

HARRIMAN LINES TO MAINTAIN SUPREMACY

It is evident that the management of the Oregon Short line and O. R. & N. propose to make every effort to have its lines able to compete with the north bank road when it is finished.

The proposed cut off, joining the Twin Falls line at Burley, would use the same track west to Twin Falls, the terminus, and then continue along the Snake river and connect with the present main line at Mountain Home.

Unemployed river captains and pilots are scarce so that great difficulty is experienced in securing officers to command the various craft says the Journal.

More Railroad News. O. R. & N. surveyors were on the Deschutes river west of Grass Valley during the week, says the Grass Valley Journal.

Select Breeders for Best Result. That the whole flock general may be a high average physically, as well as a great laying strain, a bird underized or weak can not be expected to bring forth offspring that would be prolific enough.

In about 1850, Darwin, the great naturalist, found by selecting for breeders pigeons from parents of large broods that after a few generations of selecting them in that way he produced a strain of pigeons with immense broods and thus found that he could bring out any characteristic that was desired in bird life.

As with the pigeons, so it is with chickens that our future success or failure depends upon the way we select our breeders. By this method of breeding up, we are now rewarded with a strain of squabs breeders which pay us handsomely in 3 weeks old squabs for the market and we cannot begin to supply the demand for such squabs.

Appreciates the Glacier. Canton, Ohio, March 15, 1906.—Dear Mr. Editor: I notice that my time expires next month, therefore, as I do not wish to miss any issues of the paper, I enclose money to pay for the continuance of the same.

Grubbing. Will not contract to grub 100 acres of land to remove the old mill. About 15 acres of old mill site has been grubbed. A. D. Moo, Glacier office.

Can Not Deceive Dealers.

"It has been demonstrated that first-class apples can be raised in this valley. Car loads of Willamette valley apples have been packed and shipped as the Simon-pure Hood River article, and no kick registered, except from our good Hood River brethren, who indulge the pardonable conceit that good apples don't grow outside of Hood River valley."

The above was taken from an article written by H. C. Atwell for the Forest Grove Times, who probably refers to an attempt by a firm of apple buyers to market seven cars of Willamette valley apples as Hood River fruit.

American Apples Abroad. Extracts from speech of G. C. Elffe, made at banquet of Payette Fruit Packing Co., Dec. 16, 1905.

"When at Bremen the second largest harbor in Germany, said Mr. Elffe, I attended the auction sales of five thousand boxes of American apples. On the morning of the sale I had inspected them, and found one barrel in good condition, the rest contained many rotten apples, of such a nature that it would not pay to keep them to feed hogs on during the winter."

Adopt Big Red Apple Badge. The smoker by the Cashmere Commercial club drew the largest gathering in the history of the club. Many guests were present. Speeches were delivered by Colonel Houston, Leonard Fowler of Wenatchee, Rev. L. N. B. Anderson and others.

Good Showing for New School. Miss Lizzie Elder, on Friday last, closed the second year of very successful school work in Rose Hill, district No. 73. Rose Hill is a new district, but that the people take a great deal of pride, and show a great deal of enthusiasm in their school is shown by the fact that they have just closed an eight months term without a single tardy mark.

Dr. Cooper's Nine Cs. Is a wonderful medical discovery. After thirty-five years of active practice, and having treated many hundred cases of catarrh and other throat and lung diseases, Dr. Cooper discovered the medicine called the "Nine Cs."

The "Nine Cs" will cure any curable case of Catarrh, Asthma or Consumption that has not passed to the last stages. It is a great remedy for hoarseness of public speakers. It is a sure remedy for croup and a great benefit in whooping cough.

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias) which is one of the chief ingredients of the "Favorite Prescription": "A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in sterile hemorrhage, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is a general tonic, and is useful in all debilitated states."

Apple Shippers. Your shipments, large or small, respectfully solicited. We can get you good prices. Prompt returns. Send for shipping stamp.

Arrival and Departure of Mails. HOOD RIVER. The postoffice is open daily between 8 a. m. and 7 p. m.; Sunday from 12 to 1 o'clock.
