

# HOOD RIVER GLACIER

Special feature of the fair today will be the baby show. We have not yet heard who the judges will be, but the opportunity is at hand for Hood River's Solomons.

Hood River is doing itself proud in the matter of decorations and strangers who arrive without knowing that there is a fair on hand will certainly not be left uninformed that something is doing.

The refusal of the mayor and members of the council to allow fakirs and side shows the use of the streets of the city during the fruit fair has met with the hearty approval of Hood River citizens, who think that the streets are not for that purpose.

The decision of the executive committee of the fair to allow LaGrande to exhibit at the fair is right in line with the policy of Hood River for better fruit, and while the fair is considered more or less a local one, if LaGrande has finer fruit than Hood River we want to see it.

The Hood River spirit is rampant and everybody is intent on making the fair a success from every point of view. Fruit growers and ranchers have brought in their best for display and the town people are entering in their energy to make the affair attractive to visitors.

Everything is ready for the Fruit Fair and the boat that will be the greatest fair ever held at Hood River is no idle one as can be seen from the exhibits already placed.

Editor Bennett takes exception to the Glacier's statement that before it will believe his advice as to how to grow apples he will have to show it and winds up with the shot at us thusly:

To be frank Brother Bennett we didn't grow nary a carload, and we live where they DO grow, and the difference between New York sprayed apples and Hood River sprayed apples is about \$2 a box.

School District for Deed. An important matter was settled in the county court yesterday when the district boundary board, consisting of County Judge Lake, Commissioner Harriman and Sloghton and County School Superintendent Neff, decided to divide school district No. 6 and fix the boundary line. A petition had been presented asking for a division of the district, but much opposition was made to the intended line. The new district consists of over two-thirds of a township, or 28 square miles, including the little town of Deed, where a school house is to be built.—Chronicle.

Pine Record of Mosier Pupils. The names of the following pupils attending the Mosier public school, and who have been neither absent nor tardy for the month ending October 5, are placed on the roll of honor:

Eighth grade—Mattie Hudson. Sixth grade—Ora Waite, Anna Hancock, Alice Mosier, Lewis Burlingame. Fifth grade—Irene Morgan, Oldine Hudson, Glen Ward, Olive Fisher, Alford Hancock, Leodine Hancock. Fourth grade—Willie Stewart, Willie Dewey, Willie Booth, Johnnie Epping, Floyd Fisher, Mamie Green. Second grade—Georgia Waite, Emily Hubbard, Douglas Morgan. First grade—Jennie Carroll, Jessie Denny, Charles Carroll, James Carroll, Roy Green, John Green.

There are 41 pupils enrolled. Some did not enter the first of the month because the fall labor on the fruit farms was not finished, and a few have been excused. It was accomplished suddenly that the performance resembled one of his famous runs for a touchdown. Miss Ethel Treat is the young lady he has shown for his wife, and she is well and probably known here. The ceremony was performed by Rev. A. A. Luce.—Optimist.

Football Star Married. George A. Ottar, the football star, is married. It was accomplished suddenly that the performance resembled one of his famous runs for a touchdown. Miss Ethel Treat is the young lady he has shown for his wife, and she is well and probably known here. The ceremony was performed by Rev. A. A. Luce.—Optimist.

Biggest Mule in the World. Large crowds at the Spokane fair were daily attracted to the stall of "Missouri Queen," the largest mule in the world.

Who was used by Luke M. Emerson, of Bowling Green, Mo., and was foaled years ago. The Queen stands 18 1/2 hands high and weighs 2,200 pounds. She was shown at the St. Louis and Lewis and Clark expositions and was awarded championship honors at both fairs.

Wanted. Property to sell. J. J. Adrian, Esq., has 23 parcels of property in Hood River, Mosier or White Salmon. Will be at the Mount Hood hotel, room 45, from Wednesday a. m. to Sunday p. m. of fair week. Have sold last week the Caster property for \$15,000, the Frank Chandler property for \$15,000, the H. H. Bennett property for \$3,000, the Penderson 20 acres for \$2,000 and have eight other sales just closing. Expect to sell \$20,000 to \$100,000 of property during fair week. So for a quick sale list with me, J. J. Adrian, Esq., Mount Hood hotel, for his week.

# IRRIGATIONISTS ARE ALREADY ARRIVING

A. King Wilson, secretary of the State Irrigation association, arrived at Hood River yesterday in order to be present in time to familiarize himself with the plans for holding the meeting of the association and taking care of the delegates. Mr. Wilson expects a rousing meeting and says that prominent citizens and irrigationists from all over the state will be present among them being W. E. Roman, assistant general freight agent of the O. R. & N., Jeffers on Myers, who was chairman of the Oregon commission to the Lewis & Clark fair, J. B. Labadie, secretary of the Portland Board of Trade, John H. Lewis, state engineer, Tom Richardson, manager of the Portland Commercial club, who will speak on "Portland's interest in irrigation," Senator Fulton, of Astoria, who is down for an informal talk, Congressman-elect W. R. Ellis, Col. Bellen, of Umatilla county and many others.

The Portland Chamber of Commerce is expected to send a large delegation. In all it is expected that over 100 delegates will be in attendance.

October 16—Apple Day. Secretary Patch, of the International Apple Shippers' association, sends out a card calling attention to the fact that October 16 is "Apple Day," on which every good citizen is expected to eat at least one apple. There is no need to urge fruit growers or readers to do this—we expect them to eat several apples, not only that day, but every day. But it is a good plan to make popular the apple eating habit, for it will result in good crops and good apples as well as to those who grow the fruit.

By the way, Secretary Patch's card has a footnote to the effect that "The yield of apples is estimated at 48,000,000 barrels this year. This is a shrinkage from the original estimate of the Apple Shippers' association, and it is getting down to about the right figures.—Western Fruit Grower.

Death of John J. Cozad. John J. Cozad, a resident of Hood River, died at his home here Sunday, October 7, of Bright's disease. Mr. Cozad was about 49 years old. The funeral was held from the home of J. E. Nichol's undertaking establishment at 2 o'clock Monday, the Rev. W. A. Wood conducted the services, assisted by the Rev. W. C. Evans.

DEMAND FOR HOOD RIVER APPLE PACKERS. F. C. Campbell, one of Hood River's expert apple packers announced Tuesday that he had been offered a big inducement to leave Hood River and go to another apple raising district in Oregon and pack apples and teach others the method employed here also. Mr. Campbell says that the time is at hand for increasing the number of packers here, and that the matter should be taken hold of and more men initiated into the secret of the excellent pack put up by Hood River. The fine pack put up here, he says, has attracted so much attention all over the northwest that growers are anxious to secure men from Hood River who are familiar and competent to instruct others. It is not a question, he thinks, that ought to be delayed but should be brought to the attention of growers at once.

It is said to be difficult to secure enough packers this year and although the crop is a big one it will be far larger next year as many more orchards will come into bearing and to maintain its reputation Hood River must maintain its pack. To do this requires the initiation of more men who know how to do the work and for that reason they should be instructed this year.

Thousands Coming to Oregon. Assistant General Passenger Agent Scott gives the following figures of colonists coming to Oregon over the Harriman lines since the rates were made effective this fall: Week ending August 31, 124; week ending September 5, 502; week ending September 15, 724; week ending September 23, 1,201; week ending September 30, 861.

Football Star Married. George A. Ottar, the football star, is married. It was accomplished suddenly that the performance resembled one of his famous runs for a touchdown. Miss Ethel Treat is the young lady he has shown for his wife, and she is well and probably known here. The ceremony was performed by Rev. A. A. Luce.—Optimist.

# We are Never Undersold

# SKILLFUL ONE ARM STAGEDRIVER

Oscar Fredenburg, who drives the stage from Hood River to the Mount Hood post office, a distance of about 15 miles, is said to be the most remarkable stage-driver in the United States. He has but one arm, his left, and can hardly hit it on a level with his face. The right arm was amputated some years ago. His right leg is disabled, being shortened about eight inches. Yet with his crippled left arm Fredenburg can drive either two or four horses as skillfully as most men can with two good ones. Travelers who take the stage at Hood River are amazed and somewhat alarmed when they see the man who is to drive the team over the narrow grades that follow the trail of the road. Fredenburg arrived at the Mount Hood postoffice about 5 p. m. Up to this time he has been stage driver, express agent and mail carrier, but where his parents live and which he is having cleared. He has more energy than two or three men notwithstanding his crippled condition. He is cheerful and accommodating to the public and is very popular. He is said to be paying court to a charming young widow.—Oregonian.

Requiem of the Store Leaver. The store leaver, sung in a thousand minor towns, is a memory only in the larger towns, and we should be thankful for that. In the smaller places he still lingers. Every merchant knows that leavers are little, and are poor pay, as a rule. They also know that the better class of customers voids the store filled with leavers. You get a better class of customers, better pay, better dealings and better satisfaction in business in every way.—Tradesman.

# PIANOS

Special Notice  
Owing to lack of space, on account of our large and increasing business, we have rented the Bone building, next to the Ramona Hotel, and are fitting up the entire building into a first-class Piano store, which will be a credit to Hood River.

We have two car loads of beautiful instruments due to arrive from the eastern factories this week. This shipment includes the great Apollo Concert Grand (the Old Follies have), Grand Grands, Interior Piano Players and a complete line of the very best Upright Pianos in the latest styles. Secondhand pianos and organs taken in exchange and several on hand for sale. Lowest prices to all. No agents or commission men to make your piano cost you \$50.00 more than if purchased direct from the dealer.
