

FATAL ACCIDENT NEAR LYLE

The men were working on a bridge about a mile below Lyle and at 3 o'clock Thursday afternoon were engaged in moving the pile driver.

The scene was a distressing one, the groans of the injured men unnerving their fellow workmen, who were endeavoring to assist them.

They were at once taken to the hospital, where Drs. Ferguson and Reuter and the entire hospital corps were kept busy during the entire night.

Engineer Williams was found to be in a pitiable condition his body being simply cooked by the steam from the engine. The wonder is that he lived to reach the hospital.

George Lund was also badly scalded about the back, hips and arms. A finger of his right hand was also broken.

Edward Goug has a broken leg and foot, five broken ribs and is injured in the pelvis. He is in a critical condition, but his injuries are not considered fatal.

M. L. Petier has a broken hand and arm and a cut on the head. W. S. Davis, who received the least injuries, has his right arm broken in three places.

W. L. Imitate Hood River. Encouraged by the strides Hood River is making in the fruit business, the Dufur Dispatch remarks:

The recent reports in the papers shows what may be done, and is being done, in the fruit industry by our neighbors at Hood River, and there are many reasons why we in the neighborhood of Dufur should not do the same thing?

What is the meaning of the word "produce" as applied to the fruit industry? The man who plows up a piece of ground, digs holes, buys a miscellaneous assortment of trees and sticks them in the holes, grows any old-kind of fruit, is careless in spraying, pruning and cultivating, gathers half a dozen boxes of a kind, all wormy, scaly, mealy, tasteless, all sizes, all colors, all worthless except for hog feed, is a holy terror to the middle-man and the despair of the buyer and consumer.

A Serious Pest. In the meaning of the word "produce" as applied to the fruit industry? The man who plows up a piece of ground, digs holes, buys a miscellaneous assortment of trees and sticks them in the holes, grows any old-kind of fruit, is careless in spraying, pruning and cultivating, gathers half a dozen boxes of a kind, all wormy, scaly, mealy, tasteless, all sizes, all colors, all worthless except for hog feed, is a holy terror to the middle-man and the despair of the buyer and consumer.

One Thousand Year Old Rose. One of the interesting horticultural curiosities of Kildesheim, Germany, of which our staff correspondent, who is spending his summer vacation there, sends a photograph, is a thousand year old rose ("1,000 Jariger Rosenstock").

Getting "Long Distance." Mr. Miggles was trying to call up a friend who lived in a suburban town, says the New Orleans Picayune. Mr. Miggles looked up the number, then got central.

"Hello," he said. "Give me Elmdale two-ought-four-seven."

"Eludale? I'll give you the long distance."

Long distance asked, "What is it?" "Elmdale two-ought-four-seven."

"Yes," what is your number?" "I just told you. Elmdale two-ought—"

"I mean your house number." "Sixty-five Wilcken street."

"Oh, that isn't what I mean. Your phone number."

"Why didn't you say so?" asked Mr. Miggles, who is noted for his quick temper.

"I did. What is it?" "Violet Park eight-seven-seven."

"Violet Park eight-double-seven?" "I reckon so."

"And what number do you want?" "Elmdale two-ought-four-seven."

"What is your name?" "My name is John Henry Miggles. I live at 65 Wilcken street, Violet Park, my house phone is Violet Park eight-seven-seven or eight-double seven, as you choose; I am married; have no children; we keep a dog and a cat and a perpetual fern and a Boston fern and—"

"All that is unnecessary, sir. We merely—"

"And last summer we didn't have a bit of luck with our roses. I tried to have a little garden 'oo, but the neighbors' chickens got away with that; the house is green with red gables; there is a cement walk from the street; I am 40 years old; my wife is younger, and looks it; we have a piano; keep a cook and an upstairs girl; had the front bedroom papered last week and I want to—"

"Did you want Elmdale two-ought-four-seven?" "Well, the circuit is busy now. Please call again."

But Mr. Miggles wrote a letter. A Miner's Inch. The Mining World says: A miner's inch is the quantity of water delivered through each square inch of opening, and which varies from 1.4 to 1.7 cubic feet of water per minute.

The custom among engineers is to take 1.5 cubic feet of water per minute as the equivalent of an inch. For illustration: 1,000 miner's inches of water (25 cubic feet per second) is about the quantity which would be carried by an ordinary wooden flume 30 inches wide, flowing 18 inches deep if the flume had a fall of one inch per box of 12 feet (30 feet per mile) this giving a stream velocity of 6.7 feet per second.

High Valuation Placed on Sheep. Many prominent shepherds of the county appeared before the county board of equalization and made protest against the increase of taxes on their flocks, says the Baker City Democrat.

This year the assessment has been made on the basis of \$4 a head valuation. The shepherds say the animals are not worth that with the feed bills added.

The owners of flocks have decided to carry the matter before the county court in an appeal for readjustment of valuations.

Grants Pass Fruit Growers' Association. A meeting of the Grants Pass Fruit Growers' association will be held on Saturday, September 22, at 1:30 p. m.

One of the principal matters for action will be the adopting of a petition to the county court asking for the appointment of a county fruit inspector and the recommending of a suitable person for the position, to enforce the new state law that makes it obligatory on all owners of diseased fruit trees to either free them of pests or destroy them under penalty of it being done by the inspector and the cost becoming a lien upon the land.

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use DeWitt's Witch Hazel salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by Williams Pharmacy.

Indians Violate Game Laws. The Salem Journal says County Assessor Fred Rice, who has just returned from an outing at Cascade and in the mountains beyond, tells how the Indians from the Warm Springs reservations are flagrantly violating the game laws and playing havoc with the deer in the mountains around Trout Lake and all the country on the headwaters of the Santiam.

Starving to Death. Because her stomach was so weakened by dragging that she could not eat, Mrs. Mary H. Walters, of St. Clair street, Columbus, Ohio, was literally starving to death. She writes: My stomach was so weak from useless drugs that I could not eat, and my nerves so weakened that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters with the wonderful result that improvement began at once, and a complete cure followed. Best health tonic on earth. 50c. Guaranteed by Chas. N. Clarke, druggist.

Death of Charles B. Prathar. Charles B. Prathar died at the Soldiers' Home at Roseburg, Sept. 18, aged 71 years. The deceased was an old resident of the valley, living at Pine Grove several years ago, and later took up a homestead in the Mosier valley, on Rock creek. Health failing him, and feeling the weight of years, he went to the Soldiers' Home about a year ago where he remained until his death.

He was born in Illinois, enlisted June 1, 1861, was discharged Sept. 10, 1864, served in Company G, Twenty-fifth Illinois Infantry, and was admitted to the home October 15, 1885, from Hood River, Oregon. He married Leah Thompson near Forest City Mo. May 25, 1879. He left a widow and two children, a boy and a girl.

In these days of rush and hurry courtesy is often forgotten. In the mad pell-mell rush of our life little things are done which offend that we rather they remained undone. A hatler's out-n-meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol For Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Williams Pharmacy.

Coe's Addition on the Market. We have placed in our hands for sale, all the lots belonging to H. C. Coe in Coe's Addition to Hood River. A LETTER

I wish to say to all our old friends and customers who for so many years came to our shop for their meats, that it is useless for me to introduce Wood Bros., our successors, as their 18 years in the butcher business in Wasco county has made them so widely known that an introduction is unnecessary. Being honest, capable business men, they have the means and ability to run a business as it should be run, and in a way that will be a credit to our city.

I expect to stay with the new firm for awhile, and will be glad to see you all at the old stand. I will guarantee that you will get just as much meat for your money, just as courteous treatment and just as prompt service as can be had in the city.

We will have a full line of everything good to eat for the Spring trade.

Respectfully yours, E. S. MAYES.
