COME AND SEE US

F you want to sell all of your farm land, either improved or unimproved, make it your business to come and see us. If you want to trade for town property, come and see us. If your property is not insured, come and see us. If you haven't anything to sell or trade, come and see us anyway; you may have a friend who has. As stated in our previous announcement, we do not expect prospective buyers to run after us and coax us to sell them property, but we are going right after them. Our force at the other end of the line will round them up as fast as we have desirable property to offer.

We are not taking money away from the valley, but bringing it in, and want you to co-operate with us. If you have more land than you can conveniently improve, come and see us and we will find you a buyer who will improve it, thereby enhancing the value of land retained by you. Come and see us on general principles. We buy, sell, trade and loan.
