

## CORRESPONDENCE.

## WHITE SALMON.

From the Enterprise.

There are several cases of measles or chicken pox, or something of that sort among the children of the town. Some call it one thing and some another but it does not seem to be very serious and none of the children are in bed with it. Mr. La Frank's children and those of Mr. Hunsaker are the ones affected so far.

A. D. Moe, of the Hood River Glacier, was in town this week, the first time for about a year, and was surprised at our growth during that time. He went down on Wyers avenue, where he came near getting lost in the woods last year, but this year he got mixed up among the houses and could hardly find his way out.

Gilbert Knutson has moved his jewelry store from the window of C. M. Wolfard & Co. to Bancroft's building on Jewett avenue where he can now be found with a fine line of clocks, watches and jewelry. His business has enlarged so rapidly that he could not keep it in one window any longer, so he has rented the Bancroft building until such time as his own building is completed.

W. L. Jewell is quite sick at his home near Gilmer. His affairs are being looked after by Good Will Lodge of Odd Fellows, he being a member of that order, holding his membership in Pennsylvania. Dr. Gearhart called to see him last week, and A. B. Grosshug went out on Sunday to see him, and found that Brother Jewell would need some further medical attention, and Dr. Gearhart was engaged to look after the case.

Owing to the continuous heavy rains this week work on the new opera house has been greatly retarded and it cannot be finished in time to be used Christmas, but if a few days of good weather will give the builders a chance at the outside work, the house will be ready for business by the middle of January.

The Grand army will give a chicken dinner and camp fire and a general good time on Saturday, January 19th. This will be the date of the election of officers and the meeting will be called at 10 o'clock a. m. Dinner will be served between 12 and 1 o'clock. All members of the Grand Army are requested to be present, and all patriotic citizens are invited to attend.

A call meeting of the Commercial club was held in the I. O. O. F. hall Tuesday evening which was the most

harmonious and successful one yet held. The various committees proved especially qualified for the work assigned them, and everybody seemed to catch the spirit of push. The regular meeting will be held at the I. O. O. F. hall the last Thursday in the month. It is hoped that everybody will be present who is interested in the welfare of the community in any way.

The carpenters who have been working on the opera house put the roof on last week between rains. The building can now be finished as the plastering can be done.

A lodge of Masons will be organized at White Salmon. The permission of the grand master of the state lodge has been secured and a meeting will soon be held to organize.

J. T. Reynolds has sold his ranch and will conduct a store at Blingen. He received a car load of merchandise at Hood River last week and will soon have it in place in the store building formerly occupied by Mr. Thomas.

Mrs. Lewis, who has been visiting friends and relatives in the Puget Sound country for some time, has returned home.

Mrs. Swartz and daughter, who have been at Portland for several days, has returned home.

Capt. Cook, J. Wyers, and R. Fields were at Hood River Monday night to attend Odd Fellows Lodge.

The annual bill of the Woodmen was held Wednesday evening and was a great success. It was held in the new hall of the Odd Fellows and was largely attended. Everybody had a good time and danced until a late hour.

White Salmon had the biggest holiday trade this year that it has ever had. All the stores did a big business. Wolfard & Co. had to have two extra clerks.

## DUKES VALLEY.

People will wonder what has become of Dukes Valley. Well we want to tell you we are not dead by a long shot. We are coming to the front with rapid strides. Just listen, James Weart has just completed a fine house on top of the hill that can be seen from most any part of the valley and will have another building put up soon. Mr. Glascock is building a house on the hill. Mr. Dunn, Mr. Whistler, F. S. Massey and others have had houses and out buildings dot up this fall and this winter, besides other improvements such as fencing, clearing land, setting out orchards, etc. So you see we are not dead or asleep. We are moving right along with the rest of the valley.

## DUKES VALLEY.

People will wonder what has become of Dukes Valley. Well we want to tell you we are not dead by a long shot. We are coming to the front with rapid strides. Just listen, James Weart has just completed a fine house on top of the hill that can be seen from most any part of the valley and will have another building put up soon. Mr. Glascock is building a house on the hill. Mr. Dunn, Mr. Whistler, F. S. Massey and others have had houses and out buildings dot up this fall and this winter, besides other improvements such as fencing, clearing land, setting out orchards, etc. So you see we are not dead or asleep. We are moving right along with the rest of the valley.

Land is going up there as well as in other places. James Weart was offered \$1,000 for his homestead relinquishment of 140 acres, which had no improvements on it to speak of, while others have been offered good prices for their land, but we are a contented lot up here and don't care to sell our homes, which we expect to reap a rich harvest from in a few years, in the shape of big red apples, strawberries and other fruit. Our hill land is proving to be the very finest of fruit land, besides being equal to any land in the valley for hay, grain, potatoes and other crops, with one half less irrigating water. Five or six years ago when these hills were supposed to be of no value settlers were called crazy for taking up land in the hills, but now they begin to sing a different song.

Rev. D. D. Dodge is at home to spend the holidays with his family and will return to his work as district elder the first of the year.

A. T. Dodge and Ray Slocum have just completed a fine house for James Weart. The house is 24x24 with a 24 foot ell. From the front window one can obtain a fine view of nearly all the Hood River valley, Upper Hood River, White Salmon, a part of Mount Hood valley and in fact nearly every part of the Hood River valley.

It is well worth the trip to go to Mr. Weart's and take a look at the valley.

William Glascock, who bought the Gilbert Edgington homestead, will take a trip to Seattle soon on business. He will return about the first of March and put in the summer improving his land.

Oscar Cameron has been kept busy for the last month hauling lumber from Kelley & Wisbart's saw mill to Dukes Valley for building purposes. Oscar has a fine four horse team and is rigged up for such work.

John Read and wife came out from town to spend the holidays with Mrs. Read's mother, Mrs. M. L. Carnahan. W. C. Dodge and family spent Christmas with friends and relatives in the valley.

We conclude by wishing every reader of the Glacier and others (which are few) a Merry Christmas and a Happy New Year.

## ROSE HILL.

Mark E. Thomas left Tuesday, the 18th, for Alberta, Canada. He expects to spend a month or two looking over property, with the intention of investing.

Mr. and Mrs. Mark E. Thomas and family and Miss Thompson attended a surprise party given Tuesday night,

## Why Refer to Doctors

Because we make medicines for them. We tell them all about Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Ask your own doctor.

The best kind of a testimonial—  
"Sold for over sixty years."

**Ayer's**  
We have no secret. We publish the formulas of all our medicines.  
Solely for breaking up a cold.

the 18th, at the home of Chas. Wells at Pine Grove.

The school board has decided on having three more months of school and have engaged the same teacher.

Miss Thompson will spend Christmas with her parents in Portland.

The people on Rose Hill have been kept awake for the last two weeks by a peevy coyote. Several have set traps for it but in vain. Kabe Elder has watched his trap closer than others and at last his hopes were realized. Tuesday morning he visited his trap and to his surprise found a good sized coyote caught by the foot. It took all the lad's strength to drag it to the house. At last there is peace and quiet at night in the neighborhood.

## ODELL.

After an illness of more than a year Lee Odell passed away Thursday December 20. The disease which caused his death was tuberculosis. The deceased was born in Hood River valley 33 years ago and his life, with the exception of a short time spent in Canada some 11 years ago and a few months spent at Star Buck, Wash., last year, has been lived in the valley which was his birth place. Lee was a big hearted man and his friends were many. In his last days his thoughts were not of himself, but of the wife who has so faithfully cared for him and who would be left so alone at his going. He leaves to mourn his loss beside his wife, two brothers and one sister. The sympathy of all is theirs. Funeral services were held at his late home Saturday, December 22, at 10 a. m. Rev. Troy Shelley conducted the services. Lee was laid to rest in Pine Grove cemetery where his parents and two brothers and a sister rest.

Mrs. J. H. Eggert has been quite ill, but it is thought she will soon be well. Mrs. Mae Ehrke, who is a sister-in-law of Mrs. Eggert, has been caring for her. Mrs. Ehrke is Odell's primary teacher and shows her kindness of heart by lending her help in the way she is doing.

Annet Lockman is visiting in Portland during the holidays.

Everest Ghornly, of Portland, is visiting his sister, Mrs. S. J. Ennes at Odell during the holidays.

Miss Margaret Shelley came home from Portland Saturday for a visit with parents, brothers and sisters. She has a position in St. Mary's academy.

Miss Margaret Raz left Hood River Saturday for Portland. She will visit her mother and other relatives at Hillsdale and her sisters in Portland two weeks, when she will be gladly welcomed in Odell.

The school meeting Saturday December 22, was adjourned until Monday, December 24 at 2 p. m.

Mr. Pihlman loaded two cars of wood Saturday for shipment over the Mount Hood railroad.

Miss Mae Masiker was home for Christmas. She attends business college in Portland.

A. D. Moe, by his wife and son, accompanied by his wife and son, visited at W. A. Lockman's Sunday.

J. B. Lafferty, of Weiser, Idaho, arrived here Sunday for a visit with his parents, Mr. and Mrs. G. W. Lafferty.

Sunday was the fortieth anniversary of the marriage of Mr. and Mrs. G. W. Lafferty.

The people of Odell were favored with three good sermons Sunday. Rev. Woods morning and evening and Rev. Clark in the afternoon.

The C. E. held a Christmas meeting Sunday evening. A special song by the Nells, appropriate readings and references, made an entertaining and instructive evening. Mrs. Young leader.

Violet Masiker is home for the holidays.

M. Hawthorne's deep well caved in and he filled it up. The formation was such that it was thought unsafe to work in the well or to leave it open.

Wedding bells—two.

The Ladies Aid of Odell will give an entertainment in the church the night of December 31. Rev. J. W. Jenkins will be there with his stereopticon views and illustrated songs will be given. Lunch will be served in the school house and a good entertainment and fine supper will be provided at a reasonable price.

A literary society was organized last Friday night with the following officers: Percy T. Shelley, president; Harry Conway, vice president; Marie Lockman, secretary and treasurer. Meetings will be held every Friday night.

Roswell Shelley reports that at the Interstate convention at Des Moines, Iowa, he attended as a delegate from Oregon, the west, middle west and south were in favor of the measure for which the convention was held while the east refused to send any delegates. This fact is significant in as much as the east is the home of corporations.

A Texas Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from the weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by Chas. N. Clarke Druggist. 50c and \$1. Trial bottle free.

## R. B. BRAGG &amp; CO

Need a good cathartic? A pill is best. Say a pill like DeWitt's Little Early Riser. About the most reliable on the market. Sold by Williams Pharmacy.

E. C. DeWitt & Co., of Chicago, at whose laboratory Kodol is prepared, assures us that this remarkable digestant and corrective for the stomach conforms fully to all provisions of the National Pure Food and Drug law. The Kodol laboratory is a very large one, but if all the sufferers from indigestion and stomach troubles could know the virtues of Kodol it would be impossible for the manufacturers to keep up with the demand. Kodol is sold here by Williams' Pharmacy.

## STRAY CATTLE

About two hundred head of my cattle scattered and strayed from the mountains about the head of Baker and the head of Hood River that are likely to come out at Hood River, Mosier, Eight Mile, Fifteen Mile, Tygh Valley or Wapinitia.

My mark is a crop of the right ear and under the jaw. I think all my cattle are marked with this mark.

My brand is a spear point or arrow head, generally on the hip. All of my cattle have this brand except a few of the "D" cattle hereafter referred to.

Many of the cattle were purchased by me from other parties and have their brands in addition to mine. Among these are (1) "SM" brand, (2) "heart" brand, (3) "E" brand, (4) some have the "circle bar" brand, generally on the side, (5) "D" brand. Some of these cattle with the "D" brand do not have my spear brand, (6) "squirrel" brand on the side, (7) "seven-up" brand on the hip or side.

In addition to these brands and some others not described, a good many of the young cattle are marked with two notches or dewlaps in the brisket.

Anyone seeing any of the above cattle will confer a favor by letting me know at The Dalles, Oregon, and I will gladly pay for any trouble in the matter.

ALFRED S. BENNETT.

## H. SEYMOUR HALL,

Surveyor.

I am qualified and prepared to do all kinds of first-class land surveying. Accuracy guaranteed. Those who wish first-class work done address R. F. D. 2, Hood River. Phone 321.
