

CORRESPONDENCE.

MOSIER.

W. A. Laraway, of 1086 East Morrison street, Portland, was up for a few days this week looking after his apple crop.

G. P. Morden, of Portland, was in company with C. D. Morgan. Mr. Morden is very much taken with this valley and expects to return soon to close up a deal for a fine farm which is now pending.

W. A. Gill and M. R. Colby, of Portland, came in on the local Monday and were driven out to the farm of A. P. Bateham. The gentlemen say they are looking the country over with the prospect of buying and in their opinion Mosier is the place to invest.

Mr. Grossbeck, of White Salmon, who was awarded the contract for the school house at Mosier is now on the ground with a force of carpenters. Mosier will soon boast of a graded school which has been long needed.

Dr. C. A. Macraem and wife, of Portland, were in Mosier on the 8th, where the doctor owns one of the finest farms along the Columbia. The doctor told your correspondent to say he had to refuse an offer of \$75,000 for his holdings here.

George Durham and C. D. Lonsdale bought 80 acres of the Weidrick farm one day last week for \$2,400 cash. This land is yet to be cleared. They are of the firm of Durham & Lonsdale of Portland.

L. N. Blowers, of Hood River, was in company with C. D. Morgan went into the country, where Mr. Blowers has his eye on a piece of fruit land. Mr. Blowers knows the future of Mosier, as he has seen what has happened in Hood River and says the same will be the result in Mosier.

School was closed in district No. 52 for the balance of the week last Wednesday, as Miss Olmstead, the teacher, attended the institute at The Dalles.

"Ye correspondent" has returned and finds that many items of note were not chronicled during his absence. But in our busy town we find that there is always much news of interest.

Mrs. A. Whitehead and daughter, Marian Whitmer were the guests of Mrs. L. Ward on Sunday.

The traffic of last week was very marked and Ticket Agent Waite truly believes that he was kept busy. On Saturday afternoon sixty tickets were sold, the destination being the Hood River Fruit fair, which have every reason to be proud of our exhibit and feel that Mosier too, is entitled to the big blue ribbons which she received. Long live Mosier and her big red apples.

A very pretty wedding was solemnized on Sunday last, at the residence of Mr. and Mrs. A. Root. The contracting parties being Mrs. Rosella Jones and Mr. Elmer Davidhizer. Mr. Davidhizer is teaching the Pleasant Ridge school and will remain here during the winter.

Mr. and Mrs. J. H. Shoemaker were Mosier guests last Sunday. Miss Mary Middleward returned to The Dalles where she is attending high school.

Little Dorothy Godthersen met with an accident which resulted in breaking her arm. She was taken to The Dalles on Friday for treatment.

Mr. A. Peugh, of Kingsley, is on his ranch this week. Mr. and Mrs. A. Dultz, of Hood River, visited the Weidricks at "Fernleaf Farm" last week.

The new and attractive real estate office is about completed and will be occupied soon by our real estate man, C. D. Morgan. Mr. Morgan is thoroughly wide awake and is doing the work of a roustler.

Mrs. J. Wells, who has been visiting her sister, Mrs. Belle Booth, returned to Portland Friday. Mrs. Charles Stark, of Spokane, is visiting with home folks this week.

Mr. E. U. Philippe, of Portland, is at present with us, attending his apple crop.

Miss Gertrude Davisonport is entertaining Miss Lisa Hecox, of Portland. Miss Brown is in lace with Mosier.

ODELL.

Last week Mrs. Hattie Crockett sold to G. W. Smith, of Belmont, her home at Odell. This is one of the best buys in the valley, free water, fruit, hay, good location, all factors for profit as well as pleasure.

Mr. A. B. Manley and Miss Rose both, of Portland, spent a few days last week with Mrs. Touney at her mountain home near Odell. Mrs. Manley has visited here before, but this was Miss Rose's first visit here and she expressed herself as in raptures over our beautiful valley.

Prof. Touney came home Saturday and returned to Portland Sunday. Will Strong dug a well for Frank Strang last week, at a depth of six feet rubber, boots were in demand and at 12 feet digger was stopped because of an abundance of water. M. Hawthorne's well at 75 feet is dry. Wm. Ehrick's well at 23 feet, solid rock and dry.

Clinton Wood was the Little White store keeper several days last week while Mr. and Mrs. Rowell Shilley entertained Mr. and Mrs. Conway, of Vancouver, Wash.

J. H. Eggert has a new three inch Mitchell half-truck ordered through D. McDonald from Portland.

B. T. Young's cow, a valuable one, died Sunday.

Frank Hammond, of Portland, who was up seeing after the building of his house, visited W. A. Lockman Thursday.

The Mount Hood railroad track is being put in excellent shape by a force of Japs under the supervision of Thos. Lacey.

Men and teams under the direction of our capable road contractor, Frank Masse, have graded the Davidson hill for which we will thank them in thought if not in words many times before the rains and snows are over for another year.

Did you know President Roosevelt would be the favored one who is to eat of Odell's grandest fruit? If you read the card attached to the box of 2 1/2 winter Banana apples exhibited by Oscar Vanderbill, owner of Bonah Land Fruit farm, you do know.

Rev. Woods preached at Odell Sunday morning and evening. Pauline Talmage sang a solo at the evening service, the last before she leaves us for her new home in Portland and we can truly say she may visit here.

The C. E. with Ralph Lewis leader, was as usual interesting.

CHENOWETH.

Chenoweth is still alive, there are a few families living in the beautiful Little White Salmon valley yet.

A. G. Wise is noted for starting up the first pylon camp in this valley. He has a number of men working for him now. It is understood that he has quite a large contract. We hope he will make good money as this is his first experience in such work.

C. H. Cromwell is still engaged in teaching the Mill A school. The bears of this neighborhood have been quite plentiful this summer. A. J. Wise and William Walton shot at two hours some time ago, but as two bears were fast runners they slightly outran their enemies and skipped down over the bluff. Messrs. Wise and Walton came home discontented and with out any game.

Born—To Mr. and Mrs. Willards, of this valley, a big fat boy. Mother and baby are doing nicely.

Mrs. J. Thornton, of Hood River, is visiting Mr. Thornton's sister, Mrs. Annie Wise.

The Mill A people have begun to move out, as the mill will soon shut down for the winter.

J. R. King has been very successful

so far in teaching his school. We have been having "Oregon mist" here for a few days and it seems as though it has missed Oregon and hit Washington.

Miss Shields is teaching the upper school of this valley. Mr. and Mrs. Wise were seen on their way to Hood River Saturday. We will soon enjoy the new railroad on the North Bank. There is a steam scraper at Drano now preparing for work.

BARRETT.

Me and wife thought we would go to the fair at Hood River, soon Friday morning we yoked up the horses and started out in good shape, so when we reached town all hitching posts were engaged so we took our horses to the U. B. church, that is we hitched them outside, then we set out to find where the ladies were serving dinner and we found them in the old tin shop near to the Paris Fair. O. O. my, there was such a crowd of folks that you could not get inside but patience is a virtue so we got seated at last and you can bet we did justice to them and a real stinging good dinner we had. We found a S. teacher and a Hanna at the doors so we tipped the 25 cents each and passed out on the streets where there were crowds of folks and we took a look at Dr. Laraway's. He had a kind of a kndrem of a clock. I thought it was a kind of a magnifying glass but some said it was a clock. Well, anyway, that doctor is an inventive genius so that he can make the blind to see. I went to the fair and we had a retired grocery man at a little bit of window and he took 15 cents and just gave you a little ticket. Then some stranger stood at the door and took the tickets of you and passed you in.

Well, say, Mr. Editor, it was just "quillents." I have seen the crystal palace at London, England, but the Hood River apple show beats the palace for the apples in their richness of beauty just, make your eyes twinkle and the pumpkins and squash, carrots and spuds was fine but don't forget it those Chinese pheasants were up to date, but I must not forget the dog kingdom. There were six fine little Beagle pups, little short legs, long backs and fine big ears. All that was needed in the dog kingdom was some good Fox Terriers and they could have been there on hand if the head man had just whispered to Kookford, Emory and Son did not forget to supply some good cider feed with some sweet young ladies to dish it out. We would not forget to highly commend those white chickens, for that was surely a good pen. Well, we got plenty of started for home feeling that we had been well paid for our trip besides we got to know something more about apples. Trusting we may have the pleasure next year to visit at the apple fair in Hood River.

George Stranahan has put up a neat little cottage on his ranch west of Kookford avenue. Well it looks like something was going to happen but we will know later.

J. H. Groff is having a stone cellar built with the intention of keeping things from freezing in winter and butter from melting in the summer.

The Sherriff boys brought a watermelon over to the Kookford on Saturday. I am wondering whether the boys are going to try to raise watermelons all winter. Get a glass house, boys.

Joseph Groff, from the upper Mount Hood settlement, was visiting with his father and mother on the Kookford avenue on Sunday last. Joe says that he is tired of hitching, so by that he may be thinking seriously of the line of matrimony. Well, Joe call and see us when you are ready.

One man said that recently he started from Mount Hood with a swelled head and almost blind with toothache when he had crossed Tucker's bridge and got on the flat country the toothache ceased and the swelling reduced. Well said the other man it was the warm air struck in the mild climate.

Advertisement. Mrs. Brayford shipped to a man in Washington five choice Plymouth Rock roosters. What did you say Charley, does it pay to keep such high priced stock? Why, yes, at

The Taking Cold Habit

The old cold goes; a new one quickly comes. It's the story of a weak throat, weak lungs, a tendency to consumption. Ayer's Cherry Pectoral breaks up the taking-cold habit. It strengthens, soothes, heals. Ask your doctor about it.

The best kind of a testimonial—"Sold for over sixty years."

Keep the bowels regular with Ayer's Pills, just one pill each night.

course they have the satisfaction to know that you give satisfaction.

Rockford has just received a large assortment of men's, women's boys' and girls' rubber footwear. Prices away down. Call in and inspect the goods, sure to please you.

WHITE SALMON.

The citizens of White Salmon are going to organize a Commercial club in the near future.

County Surveyor Richardson came through White Salmon last week en route to the new bridge he is putting in between Hosum and Trout Lake.

Many White Salmon people visited the fair at Hood River and were high in their praise of the display as being better than any before.

Mr. McIntosh has moved into his new quarters in the I. O. O. F. building and is adding a new stock of goods to his already fine hardware store.

Mr. A. Emmons has sold his place in the Pine Flat country, 11 acres for \$2,500.

The sick pea, to have almost recovered except Mrs. G. Smith, who is recovering very slow. She has had a very hard time of it.

Farmers are coming into town to get their winter supplies.

Mrs. Pearl Moran, of Hood River, has taken a homestead at Singleton and her new home is completed. She is moving into her new home now. She has a fine piece of land.

By the way I see that White Salmon took a prize at the fruit fair, Mordecai Jones having had the best box of York Imperials. Good for White Salmon.

From the Enterprise. The new churn for the Trout Lake creamery passed through town this morning on the way to its destination. It weighs 1,700 pounds and has a capacity of 500 gallons. With the old churn they had to churn three times a day but they hope with this month new concern to churn but once a day. A. W. Balsiger and wife left Wednesday for Portland where she will visit her mother about two weeks. Her mother, Mrs. J. C. Moore, recently visited her farm on the Trout Lake and to Mrs. Balsiger will do some buying and return in a few days.

Mr. J. T. Merrill and family, recently from Lincoln, Neb., has just arrived in town and have moved into the Park house, on Weyer's avenue. They have brought with them a fine stock of millinery goods, which they will open up in the Bancroft building as soon as Heaman Bros. get their goods moved into the Odd Fellows building. Thus we have another permanent business house established in our midst. We welcome Mr. Merrill and family among us.

It seems that the voting precinct promised us at this place has fallen through and is a thing of the past. Well there are lots of people howling and we don't blame them as some have to go to Lyle, some to Hosum, some to White Salmon and some to Timber Valley. It leaves things bad and those that are responsible for the condition of things are doing a bad thing in leaving things in such shape. One part of the people have to drive past another part who vote at White Salmon in order to get to Lyle to vote or else take a cattle trail over the mountain. Another part has to take a trail down the mountain to Hosum, when if there was a precinct here it would accommodate about 30 sections of timber about 12 miles at the farthest.—Mt. Brook correspondent.

Mrs. Glinder took the prize for the best loaf of bread. This bread was made with the Cupid brand of Hood River flour. This is now the best flour on the market and is gaining in popularity every day on this side of the river.

Mr. Earl Emmons was over from Hood River Friday, and Saturday making a short call on his parents. He returned to Hood River Saturday. Earl has secured a position in the postoffice at Bridalveil where he will go soon. Al Henderson very near had another runaway the other day, caused by somebody dumping rubbish on the hill on the Hingen road.

Wounds, Bruises and Burns. By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by Keir & Cass.

True-to-Name Nursery. Have for the coming season's planting a few thousand choice Newtowns, Sautterings and a few other leading varieties for peaches. Cherry, pear, and peach of the leading varieties, adapted to this locality. All buds and stems used in propagating carefully selected from vigorous, prolific trees. Past seasons have been unable to supply the demand and our stock for this season is limited. Would therefore suggest you place your orders at an early date to get choice stock. H. S. Galligan, Phone 1404, 234.
