

HOOD RIVER GLACIER

Issued every Thursday by
ARTHUR D. MOORE, Publisher.
Terms of subscription—\$1.00 a year when paid
in advance.

THURSDAY, NOV. 1, 1906.

This month's issue of "Better Fruit" has been received and if possible is even better than the preceding number.

The Benton County Republican is a new paper and is issued from Corvallis. Its proprietors are Smith & Morgan and it is both well edited and well printed.

If the report is true that The Dalles is no longer opposed to the division of the county it would seem that there should be very little trouble in bringing the matter to a successful issue.

Although the apple crop is reported to be larger than at first estimated it does not seem to make any difference in the demand for Hood River fruit, as it is said that orders have been received for several cars that cannot be supplied.

Rejoicing was turned to gloom at the office of the Wasco News last week which says:

"This office was thrown into a fever of excitement last Wednesday and all work suspended for the time being, caused by Bert Eaton informing us that Mrs. C. H. Tom and daughter, Sadie, of Grants, had sent us a jar of fine apple butter. Well, we have a shop for apple butter, so shut up shop and started home to sample it. On our way home we were overtaken by Bert who informed us they hadn't sent it yet, but were thinking of sending it. We are on the sick list now."

Shall the Will of the People Be Defeated.

The Dalles Optimist comes out in a lengthy article headed with the statement that the endorsement of Bourne for United States senator was not the voice of the people. While the Optimist is not particularly opposed to Bourne as an individual, the paper says that it will oppose him because he won out by the help of a system that puts the office of United States senator at auction. If The Dalles paper has anything to offer in the way of improvement in the direct primary law, the people will listen, but the statement that the office of United States senator was put up at auction and that the office was sold to Mr. Bourne because he was the highest bidder, is certainly not very complimentary to the intelligence and honesty of the voters of a great state.

The direct primary law, while not perfect in many ways, is the result and the outcome of a long wanted change from a former system which was not desirable from the fact that the voice and will of the people was trampled on. The old political organizations were so effective that it was an easy matter to thwart the wishes of the people.

From the stand of the Optimist, the Gazette would be justified and might say that it is better to put up the office of senator at public auction where all of the people have a show, then to return to the old system of private sale where the people have nothing to say.

The people were emphatic when they spoke in favor of the law that places us under the present system. No one denies the fact that Mr. Bourne spent money to get the nomination. No one denies the fact that every other aspirant for the office of United States senator spent money. If Mr. Bourne bought the nomination, every other candidate submitted a bid, and were simply unsuccessful bidders. If it were wrong for Mr. Bourne to spend money to exploit his candidacy, then it was wrong for all of the rest. But this cannot be helped for the reason that it is impossible to make a campaign without spending money, and no law can change it.

It is true that Mr. Bourne will not suit many individuals. It is also true that the system under which Mr. Bourne was elected will not suit many, but are we to cater to the wishes of a few individuals or to the demand of the majority of the 100,000 voters of the state of Oregon.—Heppner Gazette.

Moody Ranch Sold.

The announcement was made Monday that M. A. Moody, of The Dalles, had sold his large ranch in the valley to Thomsen & Hansen and F. C. Sexton, of The Dalles. The property consists of 280 acres, one half of which is cleared and the other half in timber. Thomsen & Hansen are in the sawmill business and it is expected will use the timber in making lumber. Mr. Sexton is understood to have made the purchase as an investment.

Sale of Bonds Will Complete Ditch.
The Hood River Irrigation District Friday consummated the sale of the \$40,000 of bonds which the directors recently voted to issue. The bonds sold at par with the blank bonds at a premium of \$1.485. Morris Bros., of Portland, were the purchasers. The directors say the amount received from the sale of the bonds will enable the company to push the laterals on the Rordan and Dead Point ditches and insure their speedy completion.

Much of the work so far done has been on the Gap ditch which is now within four miles of the Green Point ditch—the point of intake. It is also expected to now complete the main ditch to Green Point in time specified in the contract, which is May 1st, 1907. The directors say the amount just received insures the completion of the irrigation system as outlined by the company.

Chickens for Sunday dinner at A. S. Bent's.

Train's Killed Horses.

It was reported here yesterday that a team of horses had been killed at Mosier and that a shooting affray had taken place as the result. The following from the Dalles Chronicle shows how far away from the facts the story was.

Ill luck seems to have been following Bert Bagley recently. At various times he has lost valuable horses and not long ago had a load of hay burn on the rack. With becoming pluck Bert has kept steadily abreast of the mounting difficulties and defying ill luck.

This morning his unlucky star again appeared and he finds himself minus a fine work team, for which he says he would not have taken \$500. His hired man, Dixon, was driving down to the Cooper place to secure a load of hay and in doing so is compelled to cross the railroad track near the Anderson place. At that point it is impossible to see the train until it is upon one. A driver ahead had just crossed and as Dixon's horse started over, No. 5, the west bound passenger, appeared and before he could turn them had struck the animals. The double trees were broken, releasing the horses from the wagon and dragging them fifty feet.

Dixon, who was inside the hay rack, had no means of jumping and for a moment thought his neck was broken. The breaking of the double trees, however, saved him, and when the train had passed he found himself in the rack, minus horses, which were lying beside the track a short distance away with their necks broken. Dixon says the trainmen failed to whistle before reaching the crossing as the law requires, and Mr. Bagley will probably call on the O. R. & N. for damages.

Home From Eastern Trip.
Chas. Davidson, better known as "Deacon," accompanied by his daughter, Mrs. W. H. Chipping, arrived home from an extended visit in the east Saturday. They report a very pleasant trip both going and returning and escaped the big snow storm in Colorado but a few hours. Going east they went over the Canadian Pacific which Mr. Davidson thinks has any of the other transcontinental lines beaten to a whisker for economy and returned by way of the C. B. & Q. and the Denver, Rio Grande, striking the Oregon Short Line at Ogden. While away they visited at Centerville, Ohio, Monroeville, Pa., Wayne, Ind., Galeburg and Canton, Ill., and several other cities where they have relatives and friends. Mr. Davidson and Mrs. Chipping left Hood River August 9th and arrived at their destination during the very worst of the summer heat from which they suffered a great deal. Before they left for the west there had been several snow storms and cold weather was commencing.

Mr. Davidson says times in the states that he was in are prosperous with good crops and plenty of work and the price of farms in Ohio and Indiana is on the increase. He thinks however, that the place where he spent so many years of his life is not like it used to be and that the western country has dispelled any longing for a return to his old home to stay.

Work on Baptist Church Resumed.
Work has been resumed on the new Baptist church that is being built on the hill and it will now be pushed to a speedy completion. The stone work is finished and the frame will soon be raised. When completed the building will be 44x56 feet on the ground with the main building 32x38 and wings on each side. E. A. Jerome, has charge of the carpenter work but the state board of missions in connection with the Baptist church, has recently appointed a minister to come here and look after the work during the absence of the Rev. Mr. Spight. He is expected to arrive some time during the latter part of the week.

New Feature For Dancing Class.
Prof. Will Wilson, the well known dancing master of Portland, will open classes for dancing in Odd Fellows' hall next Tuesday evening. It is the intention of Prof. Wilson to give lessons from 7:30 to 8:30 after which there will be a dancing party each evening. Good music will be provided and invitations issued for each Tuesday evening dance so that those who are fond of this pastime and want to bring a few friends for an evening's entertainment can do so. Any one who has any questions regarding the formation in regard to these affairs can do so by calling on B. F. Hutchinson at the Paris Fair.

Made Good on Worthless Check.
A gentleman who has been staying at Hood River recently issued a check to the First National bank here on the bank at Butte, Mont., that dated a few days ago. At the time the check was given no report had been received of the status of the Montana institution and the money was promptly paid on it. Happening to pick up a paper that evening the man who had given the check found that the bank had issued it on had failed and next morning went to the First National and made good the amount. Naturally the bank officials feel very much gratified by the act as many men would not feel they were called to make restitution.

Special Meeting.
There will be a special meeting of Hood River Chapter No. 25, O. E. S., at Masonic hall, this evening, called in honor of the visit to the lodge of the Grand Worthy Matron. All members are requested to be present. By order of the W. M.,
Therese M. Castner, Sec'y.

Public Notice.
I will offer for sale at my ranch one half mile north of Odell on Tuesday, Nov. 6, 1906, horses, cattle, wagons, carriages, farm implements, machinery, a good cream separator, etc. Terms, sums above \$10, 12 months at 8 per cent interest. Sales of \$10 and under must be cash.
S. Copple.

A Good Standard.
W. H. Dobyns received this week 50 boxes of choice apples which were raised by A. A. Cothrons near Olex. The best description we can give is that they are of the variety raised at Hood River.—June Proclaimers.

How's This?
We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY, & CO., Toledo, Ohio.

FAMOUS STAR HAT FOR MEN

In Time of Peace.
In the first months of the Russia Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Keir & Cass.

Notice.
The regular annual meeting of the stockholders of the Hood River Fruit Growers Union will be held Saturday, November 10th, at 10 o'clock, a. m. in Artisan hall for the election of officers, and such other business as may come before the meeting.

PIANOS

Special Notice

Owing to lack of space, on account of our large and increasing business, we have rented the Bone building, next to the Ramona Hotel, and are fitting up the entire building into a First-class Piano store, which will be a credit to Hood River.

We have two car loads of beautiful instruments due to arrive from the eastern factories this week. This shipment includes the great Apollo Concert Grand (like the Old Fellows have), Baby Grands, Interior Piano Players and a complete line of the very best Upright Pianos in the latest styles. Secondhand pianos and organs taken in exchange and several on hand for sale. Lowest prices to all. No agents or commission men to make your piano cost you \$50.00 more than if purchased direct from the dealer.
