

CORRESPONDENCE.

MOSIER.

Miss May Middleswart came up from Hood River on Friday evening to spend Easter with her parents.

Miss Grace and Bettress Coil returned from a brief visit to Hood River on Friday of last week.

Geo. Ireland and Paul Evans were passengers on Friday's evening train for The Dalles.

Miss Agnes Gulorson, teacher in Dist. No. 52, left on Saturday's early train for Portland, to which place she went to spend Easter with her parents.

Geo. Chamberlain and Phil Winans made a trip to The Dalles over the mountain on Saturday.

On Friday Alex Stewart drove over the mountain to The Dalles. Mr. Stewart has an elegant team of horses which he takes great pleasure in driving, and as an alternative for transportation, he has in it a convenience to be envied by those of us who are less fortunate, especially at such a time when the railroad schedule trains do not coincide with our convenience for travel.

Miss Dollie Mosier has rented the M. J. Mosier estate, of which she is administratrix, to Mr. Thomas. Mr. Thomas is a thorough-going farmer, and will, no doubt, prove very efficient in the management of the farm.

The little child of L. D. Fisher, who was kicked by a horse one day last week, we are pleased to report to be convalescing.

Miss Dollie Mosier was a passenger on Friday's evening train for The Dalles, to which place she went to spend Easter with her sister, Mrs. P. P. Taylor.

Mrs. Geo. Woods and daughter, Marion, have returned from The Dalles, after an extended visit with E. B. Woods and family.

Mr. Wilson and family, who have spent the winter in town, moved to their homestead on Saturday of last week.

Owing to the unsettled conditions of the present location of the school house in Dist. 52, an effort was made by the teacher, Miss Gulorson, and her pupils, to beautify the school grounds on Arbor day, having this feeling of insecurity that, should the new building be placed on a different location, their labor would be wrought in vain. By way of diversion, however, a long walk was taken up Mosier creek, where, in the study of the different forms of plant life and the shells and pebbles along the creek, the children were brought very near to nature's heart, which advantage afforded them the opportunity of broadening their minds and thus offering new ideas and suggestions for future school work.

Peter Henning was a passenger on Monday early train from The Dalles.

ODELL.

Easter Sunday was observed by the Sabbath school of Odell with a program which, though short was pronounced good. Sickness prevented the attendance of some who were to take part in the exercises.

Thomas Lacey purchased a horse of Felt & Young, horse dealers.

DUKES VALLEY.

We are having some fine weather at present, and if it does not rain soon, there will be a cry for water, but I guess we can just cry as we can't get it until the ditch is ready.

Hansen & Thomsen are running their sawmill here at present and have got several thousand feet of lumber piled up in the yard. They are cutting pine, and where it is dry it will be shipped to The Dalles, where they have a box factory, and the lumber is manufactured into fruit boxes and bee hives.

There is plenty of call for men and there is no excuse or any one being idle. The mill is running short-handed and they saw awhile and go out and pile up the lumber.

The fields are green and the trees are leafing out and it is spring with all her beauty.

We were surprised one day last week to meet Mr. Olinger with a petition for another vote on local option. This has been voted on two different times in Hood River and carried each time, and now there is a cry for another trial. I don't think that our town or valley has been hurt in the least by local option, and there has been some settled here, who perhaps would not if we had not had local option. Our town and valley are prospering under existing conditions, but still there is a cry for run-shops. Some claim that there is more liquor drunk than there would be if we had saloons in our town, but I think this is false, for if this was the case, the wholesale liquor dealers would not be spending thousands of dollars fighting the local option law. This fighting their trade and this is the reason that they do not hesitate to put up their money to fight it, to keep it from carrying.

Spring work is nearly done. A few have early garden up. The cold spell did not seem to injure the fruit any at this place. Early fruit is just coming in bloom, and if we have no severe frosts, will give a full crop of early fruit.

W. C. Dodge, John Ried and Walter Massey are in town working at carpenter work for Louis Boyed.

Oscar Cameron is hauling cedar posts from Weygandt's on Chins Hill for J. P. Thomsen. Mr. Thomsen is having a good substantial fence built around a part of his farm, which will improve the place both in looks and value.

Grandpa Dodson got his foot quite badly bruised last week by a heavy bale of hay falling on it.

Milton Bingham, who has been laid up several weeks with a broken leg, is able to get about again without the aid of crutches.

Land buyers were in evidence in this part of the valley last week. No sales were made except 15 acres of J. A. Knox's place which was sold to James Dunn, an uncle of J. E. Whistler, for \$75 per acre. Mr. Dunn expects to commence improving the land in this part of the valley last week. No sales were made except 15 acres of J. A. Knox's place which was sold to James Dunn, an uncle of J. E. Whistler, for \$75 per acre. Mr. Dunn expects to commence improving the land in this part of the valley last week. No sales were made except 15 acres of J. A. Knox's place which was sold to James Dunn, an uncle of J. E. Whistler, for \$75 per acre. Mr. Dunn expects to commence improving the land in this part of the valley last week.

In all directions may be seen the smoke of battle. Not man and man, but man and the great trees, and the sound of blasting is not unlike that of cannonading. The big trees must give place to smaller ones that will be full of fruit. Many homes to be where there were few.

Money saved by buying your flour and feed from McDonald.

AYER'S

You know the medicine that makes pure, rich blood—AYER'S Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted Sarsaparilla.

It. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

I suffered terribly from indigestion and this blood. I found no relief until I took Ayer's Sarsaparilla. For bottles recently cured see Dr. R. H. HART, Mt. Hope, N.Y.

AYER'S PILLS for RICH BLOOD

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

BARRETT.

It is time that our city fathers do something in the way of having a road opened up proper at the crossing at the depot, and a protection to the general public, and the O. R. & N. Ry. Co. should be compelled to fence the side of the embankment leading to the Stanahan & Bagley warehouse, as this is a public road and, must say, one of the most dangerous places in the whole valley. The blowing of steam and screeching of whistles on the engine is enough to scare the most cautious teams, and having no protection on the embankment some time something very serious will happen. On Thursday of last week, the writer had a very close call. While waiting for a freight train going west, an engine going east blew the whistle and let off steam, which scared my horses and caused them to plunge down the embankment. I myself being dumped under the horses and I cannot see how it was that my life was not crushed out. The railway company's doctor was sent for to examine me, showing that the company felt some responsibility. Now the city council, I think, should take the matter up with the railway company before something more serious does happen.

Your correspondent was not informed of the proper day or date for the election of bonding the district to build a new school on the lower part of Barrett district. The day is Saturday, April 21, at one o'clock, p. m. Let every one attend and vote right.

Mr. Editor, for some time I have been thinking over the matter of accounts of the county of Wasco, and of our official. I myself being dumped under the horses and I cannot see how it was that my life was not crushed out. The railway company's doctor was sent for to examine me, showing that the company felt some responsibility. Now the city council, I think, should take the matter up with the railway company before something more serious does happen.

in leather for shoes. Also a variety of styles of Low Cut Shoes in Kid Try a pair of cushion sole shoes

Dress Goods

In all our line of Mohairs, Brillianties, Suitings, Meltons, Albatrosses, Serges and all dress goods we are offering exceptionally low prices.

MOUNT HOOD.

G. M. Whitcomb made a dash to the Portland dock.

Miss Mary M. Chase will speak on behalf of Women's Suffrage at Mt. Hood Thursday evening, April 20.

The dance Friday night was a grand success, both financially and socially. The boys were well pleased to see so many out, especially the people from Odell. The boys wish to thank all who gave them a helping hand in time of need.

The Development league had a very interesting meeting Saturday afternoon. Mr. Early, of the Mount Hood railroad, was present and made quite a talk, but he did not say they could not in a long and interesting talk of the upper valley, and the benefits that would be derived from a railroad. The meeting adjourned till the call of the president.

J. M. Lenz, our road supervisor, has a crew of men working on the road these days.

Miss Lizzie Cooper, of this place, has accepted the position as teacher in one of the schools at Vinto. She has a little nephew now and her many friends wish her success in all her undertakings.

Mrs. John Mohr and three sons, Miss Lizzie and Miss Lizzie, accompanied by E. Stanton, spent Sunday at Best Sammamish.

A very interesting program was rendered at the school house Sunday which was very appropriate for the day.

A small boy about ten years old has been seen running cows with dogs and on horse-back lately, and very near ruined one cow, as she was run through two fences, through brush and over logs till a neighbor took pity on the poor dumb animal and made the dogs stop. Then, like a neighbor, he turned the cow out so she could go home. We think people should keep their gates shut if they do not want people's stock inside.

Mr. James Cook and family spent Sunday with Mrs. Cook's parents, Mr. and Mrs. D. C. Cooper.

George Thomas is home from Frankton, where he has been going to school. The ball boys are glad to see him with them once more.

Everybody is busy with their spring work in this neck of the woods, and some are unable to get the help they need.

Frank Baker, of Hay Station, Wash., is visiting Ralph Reed.

Ed Belding and wife, of Belding, Mich., are visiting relatives here.

Mr. Belding is a cousin of Lou and Lee Morse and a brother of Mrs. F. W. Angus.

RUTHTON

Mrs. Stewart and Mrs. Graham, of Mosier, were visiting in Ruthton last week.

Mr. Barton is learning to ride a wheel.

Miss Mary Middleswart went to Mosier Friday eve, returning in time to go to school Monday morning.

Mrs. J. C. Cameron has gone to Michigan, called there by the serious illness of her aged father.

Miss Eliza Susey is having a tussle with the measles.

Mr. Forbes has a phonograph, but we would rather listen to Miss Grace as a musician.

Mr. and Mrs. Horgan and two little daughters, of Sherman county, spent a few days with their sister, Mrs. Forbes.

Mr. Copland acted the part of the good Samaritan Saturday, and gave fish to two needy families in camp.

Talks on Osteopathy.

Osteopathic treatment in two cases is not
