SHOT STRIKES LAD AND SHATTERS LEG

Reports from Portland state that Chester Jackson, the boy who was injured last Saturday by a rifle ball shattering the large shin bone and injuring the other of his right leg, state that he will be confined to his bed until Christmas. He will be a cripple for life, and it is even doubtful if his leg can be saved.
The accident happened on the bank of the slough near the ice house. A number of boys were in swimming. Young Jackson and Wallace Moody were sitting near each other on the bank. Moody held a 25-caliber rifle under his arm, and as he arose the gun was discharged, a soft-tipped bullet striking Jackson in the leg, making a large flesh wound and powder burn, and shattering the largest bone of the leg below the knee.
Dr. Watt was soon on the scene, and in a few minutes the lad was removed to the hospital, where with the assistance of Dr. Dumble, the lad was made as comfortable as possible. It was necessary to remove several inches of bone.
Chester is 12 years old. His home is at 351 Halsey street, Portland. He was spending part of his vacation as a guest of Harold Wood. The lad's parents were at once notified, and arrived in the city on the late train Saturday, returning Sunday with their son to Portland.

ALBERT M'KAMEY TAKES HIS LIFE

From what meager information there is obtainable, Albert McKamey of Mount Hood committed suicide early Wednesday morning by shooting himself through the head. The bullet entered the right temple, bringing death within a few hours.
As near as can be learned the particulars are these: About 3 o'clock Wednesday morning, Dr. Shaw received a telephone message from Mount Hood saying Albert McKamey had been shot. The informant was not certain whether the shot had been fired from inside or outside the house, and asked Dr. Shaw to notify Sheriff Sexton and Coroner Burget.
The doctor arrived at McKamey's home shortly after six o'clock, and was told the man had died but a few minutes before. McKamey was found lying on his bed, his head in a pool of blood and an old revolver on the floor at the right hand side of the bed.
Mrs. McKamey stated that she heard a groan from her husband's room shortly after midnight. Entering his room she saw her husband with a revolver in his hand. Whether this was before or after the report of the pistol shot it is not known. The wife went at once with her little children to the house of a neighbor, from where a messenger was dispatched to Coroner Sheriff Olinger decided best to call for a coroner's inquest. As the train and boat were late, Coroner Burget will not get here until the early morning train arrives.
No definite motive can be given for the suicide. Neighbors state that McKamey attempted to cut his throat when a young man. Others say he had brooded considerably over the Reis affair, as the two men had not been the best of friends. Reis threatening his life at one time, so it is said. McKamey was a member of the coroner's jury which attached the charge of the murder of James Reis to Frank Reis. It is also said McKamey carried over financial troubles.
He was apparently a man of intelligence, and respected by his neighbors. He has a brother, Henry, and three sisters. He was married last year to a young widow from Linn county, whose parents, Mr. and Mrs. John James, visited here last month.
Best Country He Had Seen.
F. J. Brettie, editor of the Review-Headlight of Ellis, Kans., who made the trip to Portland last week with the excursion party from Kansas, spent last Thursday in Hood River. Mr. Brettie is well acquainted with H. C. Jungst, W. J. Robinson and W. B. Perry.
Mr. Brettie visited while here for a few hours with G. L. Robinson, who used to know him in Kansas years ago. Mr. Brettie is not accustomed to saying much, but he admitted that of all the western country he had traveled through, Hood River looked the best to him.
After getting out among the apple orchards of the East Side the man from Kansas was greatly surprised at seeing a three-year-old apple tree loaded down with fruit. Here he could believe his eyes, and told Robinson that he would have to produce an affidavit as to the age of the tree.

PRUNE HARVEST IS NOW ON AT MOSIER

Mosier, Or., Aug. 16.—The prune harvest is on in full blast. J. W. Hodge, who has charge of the E. J. Middleworth ranch this year, is the first on the market. He commenced Monday with a full crew and expects the harvest to last at least two weeks. The crop is extra fine, and is a large one. The peach plum crop was heavy. Before the close of the week most all the ranchers will be hard at it, and every one who wants to work can surely get a job. The price is good and everyone is feeling good over it, indeed. Most all the prunes have been contracted, to the local dryer or to The Dalles.
Died.
In Portland, the two-year-old daughter of Mr. and Mrs. W. J. Smith, formerly of this city. The body of the little child was brought to Hood River Saturday, for burial in the Idleville cemetery. The mother was too ill to accompany the remains to this city.
