

PAY CASH FOR RIGHTS OF WAY

By a Staff Correspondent. White Salmon, Wash., July 18.—A. R. Upright, right of way man for the Columbia Railway and Navigation company, has been here for the past four days closing up on the options made since May 1. When he commenced making options he informed the land owners that six months' time was all needed, and he has made good his word. The old survey of the Columbia Valley railway has been followed and everything has been closed out of Kennebec from Castle Rock to Major creek this side of Lyle.

CITY WILL PAY LICENSE REBATE

The city of Hood River will refund to the four former saloon men the amount of the unexpired licenses, made invalid by the local option election last November. The saloon men put in claims against the city dating from the first day of January, when the prohibition order from the county court went into effect, but the council Monday night decided to allow all of them only \$250 each, refusing to grant the rebate for the six weeks they kept open after the first of January. J. L. Morrison had filed a claim against the city amounting to \$322.46. This included interest since January 1. P. F. Fouts, who secured a judgment against the city some time ago, for refusal to pay the rebate when he asked for it, had a bill against the city, which was O. K.'d and returned for the order of the court showing judgment. It will be paid in full on receipt of the same by the council.

NORTHERN PACIFIC TAKES OVER C. R. & N.

By a Staff Correspondent. Lyle, Wash., July 18.—The affairs of the C. R. & N. were wound up yesterday and will be operated under a new management, J. Couch Flanders having been chosen president of the company in place of Rufus Mallory, and Marcus Talbot of Seattle vice president and general manager to succeed H. C. Campbell. The new official took a trip over the line Sunday on a tour of inspection, and from this date will be the directing force for the corporation. The regular steamers and the railroad extending from here to Goldendale, which is run in connection with them, were sold some three months ago, but the identity of the purchaser was not disclosed. The appointment of Mr. Flanders to the presidency indicates that the property is owned by the Northern Pacific railroad company. It is understood that the new president will also act as counsel for the line. J. Couch Flanders is one of Portland's prominent attorneys, and has had considerable experience in the steamship business. The Couch street dock and other front property are owned by the Flanders' estate. Marcus Talbot, the vice president, has been connected with the Pacific Coast Steamship company at Seattle for many years, and is said to be one of the best posted transportation men on the coast. H. C. Campbell, his predecessor, will take a long rest before embarking in any other line of business. Abstracting Right of Way Deeds. Special to the Glacier. Goldendale, Wash., July 19.—The firm of Brooks & Smith, abstractors, received orders for abstracts of 25 places on the north bank of the Columbia river. The order came from the C. R. & N. Co., but it is believed to be the N. P. that is back of the whole thing. It seems to be settled in the minds of nearly every one that there will be a road down the north bank in the near future, which will be a great benefit to the people of this county.

...Our Object and Yours... We have three things which we expect to attain by being in business, and we must attain all three if we expect to stay here. The first is to make money—the second to make friends, and the third to sell the kind of clothes that will enable us to make both. We might be able to temporarily accomplish the first without the aid of the latter. You can figure out as well as we can about how long we could keep things going on such a plan. The right kind of clothes is the essential secret to permanent success. And our object is to see that you get them. Black & Co.'s clothes fit and wear and hold their perfect shape in a manner which tells any man plainly enough that he will go far and look long before he finds anything of a like quality at a lower price. We want your trade, and we know you will like the Black & Co. clothes we are now offering you. Drop in and examine the goods. ...Vogt Brothers, The Clothiers...

Raspberries are coming in very freely and sell at \$1.25 a case." Reunion at Hibbard Home. A happy reunion is being held at the home of Mr. and Mrs. H. J. Hibbard, the occasion being the arrival of Mrs. M. A. Owen, from Overholt, N. D.; a sister-in-law, Mrs. James Foley and nephew, C. P. Axtell, from Mapleton, Minn.; and the other sister-in-law, Mrs. E. Smith, recently from Wisconsin, but now residing at Fairview, Or. Forty years of experiences and changes have passed since Mrs. Hibbard last saw her sister-in-law, Mrs. E. Smith, in their old home in Wisconsin. "The Girls" are being royally entertained by Mr. and Mrs. Hibbard at their lovely home in delightful Hood River. Reminiscences of the past, and interchanges of life experiences are mingled with thoughts and expressions of admiration for grandly beautiful Oregon. MRS. E. SMITH. Boy Loses Fingers and Possibly an Eye. The ten-year-old son of Ed Miller of Mount Hood lost a thumb and finger and may possibly lose the sight of one of his eyes by the discharge of a cannon fire cracker Monday. Mr. Miller was at Troutdale at the time of the accident and arrived here that evening in response to a telephone message. DUKES VALLEY. Hay harvest is in full blast, the yield being a little above the average. I. O. Cameron's baler started out with a full crew July 5, and was baling last week in Pine Grove neighborhood. Thomson and Hansen have their saw mill about ready to go to the sawing. They blew the whistle Saturday evening for the first time. Now boys, you can set your watches every night, without going up on the hill to set them by the town whistle. W. G. Dodson says he can beat any one in Hood River valley for garden truck and potatoes. Mr. Dodson surely has the ideal garden spot, the land being rich black loam, and situated in the south end of Duke's Valley in Odell creek bottom. Any thing can be raised there that can be raised anywhere. J. R. Carnahan, who went to Portland two weeks ago to undergo an operation, returned home last week much improved in health. W. H. McClellan, father of Mrs. A. T. Dodge, is visiting friends and relatives in the valley this week. CHOLERA INFANTUM. Child Not Expected to Live From One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Williams' Pharmacy. The equal suffrage club will meet Saturday afternoon, July 22, in William G. Elliot hall. Where are you sick? Headache, faintness, no appetite, lack of energy, pain in your stomach, constipation, Hollister's Rocky Mountain Tea, great and beautiful known. 35 cents. C. N. Clarke's. "George certainly is a man of action." "What has he done?" "Why the very next day after the heiress accepted him he gave up his job at the bank, and joined the 'Doubt' Worry Club."

Notes From the Enterprise. Mrs. Lewis received a letter from Mrs. Condon the other day in which she states that the family is now settled in San Diego, Cal. They like their new home. They speak of the city possessing a semi-tropical climate which seems to suit Mr. Condon very agreeably. His health has improved since settling there. Charles Waters received 10,000 trout fry from the government hatchery at Oregon City last Thursday night and on Friday morning took them out to Battlemake creek and the small lakes north of Trout Lake and planted them. The old gentleman had to stay up all night in Hood River with his fish and keep fresh water on them, which was quite a stunt for a man 85 years old, but he is too enthusiastic in his work for it to have any lasting effect on his health. There will be some fine fishing in those lakes now in a few years, and that region will be more popular with tourists than ever. Frank Thornton has bought the one-third interest of his brother, Moses E. Thornton, in the mining claim on McCoy creek known as the Elkhorn claim, consideration \$200. A. G. Ames and Mike Thornton are the other two owners of this property. Frank has sold his interest on the mountain, including his lease of the Henderson place, to John Leland Henderson, of Hood River, and will now devote his time to the mining proposition. The boys are preparing to go into the mines in the near future to do development work, and if there is anything in the mine they propose to get it out. Frank Thornton believes there is a big thing in the Elkhorn, and that all it needs is development to become a paying property. The Only Way to Cure. To cure a cold when you have no cough—to cure a cough when you have no cold—to cure yourself when you have both—take Kennedy's Laxative Honey and Tar. Acts on the bowels. Best for coughs, colds, croup, whooping-cough, etc. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It contains no opiates and cures by strengthening the lungs, throat and chest, expelling colds from the system by gently moving the bowels, and an ideal remedy for young or old. Often used will be remembered as a cure. Sold by G. E. Williams. Clarke's Cough Elixir will cure that cough. Price only 25c.

ALLOW NEW ROADS IN KLICKITAT COUNTY Special to the Glacier. Goldendale, Wash., July 19.—Commissioner's court adjourned last Friday, having completed the business for this term. They will meet in August as a board of equalization. The following items of interest to the people of western Klickitat were passed upon by the board at this session: In the matter of the State road, the board ordered that 200 booklets be sent to the fair at Portland, advertising the resources of this county. The surveyor was ordered to make a survey of the State road, and report at the next meeting of the board. The White Salmon ferry road hearing was set for October 3, 1905. The final hearing of the Splawn road was set for October 4, 1905. The county auditor was ordered to advertise for bids for the construction of a truss bridge across Jones creek on the White Salmon and Trout Lake road. The sum of \$100 was expended on the Dry Canyon Hill, near White Salmon. F. F. Richardson was given the free scholarship at the State College at Pullman. Several parties were ordered paid to various parties in the west end, but space will not permit mention. W. R. Neal, an old time resident of this place, now of Monmouth, Or., is visiting friends here. One Dollar Saved Represents Ten Dollars Earned. The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar he saves. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars for every dollar he saves. The same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Williams' Pharmacy. Money in Skamania County Treasury. The report of the recent meeting of the commissioners of Skamania county shows a balance of \$17,113.90 in the treasury, June 30, 1905. The books and accounts of the other officials were examined and found correct in every particular. The matter of the state road went over to the August term. License to sell liquors was granted Amos Underwood. The old court house has temporarily been rented for use of the county poor. Bert Reynolds was awarded the free scholarship at Pullman. The pills that act as a tonic and not as a drastic purge, are Dewitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk, at Valley City, N. D., says: "Two bottles of Dewitt's Famous Little Pills cured me of chronic constipation." Good for children or adults. Sold by G. E. Williams. Jones—Don't you think that a man is public benefactor who makes two blades of grass to grow where before there was but one? Smith—Well, I used to think so, before I owned a law-mower. When you find it necessary to use salve use Dewitt's Witch Hazel Salve. It is the purest, and best for Scabs, Burns, Bala, Eczema, Blind, Bleeding, Itching or Protruding Piles.
