SIX TON CAPACITY CRUSHER FOR \$400

San Francisco, Feb. 7, 1906.
Mr. R. Shelley,
Hood River, Oregon.

Dear Sir: Your name having appeared several times in the *Glacier* as one of those advocating the purchase of a rock crusher for road building in the valley, I address you in that regard.

If the purchase is decided upon, would like to set for the Biedon Iron Works of this city in the sale. We can supply a crusher with 8x12 jaw opening, capable of crushing from 4 to 6 tons of rock per hour, depending upon the fineness, for \$400. f. o. b. San Francisco; or a 7x9 crusher, 3 to 4 tons capacity, for \$240. f. o. b. San Francisco.

Also, believing in the idea of building good roads, I will pay one-half of the freight charges to Hood River, which I am informed will be at the rate of 45 cents per 100 lbs. and I make my offer on that basis.

Would you inform me if it is the intention to secure a complete portable crushing plant, or will it be in a fixed location? Also, is electric power available at any of the outside of town locations where the road building would be carried on?

Hoping you and your associates in this worthy movement will give my proposition due consideration, I am

Yours truly,
H. B. Langille,

414 Dolores street, San Francisco, Cal.

WANT WHITE MEN FOR SECTION HANDS

It is said to be the plan of the O. R. & N. to displace the Japanese section men on its road with white men. The *East Oregonian* in speaking of the matter says:

"If plans of O. R. & N. officials are carried out, every Japanese and Chinese laborer on the tracks of that system will be replaced with a white man as rapidly as suitable white labor can be secured."

There are 2,000 laborers on the tracks of the system, including all its branches, and very few indeed are white men now employed. Japanese are in the majority on the sections, while a few white men are worked in extra gangs doing special track work.

White men with families will be employed, it is said, wherever possible and thus a permanent class of track men will be encouraged to settle permanently and remain in the employ of the company.

It is said that the officials have preferred white men all along, if such could have been secured in the past, but owing to the shiftless character of the men who applied for this class of labor and the uncertainty of them remaining with the position, the company was forced to employ foreigners who would stick to their jobs.

If white men are employed it will mean the construction of many new living quarters and dwellings along the line, as the present bunk houses are not suitable for the accommodation of families."

Don't deceive yourself. If you have indigestion take Kodol Dyspepsia Cure. It will relieve you. Rev. W. E. Hocutt, South Mills, N. C., says: "I was troubled with chronic indigestion for several years; whatever I ate seemed to cause heartburn, sour stomach, fluttering of my heart, and general depression of mind and body." My druggist recommended Kodol, and it has relieved me. I can now eat anything and sleep soundly at night. Kodol Digests what you eat.

COUNCIL PASSES ORDINANCE 104

Continued from page 1.

council what their pleasure was in the matter.

Mr. Morse moved that the Marshal be instructed to collect the tax. Carried.

Mr. Watt said he would like to call the attention of council to the bad condition of street crossings, and said he thought some arrangement should be made which would allow of them being kept cleaner. The Marshal was instructed to look after the matter.

Council then adjourned.

FRED W. MULKEY.

Candidate for Republican Nomination
for United States Senator for
the Short Term.

Fred W. Mulkey was born in Portland, Oregon, and is a resident of his native city. He is a young man with every accomplishment which should qualify him for this high office. He is a graduate of the State University of Oregon, the New York Law School of New York City, and is a lawyer of high standing, a man who has traveled extensively in our country as well as abroad. He has studied our institutions and compared them with foreign countries. He is a logical thinker, a forceful speaker and an ardent parliamentarian. He has many friends, both rich and poor, for he is a courteous gentleman at all times.

He is a Republican always. He has supported all the nominees of the Republican ticket at all times. He is as loyal to his party as to his friends. He has confidence in the people and is willing to abide by their decision at the primary election.

Oregon needs such men as Fred W. Mulkey. The Republican party needs such men, and the voters should see that such men are nominated and elected.

An Eye Opener for Mason. A. I. Mason received a communication from the clerk of the county court at Minneapolis several days ago asking for information about the Hood River country. The envelope contained \$5 to reimburse Mr. Mason for any trouble he might be put to in the matter and states that the finding of it was an eye opener as he has received many requests for information, but never before received anything for furnishing it, and in many instances stamps for a reply were not furnished.

A LETTER

I wish to say to all our old friends and customers who for so many years came to our shop for their meats, that it is useless for me to introduce Wood Bros., our successors, as their 18 years in the butcher business in Wasco county has made them so widely known that an introduction is unnecessary. Being honest, capable business men, they have the means and ability to run a business as it should be run, and in a way that will be a credit to our city.

I expect to stay with the new firm for awhile, and will be glad to see you all at the old stand. I will guarantee that you will get just as much meat for your money, just as courteous treatment and just as prompt service as can be had in the city.

We will have a full line of everything good to eat for the Spring trade.

Respectfully yours,

E. S. MAYES.

The Greatest of All Irrigation Projects

ON THE AMERICAN CONTINENT TODAY. CONSTRUCTED
BY THE CANADIAN PACIFIC RAILWAY

IN SOUTHERN ALBERTA, CANADA

The Land That's Famous for Its Tremendous Crops
of Hard Winter Wheat, Alfalfa and Sugar Beets

The Ideal Country for Diversified Farming

This enormous undertaking by the Canadian Pacific Railway will eventually place "under ditch" a million and a half acres of land and will ye. take years to complete. It is without doubt the world's greatest irrigation project ever undertaken by any government, corporation or persons. The first section of this great project is now placed on the market for the first time, and we have now ready for the farmer

ONE HUNDRED THOUSAND ACRES

Of the best irrigated land in the world lying immediately on the northern side of the Main Line of the Canadian Pacific Ry., at Gleichen and extending back ten miles, all in a solid block,

At From \$18.00 to \$25.00 an Acre,
ON EXCEPTIONALLY EASY TERMS

Irrigation Is Practical Crop Insurance

You get moisture when needed, where needed and as much as needed.

READ WHAT DR. ELWOOD MEADE, AMERICA'S HIGHEST AUTHORITY ON IRRIGATION,
SAYS after careful examination of the entire project: "The soil of the irrigable area is fertile and well adapted to the application of water. The water supply is ample and the rights of the Company thereto are secured."

Is the very heart of this so-called Gleichen tract there has been raised this year without irrigation, 45 bushels of Wheat and 80 to 100 bushels of Oats to the acre. What will this land not do with irrigation? We have some attached areas of non-irrigable land which are covered with a splendid growth of grass and are perfect for grazing lands, which we will sell in conjunction with the irrigated land. This will make an ideal combination of irrigated and non-irrigated land for farming and stock-raising. As there are comparatively few of these combination farms, it will be well for you to make a selection once.

Amply large accommodation at Gleichen will provide you comfort, and we will furnish teams and drivers to show you over the tract, free of expense. Use application to the undersigned, stating that you want to inspect this land, we will furnish you with a certificate enabling you to buy a ticket over the Canadian Pacific Railway lines from any point at which you wish to start to Gleichen and return, at a rate of 25 cents a mile from the Eastern and Southern points reached by the Canadian Pacific Railway, and a rate of one fare for the round trip from points on the main line West of Calgary to the coast.

These lands will be placed on sale at merely nominal prices, our object being to establish a great agricultural community rather than to sell these lands at their real value, either as judged by their crop production or the price of irrigated land elsewhere. The Canadian Pacific Railway will forever maintain these canals and laterals at the nominal cost of 50¢ per acre per annum. The terms of sale will be one quarter cash and the balance in five equal annual installments at 6% interest. This land will be sold in tracts of 80 acres and as much more as you desire. Remember, first choice,

NO FLOODS, NO DROUGHTS. EVERY YEAR A HARVEST YEAR

Act Now. Don't Wait Until the Choicest Locations Are Taken.
