THURSDAY, APRIL 12, 1906.

ANNOUNCEMENT.

To the voters of Wasco county:
I wish to announce myself as a candidate for re-nomination for the office of County Commissioner at the primary election to be held April 20th, 1906.

H. J. HIBBARD,
Commissioner.

ANNOUNCEMENT.

To the Citizens of Wasco county:
I wish to announce myself as a candidate for nomination on the Republican ticket for Commissioner of Wasco county at the primary election to be held April 20th, 1906, and if nominated and later elected, I pledge myself to fulfill the duties of the office to the best of my ability and integrity. Yours sincerely
G. R. CASTNER.

ANNOUNCEMENT.

Hood River, Ore., Jan. 16, 1906
Editor Glacier:
I wish to announce through the columns of your paper that I shall be a candidate at the primary election to be held in April of this year for the republican nomination for representative in the legislature from Wasco county.
If I should receive the nomination and be elected I shall, to the utmost of my ability, serve the interests of Wasco county, and especially the interests of the western portion of the county and Hood River valley.
A. A. JAYNE.

ANNOUNCEMENT.

The Dalles, Ore., March 13, 1906.
To the Republicans of Wasco county:—

I hereby announce myself as a candidate for re-nomination to the office of sheriff of Wasco county, subject to the republican vote to be cast at the primaries on April 20. If I should secure re-nomination and be re-elected to the office, I promise to discharge the duties faithfully, honestly and economically. My incumbency of the office for the past two terms has given me a knowledge of the duties which can be learned only by experience, and which will be exercised, in case of my re-nomination and re-election, to the best interests of my constituents of all political parties in this county. The manner in which taxes have been collected, and other duties of the office performed during my incumbency, challenges comparison with any one who has occupied the position heretofore. I desire the nomination from the republicans of Wasco county, not of any particular faction, believing that my experience has particularly fitted me for the office, and which can only be acquired by a practical knowledge of the duties.

F. C. SEXTON.

ANNOUNCEMENT.

To the voters of Wasco county:
I hereby announce my candidacy at the primary election to be held in this state on April 20th, 1906, for the Democratic nomination of County Commissioner of Wasco county, subject to the voters of Wasco county.

CHARLES L. COPPLE.

ANNOUNCEMENT.

To the Voters of Wasco county:
I hereby announce my candidacy at the primary election to be held in this state on April 20, 1906, for the Republican nomination of Representative in the Legislature from Wasco County.

J. F. HENDRICK.

ANNOUNCEMENT.

To the Republicans of Wasco county:
I hereby announce myself as a candidate for nomination upon the Republican ticket for Sheriff of Wasco county, subject to the vote cast at the primary election to be held April 20th, 1906.
If nominated and elected, I promise to fulfill the duties of the office to the best of my abilities by being courteous to all and giving the office the same careful attention that I would if it was my personal business.
Yours respectfully,
LEVI CHRISMAN.

Hood River's Candidate For U. S. Senator.

The opening of the campaign Friday evening of E. L. Smith for the nomination for United States Senator is of interest to the state in general and Hood River in particular. It is an honor to Hood River to have a candidate for that important office, and in Mr. Smith we have a candidate of unquestioned integrity and ability for that important place. Mr. Smith is the last of the candidates for Senator to open his campaign, yet he is so well and favorably known throughout the state, that he has little left to be said, and it is due to the persistent solicitation of his many friends that he at last consented to be a candidate. Mr. Smith has always been a prominent figure in all matters of state importance, especially in horticulture and development circles, but has not been so active in politics for several years because he would not submit to the dictation of the political bosses. The primary election law has made it possible for the people to select their own representative, and Mr. Smith comes before the people untrammelled and free from corrupt influence. He does not believe in the corrupt use of money to influence the public, and trusts to his clean public and private record to win votes. No man is better qualified than Mr. Smith to represent Oregon at Washington. As a debater he has few equals, and on the floor of the Senate would rank among the best in that august body.

Extension of the Mt. Hood Road.

An opportunity is now afforded the residents of the Mt. Hood district to take advantage of an opportunity to secure the prime necessity for making that section second to none as a fruit growing district. With the assurance of the management of the Mt. Hood Railroad that if the citizens there show the proper spirit and meet the company half way it will extend its road to them as rapidly as possible, all conjecture as to adequate transportation facilities from the extreme end of the valley are set at rest.

The company's offer to build the road if it is given the proper rights of way is a generous one. No more advantageous offer could be expected than this and shows that the company has the best interests of the community

at heart in making it. With intelligent and proper co-operation between the land owners and the railroad the matter can be adjusted in a way that will be satisfactory to all concerned and insure the construction of the Mt. Hood line with the least possible delay.

At the outlay of a great deal of money the company has so far built its road without asking for any assistance. In doing this it met with much opposition and many obstacles, although it is now admitted by all who are able to appreciate its far reaching benefits that it promises more for the development of Hood River Valley than any project that has ever been executed in the valley.

Let the Mt. Hood residents then show the way and meet the generous offer of the road as it should be met. Insure the building of the road promptly. The company is not asking for bonuses. It wants a right of way for its road, which at best can not be a paying proposition to this point for some years to come, yet it is willing to extend its benefits now on the possibilities of the future. It is up to the Mt. Hood people. Let them rise to the occasion.

More About the County Surplus.
County Commissioner Hibbard called our attention to the article in last week's Glacier that the \$200,000 that had been paid over to the county treasurer so far this year did not represent the amount now in the treasury, but that most of it had been paid back to the districts where it had been collected. Mr. Hibbard says that a levy of nine mills was made for county purposes, and that this would raise about \$54,000 if it was all collected.

The point we wished to emphasize is that there will be a surplus in the treasury this year, and that it invites extravagance and is unnecessary. If the taxes in Hood River are to be largely increased every year for the purpose of swelling the bank deposits at The Dalles, would it not be better for us to run our own county affairs and keep the money at home?

The announcement by F. C. Baker that he has tendered his resignation as Chairman of the Republican State Committee is received with regret. It is hoped that Mr. Baker can be induced to reconsider his action. In the three years in which he has served in this capacity he has done most efficient work for the party in the state and has at all times been a tireless and intelligent worker in its behalf. Mr. Baker has generously offered to look after the state campaign until his successor can be appointed, although he has been forced to neglect his private interests to do so.

The Centerville Citizen is a new paper published at Centerville, Wash. by M. A. Thompson. It is an eight-page, four column sheet, and full of live news. May it live long and prosper.

Wenatchee Fruit Man Visits Hood River.
Ed M. Foy, manager of the Wenatchee Fruit Growers' Union, visited Hood River last week and conferred with Manager Shepard as to Hood River methods.

Mr. Foy has been sent to many of the principal apple centers of the country, and also to the eastern markets, in order to get what information he could that would be helpful to that section in handling and marketing their fruit. Mr. Foy learned many things to his advantage at different places, and especially here, and his trip will pay the Union many times over for the expense. While Hood River has been in the advance of nearly every other point in the business, it must have valuable information could be picked up, especially in the New York market, by a personal visit, and the example of Wenatchee in sending their manager out for information could be profitably followed by Hood River.

Mr. Foy said that 400 out of the 500 fruit raisers of his section were members of the Union, and were well pleased with the results, although he has learned much on his trip to make many improvements in their methods. Hood River land looked cheap to Mr. Foy, when he said that their unimproved land was selling for \$300 an acre, one-year-old orchards for \$500, five-year-old at \$700 and bearing orchards eight-years-old or more were selling for \$1000 and up. When we consider that Hood River is superior to any other apple section from every point of view—in the matter of climate, transportation, scenery, and profit, the present prices of land are very cheap compared to other places. The extra four bits or a dollar a box on the selling price of apples is all clear profit. It cost no more to raise apples here than elsewhere, while it is a well-known fact that Hood River apples sell higher on any market than apples from any other section.

Hood River has a future that is bright, indeed.

School Entertainment and Debate.
The school entertainment and debate held at the K. of P. Hall Monday evening was well attended and thoroughly appreciated by the audience. The debate was preceded by the following program:

Instrumental duet, Pearl Bradley and Nellie Songer.
Recitation, Frances Bragg.
Recitation, Helen Orr.
Violin Solo, C. H. McCauley.
Recitation, Vere Williams.

The subject of the debate was "Resolved, That the women of the United States should be Granted Equal Suffrage with Men."
The speakers for the affirmative were Burleigh Cash, Mair Dano and Maude Merrell. For the negative, George Howe, Paul Treiber and Harold Hersher. Judges, L. N. Blowers, A. W. Outbank and C. B. Thompson.

The arguments on both sides were very able and reflected credit on the speakers. The judges, however, concluded that the negative side had the best of the argument, and decided accordingly.

Fatal Accident at Dec.

A sad accident occurred at Dec Thursday afternoon in which two laborers lost their lives. While a gang of men were working below the dam, a head of water was turned on from one of the spillways above, and with the high water in the river caused by the melting snows above,
