ARTHUR D. MOE, Publisher

Terms of subsaription—\$1.50 a year when paid

THURSDAY, MAY 17, 1906. Carl Schurz, widely known as a bub-

complication of diseases.

The rain the first of the week increased the yield of strawberries at White Salmon and in the valley probably 20,000 crates. The warm weather was causing the berries to ripen too fast, making them under size. The rain was of general benefit to all crops.

The new train that is to be put on next Sunday to run local between Biggs and Portland will be a great convenience to the patrons of the road ular schedule, and is already hauling between these points. It will no considerable freight and quite a few doubt be generally on time, as it will not have to wait for connecting trains at different points on the route, and will make all the way stations. It will about six miles this slow of Thursday, to meet his daughter, who also allow the through trains to make arrived on train 2 from Portland. better time by cutting out many of Mr. Stone says that Forest Ranger the small stations

Venting Their Spleen. Editor Glacier—I have noticed that a few disgusted Republicans in this county are venting their spleen through Democratic channels against Jonathan Bourne, jr., their party's candidate for United States Senator. county are venting their spleen through Democratic channels against Jonathan Bourne, jr., their party's candidate for United States Senator. To state it mildly, they are not behavng with very good political manners. They do not charge that Mr. Bourne won his nomination by unfair me-thods; that he is not capable and energetic; that he is not in full accord with the president and therefore with his party; but on the very thin excuse that, in their estimation, based on political scandals of their own school,

If the voters of the Republican party had named Lowell, Watson, Smith or Cake instead of Bourne perhaps these kickers would have been delighted, and perhaps others would not have shared in their joy. That Bourne is a bigger, truer man and more loyal Republican than the few sore-heads who call themselves "Gearin Republi-cans," is attested by the fact that when he prematurely conceded Mr. Cake's nomination, he at once tendered that gentleman his congratula-tions and loyal support up to the very hour that he should receive his certificate of election.

It is due to some of the gentlementation, including Mr. Cake, to say that they were equally magnanimous and loyal Republicans. It is likewise pertinent to remark that some were not, and that the frost-bitten Republicans are kicking at the law, under which they could not win, by knocking the man ary claimed to be due, also damages, who could and did, under it. The was toled before Judge Nickelsen and voter should take them at their true a jury, Monday and Tuesday. A verthemselves. They are simply calls.

The apple prospects in the John Day country were never better. The growers are now just disposing of much of their last year's crop at excellent fig.

It is reported that the principal part of the fruit crop near Imnaha was killed by March freezes, and with the exception of prunes, there will be little, if any, raised,

The Rogue River Valley Horticul-tural Society has been organized to help carry out the plans of the state society. The officers are S. L. Ben nett, prosident; A. H. Carson, vicenett, prosident; A. H. Carson, vice-president; J. A. Perry, secretary; H. F. Meader, treasurer. With such prominent officers the society will certainly succeed if the members will do their part toward helping things

Many sections of the northwest are reporting destructive attacks by cater-pillars upon fruit trees, and progressive orchardists are working as bard as they can to check the increase.

The Wenatchee Fruit [Growers' Asociation has filed articles of incorpor ation with a capital stock of \$15,000 They will not only handle their own fruit, but will buy all the paper and boxes which the members need and distribute them at a low cost.

Marion county is looking for a bumper crop of fruit this year. Prune trees are heavily laden, and it is expected that with the present outlook there will have to be more pruning than the regular June thinning out process or the trees will have more process or the trees will have more the process or the trees will have more than not assumed of my goods or of the process or the trees will have more than not assumed of my goods or of the process or the trees will have more than not assumed to the process of the trees will have more than not assumed to the process or the trees will have more than not assumed to the process or the trees will have more than not assumed to the process of the trees will have more than not assumed to the newspaper to print. Here they are:

1. **I advertise in the papers because the process or the trees will have more than not assumed to the newspaper to print. than they can hold.

A fruit grower at Davenport, Wash.
is manufacturing a preparation which
he claims will protect fruit and trees
from many insect pests. It is some
my work.

OOD RIVER GLACIER BREAK GROUND FOR PASSENGER DEPOT

Monday morning graders were se o work excavating for the passenger depot of the Mt. Hood Railroad, east from the O. R. & N. depot. The building will have a basement floor on the level of the track, the upper licist and ex-cabinet officer, died at floor being on a level with the street his home in New York, May 14, of a grade. It will be 20x40 feet in size. and be substantially built. Owing to

the scarcity of help it may be six weeks before it is completed. Eleven stations have been designated on the road, at most or all of which waiting stations will be erected, but no agents except at the two ends of the line at present, and at other points when the business justifies it. Going south, after I aving Hood River the stations are named in the following order: Powerdale, Sears, Dragseth, Lenz, Odell, Dukes Valley, Neff, Bloucher, Winans City and Dee.

The road is being rapidly put in shape to begin train service on a regpassengers.

Wants Volunteer Work.

D. I. Stone came in from his ranch about six miles this side of Lost Lake Anderson has made four miles of road from Lost Lake, and there now remains but about two miles to finish. ing two miles if volunteer work is done on the road. There are some stumps to be blown out, and work for grader with a team. The government appropriation for this work is ex bausted, and unless volunteer work is done it will have to be abandoned, Those interested in making the lake easy of access as a place to camp and fish, should see that the volunteer work is done

Law and Order League.

A large gathering met at the reading coom of the U. B. church Monday evening and perfected a permanent organization of the Law and Order ague. It was the outcome of petitions that have been circulated and liberally signed for the past ten days. Over 200 signers have been secured in the city, and a large number

in the country.

D. J. Treiber was made chairman of the meeting and E. H. Hartwig, secretary. The officers elected were D. J. Treiber, president, E. H. Hart-wig, secretary and Geo. P. Crowell, treasurer. An executive committee was apponted to raise funds and do the active work of the association
