

NEW ORDINANCES UNDER CONSIDERATION

An ordinance amending Section 2 of an ordinance, entitled, "An ordinance prescribing the manner of calculating grades of the streets of the City of Hood River, and repealing Ordinance No. 36 of said city, entitled, "An ordinance prescribing the manner of calculating grades..."

The City of Hood River does ordain as follows: Whereas, Owing to the configuration of the ground on the side-hill streets, to-wit, parts of State street and Oak street and all of Sherman avenue, Hazel avenue, Pleasant View avenue and Second street, and other side-hill streets, that may hereafter be laid out, it seems desirable and in the wish of the majority of the owners along said streets, the said streets should not be cut down to a regular grade the entire width of said streets, but that said streets should be graded and constructed along the following general plan, to-wit: The upper and higher side of each side street to consist of a sidewalk of the established width by fronting the same with a terrace dropping down at the proper slope to the regular grade of the street as established, with gutter at the foot of the terrace; the lower side of such streets to consist of a sidewalk of the established width of such street, of the established width, with a terrace rising at the proper slope to the established street grade, and with a roadway between the foot of the terrace on the upper side and the foot of the terrace on the lower side, from 20 to 40 feet wide, depending upon the width of the street, the gutter on the lower side of the street to be at the intersection of the terrace with the roadway. Now, therefore, Section 2 of said ordinance is hereby amended to read as follows:

Section 2. That, as the city, as now laid out, consists of two benches one above the other, with a side-hill between, and having two general slopes, one from west down to the east, and the other and principal slope, from the south down to the north, the same grade cannot advantageously be maintained uniformly throughout the streets of said city, and unless other wise changed by ordinance, the street grades shall be calculated as follows: For all streets running northerly and southerly in said city, from the center of the street to the adjacent block or street line there, shall be a fall not to exceed one (1) foot to the adjacent easterly block or street line, and a rise, not to exceed one foot, to the adjacent westerly block or street line, and for all streets running easterly and westerly in said city, except State street, from the center of the street to the adjacent block or street line, there shall be a fall not to exceed one (1) foot to the adjacent southerly block or street line, and for said State street, from the east line of Front street on the east of said city, to the west line of Riverside addition on the west side of said city, from the center of said State street to the adjacent block or street line, there shall be a fall of not to exceed two (2) feet to the adjacent northerly block or street line, and a rise not to exceed two (2) feet to the adjacent southerly block or street line; provided, that the following named side-hill streets shall be constructed and improved as follows: State street, which shall be a foot street, except in one point where it is 75 feet wide, shall be improved and constructed, when improvement is ordered by ordinance, as follows: The roadway on the established grade, shall be forty (40) feet wide, the balance of the street shall be taken up by sidewalks and terraces, to-wit: The roadway shall occupy the center of the street, and on each side thereof shall be the gutters. The sidewalk shall, on either side, correspond to the grade of the street, and have the same slope from west to east, except at street intersections, when the sidewalk shall slope down on the upper or high side of the street from the foot of the grade to the street intersection, and slope up on the lower side of the street for the same distance to the grade at the street intersection; provided that, when found advisable by the city engineer, sidewalks may be placed all on one side of the street, and in such case the remainder of the street shall be on the established grade. Oak street between the west line of Fourth street and the east line of Park street, Sherman avenue its entire length, Hazel avenue its entire length, Pleasant avenue its entire length and Second street, of Winans addition, its entire length, when ordered by ordinance, shall be constructed and improved in the same way as State street, except that the roadway shall be twenty (20) feet wide.

Section 3. That Section 2 of an ordinance No. 62, entitled, "An ordinance prescribing the manner of calculating grades of the streets of the City of Hood River, and repealing Ordinance No. 36 of said city, entitled, "An ordinance prescribing the manner of calculating grades..." passed the Common Council, November 18, 1901, and approved by the mayor November 19, 1901," approved, Sept. 8, 1902, is hereby repealed, and all other ordinances in conflict herewith are hereby repealed, and the above Section 2 is substituted in lieu of the one repealed otherwise said Ordinance 62 stands as amended.

An ordinance to provide for taxing and killing dogs. The City of Hood River does ordain as follows: Section 1. It is hereby made unlawful for any person or persons to keep a dog, or dogs, within the limits of the City of Hood River of the age of more than four months, unless the owner or keeper of such dog or dogs shall procure from the city treasurer of said city a license for each dog, as in this ordinance provided. Section 2. The owner or person having in charge any dog kept or owned within the City of Hood River shall, on or before the first day of September in each year pay to the city treasurer the sum of one and 50/100 (1.50) dollars in gold or silver coin for each and every male dog and each spayed female dog, and the sum of three (3) dollars for each and every spayed or female dog (not spayed) so owned or kept by him, which shall entitle him to a receipt from the treasurer designating the owner's name and the number of the license, and said receipt shall be presented to the city recorder, who shall exchange therefor a license tag bearing the same number as the receipt; provided, that any person or persons having dogs kept solely for breeding purposes shall pay a license fee of one (1) dollar for each male dog or female dog so kept, and it shall be unlawful for a dog so licensed to run at large on the streets; and provided further, that a breeder's license shall not be issued to any person or persons having less than three (3) dogs, and

Have You Dyspepsia, Indigestion?

If today you suffer from impaired digestion, sluggish liver or impure blood, and you were told of a preparation which would cure you at small cost, would you try the remedy? There is a medicine—Green's August Flower. Go to your druggist's and buy a test bottle for 25 cents, or the regular size for 75 cents. If you have used all other dyspepsia remedies without satisfaction, or if you have never used any preparation for these distressing affections; if you have headache, biliousness, loss of appetite, sleeplessness, nervousness, or any disorder of the stomach or liver, cure yourself quickly by using the infallible August Flower. It is not an alcoholic stimulant, but quite harmless for general use. Get a copy of Green's Prize Almanac.

For Rent. For a long term of years, south half of Block 8, Parkhurst, and three acres east of Parkhurst. W. J. Baker & Co.

KILLS CODLING MOTH AND ALL LEAF EATING INSECTS

Disparane (Arsenate of Lead). This is the best spray for codling moth and all leaf eating insects. Disparane will not burn the most tender foliage. It colors the trees white—stays on like paint. It is a safe remedy and takes the place of Paris Green, Arsenate of Soda, etc. Disparane comes in a jelly form, easily dissolved in water. Write for pamphlet giving full description and price. Remember we handle spray pumps by the car load, all sizes, all prices. Our descriptive spray pump catalogue tells all, also gives information on sprays and spraying.
