

Absolutely Pure
A GRAPE CREAM OF TARTAR BAKING POWDER
It makes the most delicious and healthful hot breads, biscuit and cake

FREE FROM ALUM, LIME OR PHOSPHATIC ACID

★ ★ ★ ★ ★ ★ ★ ★

Alum baking powders are unhealthy. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.

OPENS CAMPAIGN FOR SENATOR
 (Continued from page 1)

assistance of his colleague, E. O. McCoy, the passage of the bill through the House appropriating \$60,000 for constructing a portage road around the rapids at Cascade Locks.

Fifteen years ago, when the organization called the "Columbia River Waterway Association" was founded, composed of delegates appointed by Mayors and County Courts, Mr. Smith was selected as president of the body, and served with eminent success for three years. A number of meetings were held, principally at Portland, Astoria and Vancouver. In national irrigation Mr. Smith has taken a prominent part. He attended the National Irrigation Congress at Ogden, Utah, and at El Paso, Texas, and was chosen along with Governor Fiske, of California, Governor Morrison of Nevada, and Senator Newlands, of Nevada, to make one of the replies in the formal address of welcome. He was elected one of the vice-presidents-at-large and as such, was instrumental in securing the meeting of the National Irrigation Congress recently held at Portland, where he was re-elected vice-president.

During the past six years Mr. Smith has been Commissioner-at-large and chairman of the State Board of Horticulture. He is also president of the Northwest Fruit Growers' Association. The cause of Horticulture has been advanced by no one more than Mr. Smith.

Mr. Smith was one of the McKinley presidential electors in 1900, and in the campaign made a speaking tour through the counties of Josephine, Douglas, Umatilla, Union, Sherman, and Wasco.

Mr. Smith belongs to the staid element of the Republican party, and is one of its most aggressive members and eloquent speakers. At the Lincoln Day banquet in Portland, Feb. 12th of this year, his address and that of George H. Williams were especially noteworthy.

Have You Dyspepsia, Indigestion?
 If today you suffer from impaired digestion, a sluggish liver or impure blood, and you were told of a preparation which would cure you at small cost, would you try the remedy? There is a medicine—Green's August Flower. Go to your druggist's and buy a test bottle for 25 cents, or the regular size for 75 cents. If you have used all other dyspepsia remedies without satisfaction, or if you have never used any preparation for these distressing affections; if you have headache, biliousness, loss of appetite, sleeplessness, nervousness, or any disorder of the stomach or liver, cure yourself quickly by using the infallible August Flower. It is not an alcoholic stimulant, but quite harmless for general use. Get a copy of Green's Prize Almanac.

New Apple King For Hood River.
 Oscar Vanderbilt's purchase of the Watt & Slocom orchard recently will probably enable him to wrest the title of the biggest apple grower in Hood River valley from Sears & Porter, who have heretofore stood at the head of the list. The Vallalala orchard, as the Watt & Slocom orchard is called, will no doubt have 8,000 to 10,000 boxes of apples this year, and with the Beulah Land crop will give Mr. Vanderbilt the largest number of boxes of apples this year of any grower in the valley.

While Mr. Vanderbilt is still a "tenderfoot" in the business, yet he started right in to apply practical business methods and has made a study of the business, until he is getting results that are equal to that of any of the old ranchers who have spent many years growing fruit.

PROCLAMATION.
 Whereas, the Secretary of State of the state of Oregon, has notified me in writing that pursuant to the provisions of an act entitled, "An act making effective the initiative and referendum provisions of section 1 of article IV of the constitution of the state of Oregon and regulating elections thereunder, and providing penalties for violations of provisions of this act," approved February 4, 1903, the People's Power League of Oregon duly filed in his office on February 3, 1906, an initiative petition containing 8,227

signatures properly attached to a copy of said measure, certified in accordance with law, demanding that a proposed law, the title, tenor and effect of which is hereinafter particularly set forth, shall be submitted to the legal voters of the state of Oregon for their approval or rejection at the general election to be held in said state on the 4th day of June, being the first Monday in June, 1906.

Now, therefore, I, Geo. E. Chamberlain, governor of the state of Oregon, in obedience to the provisions of said act heretofore first mentioned, do hereby make and issue this proclamation to the people of the state of Oregon, announcing that the said People's Power League of Oregon has filed said initiative petition with the requisite number of signatures thereto attached demanding that there shall be submitted to the legal voters of the state of Oregon for their approval or rejection at the regular election to be held on the 4th day of June, 1906, said day being the first Monday in said month, a bill to propose by initiative petition a bill entitled "A bill for a law to prohibit the issuing or furnishing of any pass, ticket, transportation or service either free or at less than regular public rates, to any person, and to prohibit the receiving or using of any such pass, ticket, transportation or service, and providing penalties for the violation thereof, the tenor and effect of which, in brief is:

First: To make it unlawful for any public service business or corporation, or any of its officers or agents, to furnish within the state any pass, ticket, service or transportation either free or at less rates than are open to the public generally, or for any one to solicit, accept or use within such state any such pass, ticket or service. But the act shall not be construed to prohibit the issuing of mileage, commutation or excursion party tickets, provided the same shall be obtainable on equal terms without discrimination by all persons or excursion parties applying therefor under like circumstances and conditions, nor to prohibit the granting of passes or reduced rates by any such business or corporation to its own officers, agents or employees traveling in its service, or to charitable or reformatory institutions, nor to prohibit the exchange of passes by railroads with officers or employees of other railroads; and upon any shipment of livestock of such nature as to require an attendant, a railroad may furnish to the shipper or some person designated by him, free transportation for such attendant, including the regular passage to the point at which the shipment was originally made, provided there shall be no discrimination in reference thereto between shippers.

Second: To require every public service business or corporation within the state, on or before the 1st day of February of each year to cause to be filed with the Secretary of State under oath a statement of all passes, tickets, service and transportation either free or at less rates than are open to the public generally during the year ending December 31st next preceding, showing the name of the officer or agent who granted or issued the same, to whom and why granted, and the consideration therefor.

Third: To require any person holding a public office or position under the laws of the state or any municipality, before the payment to him of his salary, to file as a part of his receipt a statement showing that since taking office he has not received or used any free or reduced rate pass, ticket, transportation or service prohibited by law from any public service business or corporation.

Fourth: To define public service business or corporations.

Fifth: To declare violations of the act a misdemeanor, and providing fines in case of conviction, and if the person convicted be a public officer, he shall forfeit his office and the office be declared vacant.

Sixth: To make it a misdemeanor in case any public service business or corporation fails to make and file the statement required by the terms of the act, and providing penalty in case of conviction.

Done at the capitol at Salem, this 28th day of February, A. D., 1906.
 (Signed) Geo. E. Chamberlain,
 Governor.

By the governor: (Signed)
 F. I. Dunbar,
 Secretary of State.

MEMONINEE MILLS DOING BIG BUSINESS

A visit by the Glacier man to the plant of the Memoninee Lumber Company managed by the Cameron Bros., last week found it at a pace as busy as a bee hive. While this mill has not the capacity of the large mills which have recently been put up it is cutting a wonderful amount of lumber for a mill of its size and is putting out some of the best lumber sawed in this section.

The company is shipping over five cars of lumber a day and is averaging between 70,000 and 80,000 feet. This includes various grades and varieties of lumber, including ties. For convenience in shipping and handling material the plant is admirably situated and reduces the cost of manufacture very materially. The company has its own water supply ready for an emergency in case of fire and is right in line with everything that is progressive in the lumber business.

This company also owns a fine mill site at the mouth of the White Salmon River where its big log boom is situated and could at any time choose erect a mill there. The Memoninee Company employs in the neighborhood of 70 men and is a small factor to the business men of this city as its prosperity means considerable to them. Like other industries about Hood River the company has not been able to get men enough recently to work their mill and lumber camp to the best advantage and last week were short ten hands.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of a gripe with all its miserable symptoms," says Mr. J. S. Egleson of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by Kier & Cass.

Oil Burners in Use.

O. R. & N. passenger trains are now being pulled between Portland and Umatilla by steam made by oil as fuel. Engines 192 and 193 which have just been equipped as oil burners, are now in service and other engines will be prepared for this fuel as rapidly as the mechanical forces at Albina can make the changes.

The new apparatus is complete in every way and employes are familiarizing themselves with the use of the new fuel and no trouble will be experienced after a few experimental trips. It is possible that the coal burning engines of the mountain division will be equipped for burning oil, in the near future.

Rheumatism Makes Life Miserable.

A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by Kier and Cass.

A LETTER

I wish to say to all our old friends and customers who for so many years came to our shop for their meats, that it is useless for me to introduce Wood Bros., our successors, as their 18 years in the butcher business in Wasco county has made them so widely known that an introduction is unnecessary. Being honest, capable business men, they have the means and ability to run a business as it should be run, and in a way that will be a credit to our city.

I expect to stay with the new firm for awhile, and will be glad to see you all at the old stand. I will guarantee that you will get just as much meat for your money, just as courteous treatment and just as prompt service as can be had in the city.

We will have a full line of everything good to eat for the Spring trade.

Respectfully yours,
E. S. MAYES.
