

MASON GIVES THESE AS SAMPLE YELLS

A. I. Mason is determined that Hood River shall be heard from at the exposition on Hood River day, September 27. With the aid of some of the young people of Pine Grove, Mr. Mason submitted the following sample yells for the consideration of Glacier readers.

Zim! Zoo! Zah! Hood River! Hood River! Rah! Rah! Rah! Zim! Zoo! Zah! Apples! Strawberries! Rah! Rah! Rah!

The following are some new ones which may be appropriate:

Sacajawea—Jawa—Jawa! Apples and strawberries we do grow! Who are we? You can guess, Hood River's 400? Yes! Yes! Yes! Strawberry short cake Green apple pie, Are they good to eat? Well I should sigh! Hood River soil can grow them Hood River girls can make them, Oh My! My! My! Hood River, Hood River, We all well know, The finest fruit in the world Hood River can grow. Strawberry short cake Green apple pie, Are they good to eat? Well I should sigh.

Some catch phrases: It's a cold day when Hood River gets left. Price Hood River fruit. We are known by our fruit. Our fruit against the world. Hood River Valley, an oasis of the Cascades. Price our lands and fruits. Hood River is IT. Our Motto, Quality, Quality, Quality. Our conscience in each package of fruit.

Preparations are in progress for the

Custer massacre spectacle at the Lewis and Clark exposition, which was postponed from August 10 to August 29. The great tragedy of the Little Big Horn river, in the summer of 1876, will be reproduced by the use of Indians and United States troops—except the actual killing and scalping. This is to be followed on the 31st by Japan's peace jubilee carnival on the waters of Guild's Lake.

OPEN SEASON FOR GAME IN OREGON

The complicated fish and game laws of the state of Oregon give the open season for game birds and deer as follows:

Deer—(male) August 15 to November 1; (female) September 1 and November 1. Ducks and geese—September 1 and February 1. Grouse, quail and pheasants—October 1 and December 1.

Light Company in Their New Office.

The office of the Hood River Electric Light, Power and Water Co. will be found after this week in the new Davidson building on River street. The Davidson fruit Co. will also move their office into the same building. The Fruit Co. will occupy the corner office, and the Light Co. the first room on the left of the stairway on River street. Entrance to the Glacier office in the same building is on Third street.

Portland Has a \$120,000 Fire.

For five hours Tuesday morning Portland's entire fire department, struggled with a conflagration that swept the east side, devastating four blocks of buildings, rendering scores of people homeless and entailing a loss of approximately \$120,000. Twenty-two buildings were completely destroyed, many were badly damaged and not a few business firms and individuals were financially ruined.

The fire started in the kitchen of the Iowa restaurant, at Union avenue and East Stark street, and was caused by the explosion of a gasoline stove. Ice at Tompkin Bros.

PARIS FAIR HAS BARGAINS GALORE

The Paris Fair presents a livelier appearance than usual these days. A large force of clerks are kept busy wrapping up and making change for the enormous hand stock of goods, recently purchased by W. O. Ash & Co. The goods have been moved from the Smith block to the Paris Fair store, and it is the intention of this enterprising firm to dispose of the stock in as short a time as possible.

Prices have been slashed to a remarkable low figure, and the goods are going like hot cakes. The stock consists of dry goods, clothing, shoes, hats, groceries, etc. Read carefully the prices set forth in the page ad of the Paris Fair elsewhere.

CRAPPER.

Mrs. Della Hanger of Elgin, Ill., is chiding with her cousin, Mrs. Wickham. They had not met since they were little children.

Misses Freda and Emma and Anna Prege, a companion by their brother Herman, went to Portland on last Saturday.

Mrs. P. H. Martin and Misses Inez and Dorothy and Leta Martin and Mrs. Paul of Oklahoma and Warren Lister of Crook county, Or., went to Portland Monday of this week.

School at the Crapper will open September 11, with Miss Anna Phillips of Marion county in charge.

L. B. Wilson, John Hicks, James Wickham and E. Duncan Martin returned on Monday of this week after ten days outing at Badger lake. They enjoyed the trip hugely. They brought home several masses of bear meat, but the "other fellow" killed the bear, and it is strange to say that up to date we have heard no big fish stories.

We are glad to note that Mrs. Lindsey, who has been on the sick list for several weeks, is improving very nicely.

Fred Gates sold his farm some time ago to T. A. Vanaudale and went to Seattle, where he expects to make his

Mr. Vanaudale has the lumber on the ground for the erection of a nice residence on his new purchase.

Harry Hackett is the champion snake killer of this neighborhood. He has killed five rattlers within the last few weeks.

ALL READY FOR THE IOWA PICNIC

The Hawkeys will picnic today on Neal creek, on the Moody farm, now in charge of Henry Lage. The Hood River brass and will enliven the occasion, and an extended program has been prepared. Dr. W. F. Laraway will preside as chairman of the day, and it is whispered by the little birds, he will be the first president of the Iowa society to be organized 200 strong today.

The exercises are scheduled to begin at 11 o'clock. There will be a vocal solo by Miss Cooper; a paper on Iowa by Mrs. Laraway; remarks by Rev. J. W. Rigby; violin solo by Willie Chandler; song by Murray Kay and an extended address by Roswell Shelby.

Dr. Laraway has arranged to have the Iowa state song sung at this picnic. The words are by Tacitus Hussey of Des Moines; the music by H. M. Townner of Corning. The song is sung in march form, and is entitled "Iowa, Beautiful Land." The words are:

A song for our dear Hawkeye State; Iowa, Beautiful Land; As a bird sings of love to his mate, Iowa, Beautiful Land. The land of wide prairies and trees, sweet clover and humming of bees, While kine breath adds perfume to these in Iowa, Beautiful Land.

CHORUS: Crown her! Crown her! Crown her! Crown her with corn, This Queen of the West.

Who wears the wild rose on her breast, the fairest, the richest, the best, Iowa, Beautiful Land! Iowa, Beautiful Land!

The cornfield of billowy gold, in Iowa, Beautiful Land, Are smiling with treasure untold, in Iowa, Beautiful Land. The food hope of nations is she, with love overflowing and free As her rivers which run to the sea in Iowa, Beautiful Land.

—Chorus Her tale of the past has been told of Iowa, Beautiful Land, The future is not yet unrolled of Iowa, Beautiful Land;

The past, how on fame's scroll she has written her deeds of glory, roll, The future, fear not for thy goal, O, Iowa, Beautiful Land! —Chorus.

Then sing to the praise of our God, of Iowa, Beautiful Land, And our fathers, whose feet early trod this Iowa, Beautiful Land.

A land kissed by sunshine and showers; of corn lands, wild roses and flowers, Oh, thrice blessed land, this of ours, Our Iowa, Beautiful Land. —Chorus.

The Only Way. There is no way to maintain the health and strength of mind and body except by nourishment.

There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. Sold by G. E. Williams.

Big Yield This Year. Total wheat yield of the Northeast this year will be approximately 50,000,000 bushels. Threshing has begun in Northwestern region and Southeastern Washington, and results are very good, the wheat averaging 35 bushels to the acre. Shipments are beginning in Umatilla county.

Peculiar Disappearance. J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for indigestion, sour stomach, headache, constipation, etc." Guaranteed at C. N. Clarke's drug store; price 25c.

The Crook County Journal says that a man froze to death on the streets of Prineville a few nights ago. He had read the thermometer up-side down and thought it was 95 degrees below zero, and expired instantly. That's strange, but no more so than an incident occurring in Lakeview about the same time. Dick Wilcox, assistant cashier in the First National bank, hung a thermometer up-side down in his coat barn and the next morning his cow gave ice cream.—Lakeview Examiner.

Do You Suffer with Dyspepsia or indigestion? Clarke's Dyspepsia Tablets will cure you. Price only 50c.

Dear Gus, I have solved the mother-in-law problem; just give her regularly Hollister's Rocky Mountain tea. It will make her healthy, happy and docile as a lamb. 25c Tea or Tablets. C. N. Clarke.

W. F. LARAWAY. Diamonds Watches Pianos Organs Eye Glasses and Spectacles Specially Ground No extra charge for engraving. SMITH'S BRICK BLOCK HOOD RIVER Did you ever notice the balance wheel in your watch? The balance wheel of a watch gives five vibrations every second, three hundred every minute, 18,000 every hour, 432,000 every day, and 157,680,000 every year. At each vibration it rotates about one and a quarter times, making 196,850,000 revolutions every year. In order that we may better understand the stupendous amount of labor performed by these tiny works, let us make a comparison with a locomotive having six-foot driving wheels. Let it be run until its wheels shall have given the same number of revolutions that a watch balance gives in one year, and it will have covered a distance equal to twenty-eight complete circuits of the earth. All this a watch does without other attention than winding once every twenty-four hours. Now, suppose both machines started in good order. The locomotive is oiled every fifty minutes, is carefully wiped and cleaned before being oiled. So that while doing the work of a watch for one year, it has been cleaned 6,955 and oiled 29,910, (and is now in the shop for repairs.) While your watch—suppose it doesn't look very dirty and even if it still keeps pretty fair time—wouldn't it do better service and wear much longer if carefully cleaned and properly oiled ONCE to every 14,000 time a locomotive is?
