Yet offered for sale are now open for settlement near ATTALIA, a new town located at the junction of three relivouds, namely: The Washington & Columbia Siver, the Northern Picific and Orsgon Railway & Ravigation Company. These lands are in the Junction Yalley in the western part of Walla Walla County, Wash, opposite the Kennewick irrigation canal, and are abundantly wasterd by gravity—No Pulmpfied.

A certain tract lying immediate; nider the canal will be offered for sale until SEPTEMBER 15, 1906, at first par acre, including PEEPETUAL WATER RIGHTS, upon the very favoralist terms of 25° down, no payments at the end of the first year except interest and maintenance fee, and the balance in two, three and four years. APTHE SEPT. 15th, 1906, THE PRICE WILL BE ADVANCED.

THESE LANDS produce the EARLIDST BURRIES, FRUITS and VEGETABLES in the state, which, taken together with the fact that there are three railronds over which to market this produce, making it possible to ship as late as 7 p. m. and have the shipments arrive in Portland, Seattle, Spokme, Tacoma and intermediate points in the morning, traveling in the cool of the night, means that the largest income from produce in the Northwest is received from these lands. It being possible to clear from \$500 to \$700 per acre per year; therefore with ordinary diligence the balance due on the lands can be carned from them after the first payment has been made.

Owing to the EXTREME FERTILITY of the lands not over ten acres will be sold to any one person at the law figures mentioned, and only then to those who will put the land UNDER CULTIVATION AT U.K. LOOSE Pres. & Gen. 2011.
