MT. HOOD DISCUSSES **ELECTRIC RAILROAD**

W. H. Moore, of Portland, the well known financier, who is interested in the building of the proposed new elec-tric line to Mount Hood, attended the meeting held at that place Tuesday afternoon to consider the new project. Mr. Moore, in company with several

gentlemen from this city, have been over the proposed new route which will go out on the west side and swing around into the Mount Hood country. While the parties interested in the new road feel that it may have a great future before it they realize that there are many difficulties to be overcome and thus it will be a very expensive undertaking.

For this reason they are asking for of Mount Hood and have made several nothing definite and the matter has been left with the Mount Hood De-

velopment Leagus to work up.
It is expected that another meeting will be held there soon and that some thing definite will be learned concerning the proposition. It is said that while the Mount Hood residents are anxious to see road built they cannot as yet come to any conclusion much support they can afford to
