

BY THE WAY

Alligheny, Pa., is being treated to a dose of "benevolent assimilation."

Burglars broke into the apartment of a N. Y. poet the other night and while the poet was asleep carried off plunder to the amount of \$5,000.

Alex Berkman who has married Emma Goldman, stands a chance of being indicted for bigamy, seeing that he was already wedded to Ann Archy.

Of course it "obeys" Senator Allison greatly in his illness, to have so many of his fellow-Iowans mentioned for senator in case of a vacancy.

The Washington Post says that the Socialists of Germany are the most potent factor for peace in Europe—and yet the Kaiser calls out the troops every time they have a parade.

It is understood, however, that Pennsylvania railroad employes may still be fired for other offenses than picking up money and gifts that may be flung at them.

When Congressman Wadsworth presented his inspection bill, the president sniffed as though the odor was bad.

By this time the statesman who hasn't had a quarrel with the president, is beginning to feel dreadfully lonesome.

Just as if poor Boston isn't having enough troubles with two tail-end baseball teams, it now turns out that her packing houses are no better than those at Chicago.

Just now Kentucky can proudly boast of more empty bottles than any other state in the union. The whole family was thirsty when they reached home.

Chancellor Day's school has shut up for the summer, but his face is ready to open up at a moment's notice, if anyone says boo to the Standard Oil Co.

Readers of the Congressional Record will kindly be patient. There is still a prospect of more hot stuff appearing in its columns during this session.

Ever since Col. Watterson grabbed that front seat on the Bryan hook wagon, some people have been afraid he intends to monkey with the steering gear.

It is a little too early in the season yet for the Nebraska prairies to be on fire with enthusiasm for Bryan.

Life would be duller than a Wednesday prayer meeting for the European if it were not for Mr. Bryan, Mr. Rockefeller and the Longworths.

The Frenchman who tried to give John D. Rockefeller a thousand dollars, has probably discovered by this time that Brother Rockefeller wants it in bigger chunks than that.

It is a very unusual line of advertising that Secretary Shaw's boom has been getting of late.

Several congressmen are strongly in favor of passing the pure food bill, since the country intends to force them to do it.

There was always reason to suppose that congress would pass a statehood bill some time, if it kept working long enough.

Speaker Cannon should handle with care the pure food measures as a presidential boom may be made or unmade thereby.

In Mr. Rockefeller's judgment, apparently, all that France needs to make it an ideal country, is a Standard Oil Co.

If there is anybody else anywhere who would like to report on the stockyards situation, and has not already done so, let him speak up at once.

W. J. Bryan Jr., is going to enter the navy. If he will first make arrangements to have his standing on the question of the sacred "rasb," promoted, promotions may come rapidly.

Though the Washington baseball club continues to lose games industriously, the chance of ousting the Boston team from lowest place, seems almost hopeless.

After the period of jubilation has passed, Oklahoma can settle down to the serious work of making American citizens out of American Indians.

Though down and out and almost friendless, Dowie can yet congratulate himself that he never was a United States senator.

Senator Dewey is leading the simple life under the direction of a celebrated athlete. Doubtless he expects to go back to the senate, and settle some old scores.

It will be just like some fool reporter to spoil Mr. Bryan's homecoming as soon as he steps on the wharf, by asking him how he is now standing on the question of the sacred "rasb."

The election of United States senator by "popular vote" has hit a popular chord.

The best trust men assume great innocence but not one of them has yet offered to make a public exhibition of eating out of a can.

The Pennsylvania rail road has purged itself of graft charges. Two clerks and an office boy have been fired, to say nothing of the bigger ones who have been "jumped on" with both feet.

Witte is coming here again. It will seem like home to him with all the blissing that is going on.

Until Senator Aldrich makes up his mind, nobody can tell when congress will adjourn.

The czar is learning what it feels like to have a congress on his hands.

Apparently, too, the nomination is coming to Mr. Bryan without the expenditure by him of a cent for campaign cigars.

Another delightful feature of life in France Mr. Rockefeller may have noted is the absence of process servers armed with subpoenas.

Another rich railway magnate has taken up a residence in New York though the assessors in that city may experience some difficulty in establishing the fact.

Contrary to expectations, Mrs. Longworth has not done anything to startle London society. Judging from the way London people talk, some of them expected her to eat pie with a knife.

Talk about the law keeping millions out of the United States senate! The police couldn't do it.

It seems to be as difficult to get the Panama canal through congress as it is to get it through the isthmus.

The consumer will soon worry less over the inspection tag on his roast than he does over the price tag.

Pittsburg keeps choking in its effort to swallow Allegheny.

Louisiana has declared for Bryan. Andrew Jackson will be getting jealous if this thing keeps up.

Cal. Bryan's friends declare he would like a little beauty opposition

for the nomination. He will doubtless get all he wants in that line after the nomination.

After looking over his record, no one will strangle because President Roosevelt draws his salary during his vacation.

Wishing to show himself abreast of the latest styles in monarchical circles, King Alfonso has just had a cabinet crisis.

Let not the owners of the Democratic party think they will remove Tom Taggart from the chairmanship with anything less than a derick.

If it be true that the Japanese keep the Emperor of Korea prisoner in his own palace, he is in a position to sympathize with the czar, who doesn't dare to walk abroad either.

Doubtless what Harry Thaw feels worst, about prison life, is that he has to keep regular hours.

Mr. Cleveland will be in the West on a fishing trip when Mr. Bryan arrives in New York. Heretofore Mr. Bryan has been handicapped because so many Democrats put off their summer fishing until election day.

Senator Bailey has reserved a seat in the Bryan land wagon but Mr. Hearst and Gov. Folk still seem to prefer the exercise of walking.

In Vincennes, Ind., rival ice companies are at war and almost giving ice away. That is a game of "freeze-out" that the consumer can appreciate just now.

Mrs. Thaw has announced that she intends to "tell all" and those of us who haven't forgotten how, may as well prepare to blush.

One of the Toledo ice dealers who got squeezed, is named Lemmon. The addition of a few other ingredients, would now add considerably to the enjoyment of the occasion.

Later developments seem to indicate that the heavy transatlantic travel is not due so much to foreign attractions as to home detractions.

Forest Fire Near Detroit.

Albany, Ore., July 30.—A forest fire of considerable proportions is burning some of the finest lumber in the Cascades near Detroit. Several hundred persons are fighting the fire, which, if not put out, will do immense damage. The fire started near the Santiam river last week.

Three Thousand Men Needed in Navy. Washington, July 30.—The navy department is being short by about 3,000 enlisted men of the needs of the navy, caused by the building of new ships, discharges, deaths and other causes.

The department proposes to have a big reserve force on hand as easily as possible, and to this end instructions have been sent to recruiting officers everywhere to stir themselves and get all the good men needed.

Dowie and Yolla Ousted.

Chicago, July 30.—After months of struggle the fight between John Alexander Dowie, founder of Zion City and first apostle of the Christian Catholic church, and Wilbur Voliva, who usurped his authority, and Orville Granger has come to an end, all three being ousted by Judge Landis, of the federal court, the people of Zion being given self-government.

The fight for the control of Zion City has been waged long and bitterly and it is with a sigh of relief that the people who have invested their savings welcome the decision made today at Chicago.

The court deposed Dowie, Voliva and Granger and ordered the election under the Illinois laws, each Zionite of 21 years of age to vote for a president.

The temporal and financial affairs are to be administered by John C. Hately, who is appointed receiver.

Ironing Board.

I have just made up an assortment of these necessary articles, also have the material to make them to order. Experience has taught what kind give the best service, also what to make them of to prevent warping, checking or extracting pitch.

Yours for anything in the carpentering line.

Facts Worth Knowing.

Our little daughter Gladys, suffered for some time for causes unknown to us until we had to keep her out of school. We finally took her to our physician who recommended nerve treatment of the eyes. So we took her to Dr. W. F. Laraway and had glasses fitted. Soon after she had one slight attack and now we consider her perfectly well.

Dr. Pierce's Favorite Prescription

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed on every bottle wrapper.

An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its makeup.

The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too in large quantities, is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weakness and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called testimonials ever published for other medicines. Send for these endorsements as above. They are free for the asking.

If you suffer from periodical headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakling, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.
