

CORRESPONDENCE.

BARRETT.

On Saturday last it was the writer's privilege to accompany with E. A. Watts, to drive out to the Green Point lumber mill and logging camp. We passed by the G. A. McCurdy ranch with a bright new wire fence and everything in good shape. We next observed the J. I. Miller place, the enterprising merchant and rustling farmer. J. I. has a very nice place and no doubt in a little time will be in very easy circumstances. At the foot of the big hill, nestling among the shady trees, we find J. Hines, who was not asleep but up and doing justice to the soil, just like an old Englishman does do. After several steep hills are climbed we reach the lumber camp. The mill is just fine, with a very large capacity and is run almost night and day because of many orders. A large pond at the mill contains many hundred of logs of all sizes. By the ingenuity of Mark Davenport a large flume has been constructed to carry the logs to the mill. Large flood gates are so constructed that they can be raised every 15 minutes and let out the logs. Timber is falling, steam engines blowing and snorting, the toot of the whistles can be heard, houses and tents are thickly dotted around and something like 250 men are employed. A large store is on the ground where most everything can be purchased. We returned home leaving Green Point at 5 o'clock and arrived at the Rockford at 6, and we thought we made good time.

We are informed that Rev. W. M. Hill, D. D., a bishop of the United Brethren church, will preach in the U. B. church next Sunday morning and evening. Having myself heard the bishop, will say it is quite a treat to listen to such a forceful and most eloquent divine. Hood River does not often get the privilege to see or hear a bishop, so every one that can go should make it a point to hear him.

The Stranahan boys have been hauling a large number of berry crates out to their ranches. It looks as though they were to have a good crop.

Mrs. L. Goddard, of Oxy Cove farm, has a hired man at work on her ranch, while she is out instructing her pupils on the piano.

We feel like congratulating B. F. Eadleman, the road supervisor, for the good work done on the road. He has a little more fixing Ben will have the best of roads, according to the material which they have to work with.

It is very pleasant to hear the sweet birds whispering their sweet songs, but it is not very pleasant to hear it whispered that the ditch question is brewing up again and waxing hotter and hotter. It is better for all parties to settle this business in a friendly way.

We were privileged to attend the service on Sunday last in the Opera House. Rev. Eibly delivered the discourse for the G. A. R. It caused my mind to reflect back to the past days, when the old veterans filed in, as I looked upon their gray hairs and bodies stooping towards mother earth, but what hope inspires the old veterans of the Cross that some day they will cross over the river and camp on the other side. The ladies of the Relief Corps were present in command of Mrs. B. F. Shoemaker. By the way, this lady makes an excellent commander.

We have been at sea over the stranger who has been around making inquiries about the Hood River Irrigation ditch and the Hood River Water Supply ditch. What is in the wind? Something is going to happen.

It was our privilege to attend the services on Sunday evening last at the Belmont M. E. church. The services are being conducted by Miss Crow, who is a very forceful and earnest speaker, taking for her text, "What shall I profit a man if he gain the whole world and lose his soul at last." The subject was well handled and made a good impression, and we hope that lasting good may be the result of her labors.

F. W. Angus has been on the sick list the last few days being laid up with the lapprip. Suppose it had a

good grip on him, but it has now loosened its hold. Sargent and wife made a trip to the falls on Sunday last and brought home the buggy which was in there three weeks ago.

ODELL.

Horn, to Mr. and Mrs. Ross Miller, last Sunday night, a son, C. C. Masiker, George Masiker, Thos. Lacey, Frank Runorn and Clinton Woods were Portland visitors last week, we are told.

Erart Lafferty was home from Green Point last week. James Eggert made a trip last week to the logging camp in which he is interested.

Kemp Lodge, I. O. O. F., elected the following officers Saturday night: A. U. Newman, N. G.; R. G. Masiker, V. G.; H. S. Galligan, Sec.; James Wilson, Fin. Sec.; L. A. Clark, Treas.

Roswell Shelley made another trip to Green Point last Saturday delivering groceries. Mrs. Bowerman and daughter, Lella, are working in the straw berries down Hood River at Mr. Blagg's, we believe.

Vera Crockett has been on strawberry work at Mrs. Rowley's. M. D. Odell began marketing berries Monday, May 28.

Wallace Young took a band of horses away to pasture a few days since. Mrs. Wm. Ehrck left last Saturday for Portland for a visit with her daughters.

Otto Ehrck and Ed Jochimsen will give a dance Friday night, May 31, at the U. O. O. F. Hall at Odell. Number and supper, \$1.25.

It has just come to the knowledge of the writer that on May 11, the closing day of our school, Mr. Carnes, Mr. Crosby and Mr. Odell met at the school house, as we believe is usual at the end of a term of school, to make out orders for teachers' wages and while these contracts were drawn for two of the teachers in Odell school for next term, Mr. Ennes for principal, Mrs. Mae Hill Ehrck for primary. These teachers need no introduction to the people of Odell, having been with us the past school year.

In a letter received from Mr. Ennes by one of our residents, he tells of a typewriter he has purchased for use in the school at Odell next term.

Rev. H. C. Clark delivered a sermon Sunday, May 27, appropriate to the Sabbath next preceding Memorial Day and touching the temperance question as well. Facts told in a forcible, interesting manner.

WHITE SALMON.

From the Enterprise. The Grangers and other societies of White Salmon are going ahead with the arrangements for a grand Fourth of July celebration. There will be a big parade, speaking, music, dancing, and the whole will wind up with a grand display of fire works in the evening. Everybody is coming and a big crowd is assured.

Etnar Hadley is up from California visiting his father, S. G. Hadley, the enterprising merchant of Bingen.

The business men along Jewett avenue have subscribed money to oil that thoroughfare to keep down the dust. About \$30 was raised for the purpose.

Mrs. Katie Atwood, of The Dalles, visited with Mrs. A. F. Smith Monday. Mrs. Atwood is planning to build a home in White Salmon in the near future.

Mrs. Waido and daughter Edris are over from Hood River, visiting with Mr. Napper and family. They will remain here for a few days visiting with old friends.

A. W. Estes, the real estate man, is spending some time on his home-stead getting acquainted with his family. He will be back in his office again in a week or two more toll of business than ever.

The many friends of Mrs. Fred Luthy, of Underwood, will be glad to hear that she is able to sit up now and in a few days she will be moved from the hospital to the home of her sister, Mrs. Frederic, on East 10th street, Portland. Mrs. Luthy left here about three weeks ago in very poor health. Her doctor advised an operation and two weeks ago a double

operation was performed. This is the fourth operation in her lifetime and each time for a different cause.

MOUNT HOOD.

R. J. Molismac hauled up a load of brick Thursday for the chimney of his new house. Mrs. A. Fredenburg was in town Friday.

The supervisor on the west side was out last week through his district taking every one that was big enough to handle a shovel or a mattock to work the road.

We understand that there will be a grand big celebration here the 4th of July. There is some talk of the Sunday School joining the Artisans, but School should not endorse such a celebration as the Artisans are planning. They have not got the program entirely arranged, but there will be a number of races and a grand ball at night for those who like to trip their fantastic too. Everybody invited.

A number of our citizens have been taken down with what some term as the measles. Joe Hess went to Lost Lake Sunday after E. W. Gribble as Mrs. Gribble is down with the measles.

Oscar Fredenburg has bought a couple of cows and will start in the dairy business. Well, what is the matter of the "sore heads," as they are commonly called by the first team? The "sore heads," with the exception of the catcher which was J. B. Phelps, of the first team, but still Baldwin, who caught for the first, can't be beat on delivering a ball across to second. Their mascot had to play as they was short one man, but the "sore heads" had to gather up four men but in spite of them not having practiced together. The Thomas brothers in the box held them down and the score stood 3 to 1 in favor of the "sore heads." Well, guess the first team will have to practice their newly organized team.

A. Maorum and family spent Sunday with J. B. Phelps. A. M. Kelley is accompanied now days with a black eye, which he received at the ball game Sunday.

J. C. Davidson took a trip to Wilcox Flat Sunday. Clinton Gregory went to Dee Sunday to take in the sights.

PINE GROVE.

Mr. Kohler is giving his house a coat of paint. The people who have been having the measles all seem to be improving.

A niece of Mrs. Zable's came up from Portland and spent a few days last week, returning Saturday.

For sale, a good span of young horses. For further particulars inquire at The Pine Grove store. George Winchell was operated on Sunday night for appendicitis by Drs. Shaw and Coffee. He was taken to the N. P. Sanitorium the last of the week where he could be under the doctor's care. At last reports he was doing very nicely.

Mrs. Zable's sister, Mrs. French, came up from Portland Monday to visit awhile. The cool weather is holding the berries back to a great extent. The Campbell Bros. are picking some and a few berries are being shipped from points on further up the valley.

Mr. and Mrs. DeWitt spent Monday with the Pine Grove store people. Mr. DeWitt has a homestead on the mountain which he expects to prove up on soon.

R. S. Shelley was out from Lost Lake the first of the week. The party of Grangers have made a new trail into the lake which is a great improvement over the old one.

The Pine Grove Grange will meet Saturday evening, and will hear the report of the delegates to the state Grange at Salmon, who are prepared to give an interesting report.

MOSIER.

Fred Evans left on Tuesday's early train for Hood River, from which point he will leave for the forest reserve, clothed with authority to protect the reserve from those who may desire to trespass upon the same.

Ayer's Cherry Pectoral

You can hardly find a home without its Ayer's Cherry Pectoral. Parents know what it does for children: breaks up a cold in a single night, wards off bronchitis, prevents pneumonia. Physicians advise parents to keep it on hand.

Dick Evans returned from The Dalles on Sunday, accompanied by his mother-in-law, Mrs. Denton.

On Friday last Miss Agnes I. Gulovson, completed a most successful nine months' term of school in District No. 52. Miss Gulovson is an amiable and sweet young woman, who by her kindness and civility of manner has ingratiated herself into the hearts of the Mosier people to point approaching almost a refusal to accept her resignation should she desire.

Miss Katie Davenport returned from Portland on Thursday evening, where she had been to attend the State Republican Assembly, having been elected a delegate from the Mosier assembly.

Miss Lenora Adams, of Hood River, was the guest of her aunt, Miss Dollie Mosier, on Saturday and Sunday.

The eighth grade examination for the pupils in District 52 was conducted by Miss D. Mosier at her home, May 17 and 18. Miss Lurline Fisher passed with high standing and was awarded a diploma for her success.

Alex Stewart and Jno. Carroll returned on Friday from Portland, where they had been as delegates to the grand lodge, I. O. O. F., which was in session in Portland last week.

The first annual commencement exercises in District 52 were held in the Baptist church on Friday evening, May 25. Through the kind efforts of Miss Gulovson and her pupils, the church was decorated with flowers and potted plants and festooned with Oregon grape twined with cardinal bands, (cardinal being the class color) until the scene was rendered a bower of delight to the eyes. The exercises were entertaining, and the spirit of vivacity evinced by the pupils gave tribute to their teacher in her efficient preparation of so pleasing a program.

Miss Lurline Fisher was valedictorian and acquitted herself well in the presentation of the diploma to the graduate, Miss Lurline Fisher, the following pupils were presented with large certificates of award for being neither absent nor tardy throughout the year: Annie Hanks, Willie Dunge Johnnie Epping, Aldine Hudson, Marton Woods, Mary Armstrong, Lloyd Fisher, Alefona Haacke, Shelly Hudson, Mattie Hudson, Georgia Waite, Willie Stewart, Emily Hudson.

Miss Agnes Gulovson left on Wednesday's afternoon train for Portland, where she goes to spend her vacation with her parents.

Prominent real estate men of Portland and Hood River were much in evidence in Mosier on Sunday last. Having chartered Mr. Ginger's livery rig, they were driven through the country, taking occasion of viewing the outlook for future business. This being the factor of interest to the gentlemen, Mosier can furnish them the attraction, and stands with beckoning hands to offer the honest homesteeker a land with multitudinous facilities for establishing a comfortable home.
