday evening, the 14th. The proceeds to go to the church fund.

A force of men will soon be put to work to make desired improvements and repairs to the Tucker hill road. There will be another creamery meeting in Hood River Saturday, when the Hazelwood representative will be here again, and endeavor to determine upon something definite re-

garding the establishment of a cream route here. All interested are requested to turn out. Tell your neighbors about it and do not fail to be there. There's an important subject for all.

BARRETT.

We say, all hail the glorious Fourth, but now it is numbered with the days of the past. Well, Rockford closed its doors on that day, and with the family journeyed to the Falls. The trip was made in about two and a half hours. We visited the falls and viewed the punch bowl. As we looked out upon the beauties of nature and saw the handiwork of the Creator, we could not help but say: "The Heavens declare the glory of God and the firmament showeth his handiwork."

After partaking of a good hearty dinner we were introduced to different people. We assembled at the camp ground at one o'clock, where Mr. Winans had provided seating capacity for a large number of people, which was well filled; also a platform for the speakers of the day. The Hon. R. E. Shelley, the Little White Store merchant, favored us with an address, then a song by the choir. After that we were addressed by Senator Mann of Florida, who kept the audience in laughter most of the time. Dosch-de, a goodbye, and so ends our Fourth of July celebration.

J. H. Stoenaker has returned with the surveying party, who have completed their work so far as we naturally suppose. J. H. can now be consulted as to the feasibility of the ditch going through.

Fred Ingalls left home Wednesday for the East side, where he is engaged with the hay bailers at Pine Grove. Good for Freddie.

Our genial and pleasant fresh fish man from town was on our streets last Wednesday, looking his horn. We say, come again.

J. Gibbons has been very busy during the past week making hay. It seems to me that John will have an abundant hay crop this year, for the meadow is literally covered with small stacks of hay. J. G. is quite a farmer, knowing how to make the best of everything he raises on his ranch.

We are informed that Mr. Imbler has sold his ranch near the Christian

What are your friends saying about you? That your gray hair makes you look old? And yet, you are not forty! Postpone this looking old.

Hair Vigor

Use Ayer's Hair Vigor and restore to your gray hair all the deep, dark, rich color of early life. Then be satisfied.

Ayer's Hair Vigor restores the natural color to the gray hair, and I am greatly pleased. It is all you claim for it. Mrs. E. E. Shaw, Mechanicville, N. Y.

church, and expects to locate nearer the town. Did you notice the ad. in the For Sale columns. Just look once. George Camp and Levi Tyler were callers at Rockford store, making purchases of good things to take with them on the fishing excursion up to the river. Call again, boys.

Will Davenport has disposed of his wood clips. We saw two wagon loads being hauled to Hood River on Saturday last. Nothing like wool and mutton.

PINE GROVE

Did Pine Grovites celebrate the 4th? Well, yes. If you could have seen about 50 of them around one table eating dinner at the Happy Hunting ground, near the Hood River falls, you would have seen a happy crowd.

The families which surrounded this table were Sprout's, Mason's, Marks', Vanier's, Hunt's, Jarvis' and Gleason's. Messrs. Earl Clark, Ralph Ordway and Martin Drogosch were also very attentive toward getting something to eat.

The program rendered at the falls was deserving of praise and was well attended. Senator Mann of Florida made a splendid talk.

Roswell Shelley of Odell was called upon for a few remarks, and the man from the Little White Store was cheered to the echo before he got through.

Social Friday night at Mrs. Mohr's. Ice cream and other good things. Mrs. Joe Jarvis, jr., from Grand Forks, N. D., is visiting her son, Joe Jarvis, jr., of the East side. Mrs. Joe, jr., and Mrs. Joe, jr., are spending this week in the metropolis and taking in the sights at the Lewis and Clark fair. Joe is good housekeeper, and is having his tanning now. You can hear him singing "In the Good Old Summer Time" from early morn till the kids are fast asleep in the wee hours of night.

Miss Grace Cronkite of Arroyo, Minn., is visiting her friend and chum, Miss Nettie Gleason, of the East side. Miss Grace is one of Minnesota's successful school mamas, and is spending her vacation seeing the sights of the Lewis and Clark fair and on the program for her and her hostess. We imagine some other trips are being planned, but "they won't tell."

Score one more for Pine Grove. Mr. Martin Drogosch was seen out driving the Sunday with two school mamas at one time. Two is company and three is a crowd, Martin!

Have you seen that smile on R. E. Huchison's face? It's a 12-pounder. "This is the fifth and the first toy. Who wouldn't be proud under such circumstances? This incident occurred July 4th, and no doubt that day will ever be celebrated in good style in this happy family.

Miss Ollie O'Brien, who is taking care of Mrs. A. I. Mason, spent the 4th at her home near Vancouver, Wash. She returned last Thursday.

W. Eike had a serious accident last week with one of his large gray horses. A load of hay upset and frightened his team, causing them to run into a barbed wire fence. The horse is injured so badly that he cannot be cured, and perhaps will have to be killed.

The young ladies of the Catholic Altar Society will give an ice cream social at the home of Mrs. J. A. Mohr, Pine Grove, Friday evening, July 14. Pie concert and other amusements. Concert by the German band. Everybody cordially invited.

If any Hood Riverites have friends visiting our valley, don't forget that the prettiest drive in the valley is up the East side. Our orchards are something to be admired now.

PINE KNOT.

DUKES VALLEY. We are having some pretty warm THIRTY-ONE weather at present. The farmers do not have any trouble to cure their hay these days.

Hansen & Thomsen have their mill set up so as to make lumber, and are cutting lumber needed in construction for the rest of the mill, and in a few days will be making lumber at a lively rate.

Mrs. John Thomsen of The Dalles was in our valley last Sunday.

Our Sunday school has closed for awhile on account of the busy season and the hot weather.

Mr. and Mrs. Mark Cameron were visiting the Lewis and Clark fair, and also calling on old friends in the city. George Tupper came very near having a serious accident last Saturday. As he was coming out from town, the tongue came down and the team got frightened and kicked loose from the back. No one was hurt, but he had to borrow a wagon in order to get home.

In the Idaho building at the Lewis and Clark Fair there is a pyramid of nearly pure talc, one which weighs 60,000 pounds. A single specimen weighs 10,000 pounds. Idaho produces annually forty per cent of the lead mined in the United, and twenty-seven per cent of the world's supply.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very of-

ten a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Williams' Pharmacy.

KLICKITAT CROP IS BEST IN YEARS

Special to the Glacier. Gobleddie, Wash., July 12.—Harvesting will commence during the week and grain will be of the best quality, and an enormous yield. We will have the best crop this valley has known for years.

Espeir court is in session today. The following cases are up for final disposition: J. G. Allyn vs. Homer Lee, et ux. Labor lien foreclosure. N. B. Brooks for plaintiff, and W. B. Fred for defendant. A. J. Taylor vs. Geo. W. Moore, et al; injunction on water rights. E. C. Ward & N. L. Ward for plaintiff, and N. B. Brooks for defendant.

MOUNT HOOD.

William Keeling is moving to his new ranch. This is a part of the E. W. Gribble homestead. The school session report for Mount Hood shows 30 children of school age. J. L. Dimmick and family moved to Starbuck, Wash., this week.

Mrs. A. G. McKamey is enjoying a visit from her father and mother, Mr. and Mrs. Williams of Prounsville, Or.

Will Edri and Bert Sandman were busy rustling conveyances to accommodate the crowd going to that famous summer resort "Cloud Cap Inn," the fore part of "Cloud Cap Inn."

Tom Larwood and family went to Portland last Tuesday to spend ten days at the Lewis and Clark fair.

James Langille had a "burn raising" Tuesday. Mr. Langille is building a barn at \$72, and is now ready for that Tuesday.

WHITE SALMON.

Mr. and Mrs. Hyberger are going to their old home in Michigan to visit relatives and will return this fall.

The White Salmon Land Co. has let the contract for their new building to A. B. Main, who will begin work at once.

Mrs. A. H. Jewett gave a birthday party in honor of Dwight Goder, of Ada, Ohio. A large number of guests were present and an enjoyable evening was spent.

Bennet Moyle of Butte, Mont., has purchased two lots on the north east corner of Jewett avenue and Main street, and will erect a large store. Mr. Moyle will carry a line of furniture, hardware, wall paper, doors and sash, etc. Mr. Moyle will begin building in the near future.

Mrs. A. G. Ojffire of Portland, who purchased the 20-acre tract in Cameron Flat from C. H. Thornton, has taken possession. She will do extensive repairing before making her final home here.

Many parties attracted by the fine exhibit from the White Salmon valley at the Lewis and Clark fair, are looking over the valley with view of final settlement.

The Mountain View grange No. 988, of White Salmon has purchased 10 acres of land near a park from G. W. Overbaugh for which they paid \$1000. The grange will make a handsome park of this tract. Nineteen new members are now waiting initiation. There will be grand picnic in the new park the fourth Saturday of this month. The grange is in a flourishing condition.

UNDERWOOD.

Work was resumed Monday on the Oiled Hotel. Mr. Miesen and Mr. Fordyce are the carpenters.

Earl Roberts was clerking in the store during Mr. Smith's absence, when he was visiting with friends and relatives at the Locks over Sunday.

Several of our young men are going to the harvest fields. Among them are Henry Wagon, Earl Roberts, Abe Ames and Will Underwood.

The Misses Lena, Lizzie Kate Holendok and Will Underwood and Abe Ames are visiting the fair at Portland this week.

Mrs. Fred Lathy came home from Portland Monday, where she went a week ago to attend a wedding of her sister, Miss Freda Bueche, which took place the 4th of July. Mrs. Lathy says the bride received many handsome presents, and among them were several pieces of silverware and a dinner set.

Mrs. Ed Underwood and family went to Trout Lake to spend the 4th. All say they had a fine time. They left on Monday and came home on Thursday. Your reporter and family went to Carson and had a real good time. We went to see the log rolling contest, and it was great.

Ferry Asher and son Harold visited over Sunday with the families of Ed and Anos Underwood and Mrs. O'Brien. Mr. Asher is a son-in-law of Myrtle Underwood, brother of Annie and Ed. They returned to Portland on the Regulator Monday. He has been on a visit to his father-in-law for three months. He was called home to Iowa, where they have a restaurant. Mr. Tompkins and Will Shipman, Mr. Whitehead said they had a fine time and had all the trout they could eat. The weather was certainly fine for camping. They returned home Sunday.

CRAPPER.

A few families living in the immediate vicinity assembled in a grove on Professor Arneson's ranch on the morning of July 4, and enjoyed a most jolly picnic. The many accessories to a really good time were in evidence. The ladies had prepared ample provisions for the comfort of the inner man, also for the inner woman. But the table did not "groan under the weight of the tempting viands." The spread was made on the ground, but all present did ample justice to the good things. Then came the indispensable fire crackers, ice cream, lemonade, speech-making, singing and "sparking." We have small respect for a fellow who would not speak a pretty girl at a picnic. All who cared to look out for it, had a fine view of the pyrotechnic display on Mount Hood in the evening.

H. C. Hengst has sold his farm to Alex Hooker of Perth, N. D. While we extend a hearty welcome to Mr. Hooker, we hope that Mr. Hengst will not leave the valley.

Miss Lucy Omeig of The Dalles is visiting with Mrs. R. L. Lindsey.

Mrs. Frank Bond of El Reno, Oklahoma arrived at Hood River on Thursday of last week. She is visiting with her sister, Mrs. P. H. Martin.

Miss Myrtle Carn returned home from the hospital at The Dalles last week with health considerably improved.

Mrs. Jakuu and son, Mrs. and Mrs. Brosi and daughter, Miss Eileen returned from Portland on last Friday.

J. C. Huff of La Grande, Or., after visiting for a few days with Frank Gregory, returned to his home on last Saturday.

Roy Kelley went to Portland on Friday of last week. Jesse Green of Howell county, Mo., an old friend and a well known Elk, Gregory, is employed on the Van Johnson place. Mr. Green expects his family to come from Missouri to this country in the near future.

Mrs. Lindsey is on the sick list. Advertiser Letter List. For week ending July 10, 1905:

The Charm of Beauty

Is in the hair. It is almost impossible for a lady to be really attractive and pronounced beautiful if she is not endowed with an abundance of luxuriant hair.

There is a great deal in the care of the hair. The utmost precaution should be exercised in the selection of combs and brushes.

We have just placed on display the finest assortment of Brushes ever shown in Hood River. They are the kind that will not destroy the hair or encourage scalp disease.

We invite all to call and look our stock over.

HOOD RIVER

Did you ever notice the balance wheel in your watch? The balance wheel of a watch gives five vibrations every second, three hundred every minute, 18,000 every hour, 432,000 every day, and 157,440,000 every year. At each vibration it rotates about one and a quarter times, making 196,800,000 revolutions every year.

In order that we may better understand the stupendous amount of labor performed by these tiny works, let us make a comparison with a locomotive having six-foot driving wheels. Let it be run until its wheels shall have given the same number of revolutions that a watch balance gives in one year, and it will have covered a distance equal to twenty-eight complete circuits of the earth. All this a watch does without other attention than winding once every twenty-four hours.

Now, suppose both machines started in good order. The locomotive is oiled every fifty minutes, is carefully wiped and cleaned before being oiled. So that while doing the work of a watch for one year, it has been cleaned 6,955 and oiled 23,910, (and is now in the shop for repairs.) While your watch—suppose it doesn't look very dirty and even if it still keeps pretty fair time—wouldn't it do better service and wear much longer if carefully cleaned and properly oiled ONCE to every 14,000 time a locomotive is?
