MEETING OF THE COMMON COUNCIL

The regular meeting of the Common Council was held Monday evening, Councilman Watt and Mayes being absent.

Mayor Blowers reported the appointment of Wm. Taylor as night policeman, which was ratified by the council.

The dog ordinance was passed, and the license fee fixed at \$3 for male or spayed female dogs and \$5 for female. There were a few unimportant changes made from the ordinance as printed last week, and the new ordinance as passed is a stringent one, copied very closely from the Portland ordinance. It makes it unlawful to keep a dog in the city limits, whether kept tied up or not, without paying a license. There was some discussion about raising the license fee, but the majority were in favor of the higher fee, and it was voted.

The new street grade ordinance passed its second reading and referred back to the judiciary committee.

A letter was received from Mrs. Rigby offering \$10 a lot for ten lots in Irwin & Watson's addition, which is the property where the post house is located. It was concluded that the city might need the property at any time, and concluded to keep it, so the offer was refused.

The Title Loan and Trust Co. refused to pay their sewer assessment, claiming they were entitled to come in under the bonding act, and that the city had no choice in the matter. As it is claimed they did not make application in time and as it would not pay the city to issue bonds for so small an amount, no action was taken in the matter of bonding, but the matter was referred to Attorney Wilson, of The Dalles, who is the attorney for the sewer matters.

The sewer estimate of about \$5,400 was allowed, and as there is not enough money in the fund to pay, a warrant was ordered drawn for \$5,000 and a smaller warrant for the balance, so that the larger amount could be paid at once and the smaller one in a few days.

The bill of \$50 from the O. R. & N. Co. for superintending the digging of the sewer across the track, was considered exorbitant, and referred back to the contractors to settle with the railroad company.

The sewer committee were instructed to force collections on all sewer assessments not yet paid, and action will be taken at once.

CRAPPER.

Mr. and Mrs. R. B. Lindsey, Mr. and Mrs. Charlie Reed and Prof. and Mrs. Arneson visited with Mr. and Mrs. Robertson, on the east side, on last Sunday.

Miss Ida Hinkel of San Francisco, arrived in Hood River a few days ago. She is at present staying with her brother, John Hinkel. Miss Hinkel was one of the earthquake and fire sufferers. She lost all of her belongings except the clothes that she was wearing at the time.

Mrs. Prange has recently treated her house to a new coat of paint.

P. H. Martin and Dr. Dumble have bought the Van Johnson place. J. W. Jones has charge of it.

The Crapper ladies will give an ice cream social at the school house on Thursday evening, May 24, 1906, for the benefit of the Christian church. The cause is worthy of a liberal patronage. The married men are invited to come and bring their wives and the young men and old bachelors are invited to come and bring their sisters, and those who have no sisters will be expected to do the best thing that is, bring someone else's sister. The well known ability of the Crapper ladies for getting up entertainments is ample assurance of a good time.

Miss Mary Wickham visited with Mrs. Kinsey in Hood River on last Sunday.

A NEW O. R. & N. TRAIN.

Upper Columbia River Given Service That Is Appreciated.

The new local Upper Columbia River Train put on by the Oregon Railroad & Navigation Company, May 23, will do much toward attracting tourists to points along the river between Portland and The Dalles. The new train, leaving Portland as it does, at 8:15 a. m. and arriving at Portland at 6 p. m. the same day, gives one an opportunity to spend the day at some of the delightful places along the Upper Columbia River, and permits them to return home the same day.

The train is made up of baggage car and coaches, and stops at all points in both directions so as to accommodate local travel as much as possible. The lightness of the train, however, permits it to run at a high rate of speed between stations, so that even with stops, good time is made.

There are many beautiful places along the river, such as, Booster Rock, Latourelle, Multnomah Falls, Bonneville, at which a day's outing and picnic can be enjoyed to the utmost and this new service makes it possible to take such outings, whereas, in the

past, when the service has been performed by the heavy through trains, it has not been possible to do this.

Columbia Southern passengers instead of waiting at Higgs, which is unattractive, are taken to The Dalles promptly where they await the train for Portland, coming in on No. 1, as at present, or taking the local as they may desire.

W. C. T. U. Special Notice.

By the kindness and co-operation of the Baptist society, the ladies of the W. C. T. U. are enabled to open a reading room on the Heights in Boyd's hall.

It will be open at least during strawberry season. It is intended to be a place of rest, instruction and entertainment. Writing material will be at the disposal of those who wish it. The Daily Oregonian, also a variety of magazines and exchanges, will be on our tables.

All are cordially invited to come and enjoy evenings of rest and profit. Open from half past six to ten. Any one having good reading to donate please notify Mrs. Hartley.

Trout Lake Electric Line.

Talk in regard to the Trout Lake electric line seems to have quieted down of late but that is no reason for believing that the proposition is a dead letter. In fact, if we are correctly informed, things are going ahead in a very satisfactory manner. Papers are being made out and signed and the preliminary work of organizing is progressing. We understand that a prominent saw mill man from Trask has avowed his intention of putting in a saw mill that will employ 200 men just as soon as the railroad company can handle his product. This of itself would go far toward paying the running expenses of the road. There is not the slightest doubt that the road would be a paying proposition from the start and we expect to see the cars running in a year and a half from now. —Enterprise

Testimony in Rebuttal.

Editor Glacier—Roy Woodworth and myself commenced the ditch Monday morning, where Mr. Woodworth says he spent \$197 and placed 580 loads of gravel. No gravel was hauled until the ditch was dug and the bridge raised. Two teams commenced to haul Wednesday noon and hauled until Friday night, four horses on the scraper one and a half days; 580 loads of gravel would put about 10 loads to the rod.

The fact is this: most of the gravel was hauled to Methodist lane, of which the teamsters and my neighbors will testify.

C. L. Morse.

Decoration Day at White Salmon.

On Decoration day, May 31, J. A. Warner Post, G. A. R., will meet at their hall at ten a. m. and march in a body to the graveyard to hold memorial services in commemoration of the day. All other societies are invited to attend, especially the school children, and participate in the services. All patriotic citizens are invited to attend and participate in the services. Rev. J. Morgan Lewis will deliver the address. After the services a basket dinner will be served in the hall to which all are invited. It is hoped that the business men will close their establishments from 10 a. m. until noon and participate in the services. —Enterprise

Protect Proprietary Medicines.

Did it ever occur to you that proprietary medicines are a blessing to mankind generally. The good ones have long continued sale; the poor ones have short life and soon leave the market.

If we had to depend entirely upon physicians and druggists it would be expensive and very inconvenient at times, especially in the country and at night when neither could be conveniently reached. For nearly forty years Beecher's German Syrup has been used in many families, and thousands of lives of adults and children have been saved by its use. It was impossible to reach a physician, German Syrup is the best household remedy for coughs, colds, throat and in general. It quickly relieves the lungs, loosens the phlegm, and brings relief and refreshment. Twenty-five and seventy-five cents. Get a copy of Green's Prize Almanac.

White Salmon Will Clean Up.

It has been left to the ladies of White Salmon to inaugurate the cleaning up movement that is going on in all the towns of the state of any importance. The Women's Working Club at its meeting on Wednesday afternoon determined to hire a team on a certain day to haul off all the old tin cans and other rubbish on the streets and deposit it in some place where it will be no more seen or stumbled over, and all they ask is that the men gather up the rubbish and deliver it to the Fasson livery stable. And now it is up to the men to act. Will they rise to the occasion or not? We believe that all who love cleanliness better than dirt, who love beauty more than unlighty objects, and who are not too lazy will do their share in making our beautiful little town yet more beautiful. —Enterprise

J. C. Egbert and Al Bettinger came down from The Dalles Tuesday to meet Gov. Chamberlain.

NOTICE FOR PUBLICATION.

Department of the Interior, United States Land Office, The Dalles, Ore., April 16, 1906. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver at the land office in the Dalles, Oregon, on June 1st, 1906, viz:

JOHN JANSENEN of The Dalles, Ore., on H. E. No. 1904 for the lot 4, SW 1/4 NW 1/4, and SW 1/4 NW 1/4, section 2, township 2 north, range 9 east, W. M., based on improvement, residence and cultivation of the SW 1/4, section 2, township 1 south, range 16 east, W. M., on which homestead entry No. 491 was made and final certificate No. 233 was issued July 28, 1893, under the act of April 19, 1904.

He claims as witnesses to prove his continuous residence upon and cultivation of the lot above-described land: John Dejen, The Dalles, Oregon; J. W. Messinger, Bears and Carl Peck, all of Moro, Oregon.

MICHAEL T. NOLAN, Register. Bulls for service—I keep two bulls at my place for service. Any one wishing the use of same must pay at the time service is rendered. Service is also done during the period, head, Bruno Franz North Beumont. 23-nov-1

KNAPP'S

RELATIVE VALUES

IRRIGATED LANDS

like everything else, have different values. An acre of land on a mountain side is as large as an acre of the best irrigated lands, but as a cent compared with a dime, or a five-cent piece with a five dollar gold piece, one may be worth ten or a hundred times more than the other.
The irrigated lands owned by this company lie on the opposite side of the Columbia River from Kennewick, in Walla Walla County, Wash., and near the new town of ATTALIA, which is located at the junction of the Northern Pacific, Washington & Columbia River and the O. R. & N. Railroads; also at the head of navigation on the Columbia River. The special advantages of this district are:
1.—The early seasons. 2.—High prices for early products. 3.—Unexcelled transportation facilities. 4.—Abundant water supply. 5.—Most fertile land in the state.
Some cleared and leveled lands from which crops can be secured this year for \$215.
ABUNDANT GRAVITY WATER SUPPLY. NO PUMPING.
For prices relative to irrigated lands or lots in ATTALIA, together with maps and descriptive literature, call on or address
THE COLUMBIA CANAL COMPANY,
509, 510 Marion Building, Seattle, Wash.
